THE DAILY REVIEW

VOL. XII. WILMINGTON, N. C. WEDNESDAY, AUGUST 1, 1888. NO 151.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS.
A. F. LUCAS—Removal
HEINSBERGER—Pianos
F. C. MILLER—Cigars, Cigarettes
LOUIS H. MEARES—Flannel Shirts
Miss E. B. WIGGINS—Visitors to the City
SHARPIE ROBERT E. LEE—Sailing Parties

This month has five Wednesdays, five Thursdays and five Fridays.

Headquarters for Bass Balls, Bats, Masks, Gloves, Belts &c., is at Heinsberger's.

Wire Cloth for your windows and doors can be had at Jacob's Hdq. Depot.

Economy and strength are peculiar to Hood's Sarsaparilla, the only medicine of which "100 Doses One Dollar" is true.

Fishing Tackle. A full assortment of all kinds for both salt and fresh water fishing at Jacob's Hdq. Depot.

Mr. A. F. Lucas has removed his bottling works from Dock street to 128 North Water street, where the business will be continued in all of its branches.

We are assured on high authority that the absurd rumor as to the Standard Oil Company having made an offer for the Seacoast Railroad is entirely unfounded.

We lose this month 58 minutes of daylight. The sun, which to-day sets at 7:4, will set at 6:30 on the 31st. It rose to-day at 5:5 and will rise at 5:30 on the 31st.

There was a transaction yesterday in Wilmington Seacoast R. R. stock. It brought 131. We could not learn the amount of the stock which changed hands.

If you want to feel comfortable and well all you need is a good Hammock. You will find the largest assortment and cheapest at Heinsberger's.

The appeal issued in the R. R. case yesterday afternoon had a marked effect upon the meeting of the Y. M. C. A. last night. There was a much larger attendance than usual and a revived interest seemed to be manifested in the affairs of the Association.

Harbor Master's Report.
From the books of Capt. Joseph Price, Harbor Master, we glean the following report of arrivals here during the month of July:

American—8 steamers, 5,865 tons; 1 barque, 301 tons; 12 schooners, 3,555 tons; total American, 21 vessels, and 9,814 tons.
Foreign—3 barques, 1,208 tons.
Total, 24 vessels and 11,022 tons.

Arrested on Suspicion.

A colored woman who gave her name as Jane Monroe was arrested last night under very suspicious circumstances. She was seen by officer Turlington prowling around residences near the corner of Third and Mulberry streets and was noticed to enter several yards. This was after 11 o'clock. She was taken to the lock-up and this morning was before the Mayor, but an investigation was postponed until to-morrow. It is thought that she may be demented.

City Court.

There was a large crowd assembled at the City Court this morning and a docket that showed up cases which were disposed of as follows:

Walter Yates, larceny, discharged.
Walter Williams, larceny, bound over to the next term of Criminal Court in the sum of \$100.

James Williams, disorderly conduct, discharged.

Jno. Spicer and Ed Edwards, disorderly conduct, case continued.

Mary Barnes, larceny, bound over to the next term of Criminal Court in the sum of \$100.

Jane Monroe, suspicion, case continued.

Henry Johnson, disorderly conduct, case continued.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

Fly Traps, best and cheapest, at Jacob's Hdq. Depot.

Capt. Conova, of the steam yacht *Tarpon*, called to see us to see us this morning to correct the report published by us yesterday to the effect that Capt. Leta Potter would carry the yacht to Jacksonville. Capt. Conova says that the boat will be under his own charge exclusively on the trip.

Another Attraction.

The sharpie Robert E. Lee, Capt. Geo. W. Smith, has been added to the fleet of pleasure boats at the Hummocks. She is the largest sharpie that has yet made its appearance there and is a beauty. Capt. Smith, her commander, is an old sailor from the Straits and thoroughly understands his business, and is also a very clever gentleman. He will take parties sailing, fishing or trolling at short notice. The Robert E. Lee is owned by Messrs. John C. Davis and Geo. W. Smith.

A Sewerage System.

