VOL. XII. WILMINGTON, N. C., THURSDAY, AUGUST 9, 1888. NO. 158.

## LOCAL NEWS.

**INDEX TO NEW ADVERTISEMENTS.**  
M. M. KATZ—Special Bargains  
G. G. AMAN & CO.—Fresh Fish  
SYLVAN GROVE—Carolina Beach  
HEINSBERGER—Copying Presses  
LOUIS H. MEARES—Flannel Shirts  
ATTENTION—Howard Relief F. E. Co.  
J. B. MOORE, C. S. C. Pender Co.—Notice  
MRS. E. B. WIGGINS—Visitors to the City

Fly Traps, best and cheapest, at Jacob's Hd. Depot.

That was a splendid rain to-day. It broke up the hot spell.

In 1 hour and 13 minutes to-day the rainfall here was 1.40 inches.

Capt. A. C. Ward, of Pender county, was in the city to-day for a few hours and favored us with a visit.

A peculiarity of Hood's Sarsaparilla is that while it purifies the blood, it imparts new vigor to every function of the body.

The surf bathing at Carolina Beach yesterday was very fine and there were a great many in the water.

Mr. C. B. Aycock, candidate for President Elector in the Third district, will meet Col. Dockery, by invitation, at Burgaw to-morrow.

The highest thermometer at this office to-day was 91. This was at 12 and 1 o'clock. At 1:30, in consequence of the rain, it had fallen three degrees, to 88.

One of the largest excursion parties of the season went down to Carolina Beach to-day on the *Sylvan Grove*, the occasion being the excursion given by the ladies of Grace M. E. Church.

The members of Howard Relief Fire Engine Co. No. 1 will appear at their engine house to-morrow afternoon at 4 o'clock for practice. At 5 o'clock drilling and inspection of uniforms will take place.

Messrs. G. G. Aman & Co. have made arrangements whereby they receive fresh supplies of fish every day direct from Carolina Beach and packed in ice. They are ready and able to fill all orders. Housekeepers will find this a great convenience. Office and depot on Dock street, between Front and Water.

**Hands Wanted.**  
Fifty experienced hands wanted on pants at once. None but experienced hands need apply.  
I. SHRIER,  
Clothier and Hatter,  
16 N. Front street.

**Bathing Suits.** Come down to Headquarters. 25 dozen Flannel Bathing Suits, in all sizes and colors, sold at the lowest manufacturing prices at the Wilmington Shirt Factory, 27 Market st., J. Elsback, Prop. Look for the blue awning.

**The Campaign Organ.**  
The numerous newspapers of the State have put on their war paint and settled down to business. We may expect some lively music before November. The best campaign Organ and one we can recommend is sold by J. L. Stone. Polite and attentive salesmen will take pleasure in showing instruments and giving prices.

**Fireworks at the Beach.**  
There will be a grand display of fireworks at Carolina Beach to-morrow night and it is sure to draw a large crowd. To accommodate all who may wish to go down the *Sylvan Grove* will run a special schedule for to-morrow. She will make three trips, leaving here at 9:30, 2:30 and 6:30 and returning at 12:30, 5 and 9 o'clock.

**Rock Crystal Spectacles and Eyeglasses.**  
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's!

**Old Friends Heard From.**  
A note from Capt. Leta Potter speaks of his safe arrival in Jacksonville and of his being on the steamer *Kate Spencer* with his brother, who is Captain of the boat. He met up in Charleston with Capt. Doane, formerly of the *Regulator*, who made many inquiries after friends in Wilmington, and also with Capt. Chichester, who now commands the *Cherokee*, plying between New York, Charleston and Fernandina, with whom he traveled to the latter port.

**Remove the Rocks.**  
Wilmington is a patient and long suffering community. We have a right to expect obstructions to be removed especially when the principal thoroughfare between Walnut street and the W. & W. depot is clogged on either side of the Street Railway track, rendering it both convenient and dangerous to get on and off the car. It is the first thing presented to the eye of the visitor as he enters the city and unless removed will surely interfere with the approaching Firemen's parade. How long is a suffering public to be called upon to endure a nuisance which can be removed in one day by the city carts?

**Scribner's for August.**  
The August number of *Scribner's Magazine* is a fiction number, containing contributions from Robert Louis Stevenson, Henry James, Sarah Orne Jewett, Octave Thanet, F. J. Stimson, and Maria Blunt—a very notable array of story writers. There are, in addition, two richly illustrated articles of unusual importance.

