#### "For God's Sake Send a Physician."

The benevolent people of this city in making their contributions for the benefit of the yellow fever sufferers, should not overlook the fact that there is great suffering at Mc-Clenny, as well as at Jacksonville. Just how terrible the affliction has become there is best told in the following telegram, which we find in the Charleston News and Courier:

Paniel Merrelle's English & Classical School, only ones to treat patients, and I must go down to night. I can save patients if treatment is applied on first symptoms. Eleven deaths in the last two weeks and nearly every kind apply as above.