Mayor Fowler this morning received a letter from Mr. Radolph Hering, of New York, the engineer to whom he wrote in regard to a system of sewerage for the city. Mr. Hering states that it will be necessary for him to come here and go all over the ground before he can give any idea as to what may be needed or the cost of the system. For this his fee will be \$1,000 and expenses, which will probably amount to several hundred dollars additional, as he says it may be necessary for him to make several trips between New York and Wilmington. The matter will probably be laid before the Board of Aldermen at their meeting next Monday.

Revisiting the Scene.

It is said that Anthony McCormick, who murdered another colored man last Summer on the way from a bush meeting at Hilton, jealousy being the cause, and who escaped then, was seen in the city yesterday but that he managed to get away again last night on the C. C. R. R. The woman in the case called at the City Hall last evening and stated that he was here and professed to be afraid that her life was in danger. She was given a lodging for the night and some of the police force started out to look up McCormick. But it was too late as he had skipped out of town.

Personal.

Dr. J. H. Durham has returned from a visit to his family, who are at Pittsboro.

Mr. J. O. Hinton takes Mr. Morrison's place as Clerk at the Produce Exchange.

Mr. C. G. Herbert, supervisor of the Robert Porter Brewing Co., is in the city to-day.

Hon. R. R. Bridgers has gone to Saratoga, where his family is located for the Summer.

Ex-Mayor Fishplate has gone North on a visit, which combines business and pleasure.

Mr. W. R. Morrison has resigned his position at the Produce Exchange and has gone North for the Summer.

Mr. J. T. Collins, of Burgaw, is in the city to-day and favored us with a visit. He says that the crops in his section are about the best he ever saw.

Mr. and Mrs. A. Orr left here this morning to locate at Glen's Falls, New York, their old home, where Mr. Orr will start immediately a photograph gallery.

Mr. J. Dickson Munds left this morning for Lincoln in response to a telegram received last night stating that his youngest child is seriously ill.

Mr. John G. Christopher, proprietor of the Pablo Beach Hotel, Florida, and owner of the steamer *Queen of St. John's*, arrived in the city last night with his wife.

Mr. Gilbert H. Greene has resigned the position of Clerk of the Police Court, to engage in other business, and Mayor Fowler has appointed as his successor Mr. Edward Daniel, who assumed the duties of the office to-day.

A CHILD KILLED.

Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Acker's Baby Soother. It contains no Opium or Morphine. Sold by Munda Bros., druggists.

Meteorological.

The following meteorological summary of Wilmington for the month of July, 1888, is furnished by the Signal office here:

Average barometer for the month, 30.04; highest, 30.26 deg. on 4th; lowest, 29.82 deg. on 13th; range, 0.44 deg.

Average temperature, 76 deg.; highest, 96 deg. on 12th; lowest, 60 deg. on 3rd; range, 36 deg.

Prevailing wind, direction east; highest wind, thirty miles per hour, from the northwest on the 10th. Total movement of wind during the month, 4,448 miles.

Average per cent. of humidity, 81.9. Total rainfall, 5.87 inches; greatest daily rainfall, 1.87 inches on 20th. There were eleven clear days, eleven fair days, nine cloudy days and eleven days on which rain fell. Thunder storms occurred on the 8th, 13th, 25th, 27th, 28th and 29th.

The River and Harbor Bill.

The River and Harbor bill, which will probably become a law in a few days, appropriates the following amounts for North and South Carolina water ways in the Wilmington District, Capt. W. H. Bixby engineer in charge:

Pamlico and Tar rivers, \$10,000; Contentnea Creek, \$5,000; Trent river, \$5,000; Neuse river, \$15,000; Canal from Neuse river to Beaufort harbor, \$15,000; Beaufort harbor, \$35,000; Hogue Sound, \$5,000; New river, \$3,000; Black river, nothing; Cape Fear, above Wilmington, \$12,000; Cape Fear, below Wilmington, \$24,000; Lockwood's Folly river, nothing; Waccamaw river, \$15,000; Yadkin river, above Salisbury, \$10,000; Lumber river, \$5,000; Little Pee Dee river, \$5,000; Clark's Creek, \$2,500; Mingo Creek, \$5,000; Great Pee Dee river, \$30,000; Georgetown harbor, \$7,500; Winway Bay, \$100,000; Canal from Winway Bay to Santee river, \$24,000; Wateree river, \$12,000; Congaree river, \$7,500. Total, \$503,500. It provides also (with a view to possible future improvement) for the examination and survey of the Tar river above Tarboro, Trent river above Trenton, Fishing and Swift Creeks (tributaries to the Neuse river), White Oak river, Sound from Swansboro to New river, North East Cape Fear river, Cape Fear river for 20 feet depth navigation below Wilmington, Shalotte river, Socastee Creek (tributary of Waccamaw) and the Broad and Saluda rivers (tributaries of Congaree river).

The Right Kind of Talk.

Yesterday's Raleigh *News and Observer* has some pleasant things to say about our city and about the Wilmington Light Infantry. We clip this from the local columns:

The Raleigh boys bring from the encampment the most pleasant recollections of the people of Wilmington and Wrightsville. Specially do they remember many courtesies from members of the Wilmington Light Infantry, and it is hoped that the Wilmington Company will make a visit to Raleigh at some early day and give our boys a chance to reciprocate these courtesies.

Editorially the *News and Observer*, both of whose editors were nourished on Rock Spring water and can therefore never forget the old sand hills, has the following clever and pleasant reference to our city:

It is pleasant to note the spirit of progress now abroad in the city of Wilmington, greater in extent and in the scope of its purpose than has been the case for many years. It indicates that the pleasant old town has taken hold of its destiny with a full determination to make it all it should be. Its recently improved facilities of every sort give it reason to hope for the very best results, and counting the well known public spirit of its people, now thoroughly aroused again, in the forces at work there can be no doubt that the future of the city will be made bright by such achievement as has only been dreamed of so far within its gates. As a North Carolina paper, devoted to every interest of the State, every part of its people, we note the fact with very great satisfaction and predict as the logical sequence of the more hopeful feeling and the fresh determination, the coming of the day when the State's commercial metropolis shall be splendid in her commercial and industrial realities as well as possibilities.

To the Boys.

Fifty dozen Cleveland and Thurman Caps, just received. Price 25 cents each.

I. SHRIER,

Clothier and Hatter,
16 N. Front street.

Dog collars, Largest and finest assortment ever before brought to this city, to be had at Jacob's Hdq. Depot.

Indications.

For North Carolina, threatening weather, with rain, and warmer followed by cooler weather.

A double track on the Seacoast R. R., for next Summer's traffic, is already talked of.

The committee have been more successful in their renewed efforts to get money for the Firemen's Tournament and it is likely now that it will take place, probably this month.

A Good Sanitary Showing.

Dr. F. W. Potter, City Physician, has filed his report for the month of July. It shows a total of 38 deaths during the month, of which 2 were still-born, 2 were brought here for interment from other places and 1 was executed. These should properly be deducted from the mortality statement and this leaves but 33 deaths during the month, which is considered an excellent showing. There were only 4 deaths from malarial fever during the month and all of these were among the colored people. Of the 33 deaths here reported, 11 were white and 27 were colored. Of the whites there were 6 males and 5 females; 6 adults and 5 children. Of the colored there were 15 males and 12 females; 13 adults and 14 children. Dr. Potter remarks in his report:

The heavy rains have cut the streets in several places. In two localities I noticed stagnated water 24 hours after the rain. Lime and coppers will be used there freely. It is gratifying to see so little ponding water after the very heavy rains. The weeds are growing rapidly in some places and it would be well to get rid of them before they cast their seeds. I believe the rapid decay of such vegetable matter late in the season causes increase of malarial and other diseases. I would call attention to the sewer between Market and Princess streets.

THE MAILS.

The mails close and arrive at the City Post office as follows:

CLOSE.
Northern through mails, fast, 11:00 P. M.
Northern through and way mails, 8:00 A. M.
