An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown,—to-day it is as common as any word in the English of a just distribution of capital, and language, yet this word covers only demands the enactment of laws that the meaning of another word used will bear equally upon all. by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Bil liousness, and all are caused by trou-bles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass off through the system, causing uervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. North Carolina. We again congratulate the people of North Carolina on the continued enjoyment of peace, good government and general prosperity under Democratic administration of the affairs of the State which has now been unbroken for so many years; upon the just and impartial enforcement of the law; upon the increasing efficiency of our common school system, and the progress made in popular education; upon the improvement and enterprise manifest. ed in all parts of the State. We again challenge a comparison between this state of things and the outrages, crimes and scandals which attended Republican ascendancy in our borders. We pledge ourselves to exert in the future as in the past our best efforts to promote the best interests of the people of all sections of the State. Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the cnild from pain, and the little cherub awakes as "bright as button." It s very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes.