The Railway Series,—which has been received with the warmest approval of the general public as well as of railroad men of all grades—is continued in this issue with an acute and luminous account of the evolution and present wonderful perfection of "American Locomotives and Cars." "The Fate of the Georgiana" by Maria Blunt, is a love story of the Rhode Island coast, with a beautiful heroine who figures in the graceful illustrations made by W. L. Taylor and C. H. Woodbury. The story turns on an exciting episode which is described with fine feeling. Robert Louis Stevenson tells in a light and humorous way the story of an amusing adventure with a French provincial magistrate. In "Otto the Knight" Octave Thanet gives a dramatic account of the events which followed a dynamite outrage growing out of a labor dispute in Arkansas. A sympathetic sketch of New England rural character, full of delicacy and beauty, is entitled "Fair Day." The scene of the serial, "First Harvest" changes to the coal regions of Pennsylvania, and the third part of "A London Life" brings the characters into a very complex situation. The story will be concluded in September. There are poems by Helen Gray Stone, A. Lampman and Thos. P. Conant.

**Young Men's Democratic Club.**  
There was a fair attendance at the Club last night, considering that the mercury was away up in the nineties.  
The meeting was called to order by President Jos. H. Watters.  
The report of the Committee on Constitution and By-Laws was received and accepted. No important changes were made by the committee.  
Mr. B. F. King tendered his resignation as Secretary and Treasurer of the Club. It was accepted, and Mr. Sam Davis was unanimously elected Secretary and Treasurer.  
On motion of Mr. Shepherd it was ordered by the Club that all members wear white beavers to the meetings.  
The meeting adjourned about half-past nine o'clock until the fourth Wednesday in this month when, it was announced, the Club would be addressed by one or more speakers.

**Tramways and Toboggans.**  
Mr. Stacey VanAuringe has made a contract with the Seacoast Railroad Company to build, equip and operate a tramway to run from the Island Beach hotel at the Hammocks across the channel to the club house of the Carolina Yacht Club, or so far along the beach as the property of the company extends. The tramway is to be equipped with cars and operated with horses or dummy engines. The franchise is granted for ten years, and it is stipulated in the agreement that the road is to be built on or before the first day of April, 1889. Privilege is also granted to Mr. VanAuringe to construct and operate a toboggan.

If you want to feel comfortable and well all you need is a good Hammock. You will find the largest assortment and cheapest at Heinsberger's.

**A Mysterious Craze.**  
The sloop *Vim* cleared Wednesday for a cruise along the coast with a crew consisting of Capt. Hans A. Kure, owner and master, Harry Kure, first mate, G. W. Linder, purser and chief steward, and a full complement of able seamen and some very ordinary seamen and boys.

There has been considerable speculation as to the real object of this voyage—and circumstances make it somewhat of a mystery. This vessel has for some time been lying quietly at one of the lower wharves, but it was not generally known that she was equally quietly being fitted out for sea. On Wednesday forenoon she was brought up to the wharf, between Dock and Market streets, and a lot of stores put on board. Besides a considerable quantity of provisions, arms and ammunition, she received a full supply of spirits, in bulk. Her commander appeared to be a little nervous, and when approached on the subject concerning his intended voyage, he was as close and as calm as a clam, and simply referred the reporter to the shipping commissioner. This gentleman was found at his office near by and he was ready to throw all the light he could on the matter. The commissioner agreed that, from the size of the craft, there was more crew on board than usual, and that there might be something rotten in Denmark. He felt sure that there were men on board, and some overboard, who had not been shipped before him.

When the sloop got out of sight of the city, just below the Dram Tree, the master dropped anchor to rest the crew and put them in good spirits before proceeding further. Here it was found that in the hurry to get away the mate had forgotten to get his lanterns on board, and therefore took passage on a passing vessel and returned to the city at once, where he secured the necessary light, and departed with de light.

Capt. Williams, of the steamer *Marie*, informs us that he was engaged to tow the sloop down the river, but when he got alongside the mate had not returned and the crew were fighting—mosquitoes—so he left them at anchor and at supper. It would not surprise us to hear that the sloop had sailed for Cuba. However, we will keep our weather eye open.

**Firemen's Tournament.**  
A meeting of the Tournament Committee was held last night at the Atlantic engine hall. All the members were present, and Chief Oldenbittel presided. Capt. W. P. Oldham was appointed chief marshal for the tournament. He will select one member from each company as assistant marshal. A committee of three was appointed to collect the money subscribed by citizens and called upon them for that purpose to-day.

The committee on music reported that they had made arrangements with the Germania Band and the Cornet Concert Club to furnish music for the parade and the reception of the visiting companies. The committee on invitation reported that they had sent out invitations and copies of rules, etc., but had not yet received replies. The invitations were mailed last Saturday.

