THE DAILY REVIEW.

TORPID LIVER

Is known by these marked peculiarities:
 1. A feeling of weariness and pains in the limbs.
 2. Bad breath, bad taste in the mouth, and furred tongue.
 3. Constipation, with occasional attacks of diarrhea.
 4. Headache, in the front of the head; nausea, dizziness, and yellowness of skin.
 5. Heartburn, loss of appetite.
 6. Distention of the stomach and bowels by wind.
 7. Depression of spirits, and great melancholy, with lassitude and a disposition to leave everything for to-morrow.
 A natural flow of bile from the liver is essential to good health. When this is obstructed it results in:

BILIOUSNESS,

which, if neglected, soon leads to serious diseases. Simmons Liver Regulator exerts a most beneficial influence over every kind of biliousness. It restores the liver to proper working order, regulates the secretion of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."

"I have been subject to severe spells of Constipation of the liver, and have been in the habit of taking from 15 to 25 grains of calomel which generally laid me up for three or four days. Lately I have been taking Simmons Liver Regulator, which gave me relief without any interruption to business."—J. HUGG, Middleport, Ohio.

 Rock Crystal Spectacles and Eyeglasses Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's!
