ALFRED ROWLAND,
Of Robeson.

For Elector—6th District:
S. J. PEMBERTON,
Of Stanley.

Some people cannot understand how it is that they pay a tariff on almost every article they consume. They do not know just where the tax comes in. The following is a simple and plain explanation of the whole thing, in a nutshell:

The importing merchant who buys goods abroad pays a tariff tax or impost duty on them at the custom house of the port where they land in this country. He sells to the jobber and adds the tax to the cost. The jobber sells to your home merchant and counts the tax thus paid as part of the cost to him, and so does the home merchant when he sells to you. Your imported goods, therefore, cost you extra just the amount the importer paid the government at the custom house as tariff or impost duty when first landed.

But suppose the goods were not imported, but were manufactured at home! How then? The only difference is that the extra price, whatever it may be, goes into the pocket of the manufacturer instead of the Federal treasury. The tariff, by the tax on the admission of foreign goods, enables the home manufacturer to control the home market. Buyers must pay their price or go without, for there is no competition from abroad at lower figures than foreign cost and tariff duty added. So that whether your goods are home-made or come from abroad, you, that is to say, the consumer, pay the extra price, either as a tariff tax, if they be foreign made, or as a "bonus" by way of "protection" to the manufacturer, if made at home.

It is true that sometimes, owing to competition among home manufacturers, hard times and dull markets or over-production and gutted markets, certain articles can be bought at prices more or less below foreign cost with tariff tax added, sometimes below the tariff tax alone, especially when the tariff tax is intended to be prohibitory. But this is the exception and not the rule, and it is this very state of things that the huge trusts and monopolies of modern times, with their vast aggregations of capital, are intended to prevent.

So it will be seen that, although there are no tariff tax-gatherers going around making collections, the tariff gets money out of the pockets of the people all the same, and a plenty of it, too, and for one dollar of this money that goes into the Federal treasury five dollars go into the pockets of the manufacturers.

The following items, under the present law, will give some idea how far-reaching this tariff taxation is and how deep it goes into the pockets of people of moderate means for money for the protection of our manufacturers:

On a man's working suit of clothes costing \$7 the bounty to the manufacturer or tariff tax to the government is \$2.97; one good suit costing

\$20, bounty \$6.48; overcoat costing \$15, bounty \$4.85; two flannel shirts \$1.50, bounty 64 cents; two flannel drawers, \$1.50, bounty 64 cents; six wool socks \$2, bounty 86 cents; one wool hat \$3, bounty \$1.29; one wool cap \$1, bounty 43 cents; one pair suspenders 50 cents, bounty 14 cents; one pair shoes \$3.50, bounty 70 cents; one pair wool gloves 50 cents, bounty 21 cents; rubber coat \$3.50, bounty 81 cents; umbrella \$1, bounty 34 cents; three linen handkerchiefs \$1, bounty 26 cents; one silk tie 50 cents, bounty 17 cents; one pocket-knife \$1.25, bounty 42 cents; razor \$1.25, bounty 42 cents; shaving brush 35 cents, bounty 9 cents; four cotton shirts \$3, bounty 57 cents; two pairs cotton drawers \$1, bounty 31 cents; one wool scarf 50 cents, bounty 21 cents.

Any laboring man or other person having a small income is able to judge whether he is in a position to make a present to anybody of the bounty he pays on each of the articles here mentioned. If he is a single man perhaps he can spare the sums named—and is willing to do so.

But if he has use for the money, amounting on these articles alone to \$22.30 a year, he has a right to vote at the polls to keep it in his pocket. Put in life insurance, or in the savings bank, \$22.30 a year may provide very nicely for a rainy day.

But if he is a married man, with a family, he will find the tariff tax taking the following sums also out of his pocket to swell the surplus at Washington, or to add to the profits of the manufacturer: Three calico dresses for wife cost \$2.25, bounty 50 cents; three aprons 50 cents, bounty 10 cents; two woolen dresses \$16, bounty \$6.60; two balmaral skirts \$3, bounty \$1.10; two cotton skirts \$1.50, bounty 25 cents; two suits flannels \$5, bounty \$1.29; two suits cotton underwear \$2, bounty 58 cents; three pairs cotton hose \$1, bounty 29 cents; woolen cloak \$12, bounty \$2.89; shawl \$6, bounty \$2.79; hood \$1.25, bounty 54 cents; straw bonnet \$1; bounty 23 cents; two pairs shoes \$4, bounty 96 cents; rubber 50 cents, bounty 10 cents; parasol \$2, bounty 40 cents; veil 70 cents, bounty 24 cents; five yards ribbons 50 cents, bounty 17 cents; three linen collars 50 cents, bounty 12 cents; three pairs linen cuffs 60 cents, bounty 14 cents; three handkerchiefs 75 cents, bounty 20 cents; tuck comb 20 cents, bounty 7 cents; tooth brush 35 cents, bounty 8 cents; pair mitts 50 cents, bounty 21 cents; pair gloves \$1.25, bounty 47 cents. On an expenditure of \$61.90 in settlement of the wife's store bill the struggling citizen has thus paid \$21.76 in tariff taxes, about one-fifth of which went into the government treasury and the other four-fifths to some far-off manufacturing capitalist.

Reducing the Surplus.

The disposition of the Surplus in the U. S. Treasury engages the attention of our Statesmen, but a more vital question has our attention, and that is the reduction of the Surplus Consumptives. Since the discovery and introduction of Dr. King's New Discovery for Consumption, there has been a marked decrease in the mortality from this dreaded disease, and it is possible to still further reduce the number of Consumptives. How? By keeping constantly at hand a bottle of Dr. King's New Discovery and using according to directions, upon the appearance of the first symptoms, such as a Cough, a Cold, a Sore Throat, Chest or Side Pain. Taken thus early a cure is guaranteed. Trial bottles free at Wm. H. Green & Co's Drug Store.

Men love to hear of their power, but have an extreme disrelish to be told of their duty.

An Important Element

Of the success of Hood's Sarsaparilla is the fact that every purchaser receives a fair equivalent for his money. The familiar headline "100 Doses Only One Dollar," stolen by imitators, is original with and true only of Hood's Sarsaparilla. This can easily be proved by any one who desires to test the matter. For real economy, buy only Hood's Sarsaparilla. Sold by all druggists.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can SCROFULA Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATKINSON, Passaic City, N. J.

Hood's Sarsaparilla

Sold by all druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

100 Doses One Dollar

Fishermen will find the cheapest place for Gill Twine, Rope, etc., is at Jacobi's Hdw. Depot.