Mr. J. D. Kelly, the efficient secretary of the general committee, declined to accept compensation for his services, voted by the committee, and in a short speech said that he had the interests of the Fire Department at heart and was only too happy to be able to serve them.  
The committee adjourned, to meet at Adrian Hall on Monday evening next, at 8 o'clock.

**Easily Remedied.**  
As usual, the heavy rain to-day banked up on the South side of Market street and the sidewalks and stores were flooded. A little common sense would obviate this. We have pointed out the remedy before. The gutter under the midstreet crossing is too shallow to carry the water off. Three years ago we suggested that this gutter be enlarged but the same order of things prevails to-day.

Another lot of those celebrated Oil Stoves just received at Jacob's Hd. Depot. It will pay you to use one.

**Indications.**  
For North Carolina, local rains and slightly cooler weather.

Burglars. You can be safe from them by using the Burglar Proof Blind Locks, sold at Jacob's.

Ger. barque *Eintracht*, Schlie, cleared to-day for Antwerp with 2,307 casks spirits turpentine, valued at \$36,650, shipped by Messrs. Alex. Sprunt & Son.

The hot spell is over with, broken up by the heavy rain to-day. It began Monday and continued the usual three days. It was one of the most disagreeable we have ever had.

It has been decided by the managers of the Acme and Clarendon Base Ball Clubs to play two more games to determine the question of the championship of the city, and to-morrow and Saturday have been selected as the days on which this interesting series will be played.

**The Boat Race This Afternoon.**  
The second regular race of the Recreation Rowing Club is to take place on the river, this afternoon, at about 6:30 o'clock, provided it does not rain at the time. The boats entered for the race are the Leona, winner in the last race, the Little Joe, which came so near being victorious, and the Nettle, manned by the heavy-weights of the club. The course will be the same as in the first race and the judges are Messrs. J. M. Forshee, R. H. Pickett and J. F. LeGrand.

**City Court.**

Mayor Fowler disposed of the following cases this morning:

Sam Jones, disorderly conduct, \$5 or 10 days.

Ed Fisher, larceny, bound over to the next term of Criminal Court in the sum of \$50 justified bond.

Monroe Turner, Joe Sneedan, C. McD. Humphry, Hiram Moore, J. H. Daniels and Sam Gardner, selling without license, judgment suspended on payment of taxes and costs.

Jno. Anderson, unlicensed dog, \$5 or 10 days.

**A Clean Sweep.**

Thieves last night entered the kitchen of Capt. H. B. Willis, on McRae street, between Mulberry and Walnut, and stole everything they could lay their hands on. They not only took off all of the provisions they could find but the utensils in which the flour, sugar and coffee were kept. They were considerate enough to lock the door when they left for fear that somebody else might get in and steal the shelves. This morning, when the family awoke and preparations were begun for breakfast, was the first time the discovery was made.

**A CHILD KILLED.**  
Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Acker's Baby Soother. It contains no Opium or Morphine. Sold by Munds Bros., druggists.

Wire Cloth for your windows and doors can be had at Jacob's Hd. Depot.

## NEW ADVERTISEMENTS.

Accepted for mailing at special rate of postage provided for in Act of October 3, 1879. Authorized by Act of October 3, 1879. Postage paid at Wilmington, N. C. Third class. One month, 35 cents. The paper will be delivered by carriers, free of charge, in any part of the city, at the above rates, or 10 cents per week. Advertising rates low and liberal. Subscribers will please report any and all failures to receive their paper regularly.

**SIMMONS' LIVER REGULATOR**  
**TORPID LIVER**  
Known by these marked peculiarities:  
1. A feeling of weariness and pains in the limbs.  
2. Bad breath, bad taste in the mouth, and turned tongue.  
3. Constipation, with occasional attacks of diarrhea.  
4. Headache, in the front of the head; nausea, dizziness, and yellowness of the face.  
5. Heartburn, loss of appetite.  
6. Distention of the stomach and bowels by wind.  
7. Depression of spirits, and great melancholy, with lassitude and a disposition to leave everything.  
A natural flow of bile from the Liver is essential to good health. When this is obstructed it results in  
**BILIOUSNESS,**  
which, if neglected, soon leads to serious diseases. Simmons' Liver Regulator exerts a most beneficial influence over every kind of biliousness. It restores the Liver to its normal working order, regulates the secretion of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."  
"I have been subject to severe spells of Constipation of the Liver, and have been in the habit of taking from 15 to 20 grains of calomel which generally did me up for three or four days. Lately I have been taking Simmons' Liver Regulator, which gave me relief without any interruption to my work."  
—J. Hugg, Middleport, Ohio.

**ONLY GENUINE**  
Look for the Z stamp in red on front of Wrapper.  
J. H. ZELLIN & CO., Philadelphia, Pa.  
No. 375 to 385 Broadway, N. Y. City
