The estimated population of New York City at the present time is 1,550,000 and of Brooklyn 800,000.

Judge Thurman is now in Indiana. He will make several speeches in that State for the ticket and he will do much good there.

The St. Paul Globe says that Mr. Blaine is in no danger of a sunstroke in the Northwest. On the contrary he finds the atmosphere severe and generally depressing.

A good Democratic newspaper is needed in Washington City and it is strange that one cannot succeed there. The Post, formerly Democratic, is now neutral, and a rather poor apology for a newspaper published at the Capital of the country. Hutchins, its owner, tried to sell it the other day but failed. The Evening Critic has been about the best paper in the Capital and this is now to be consolidated with the Post and will hereafter be issued as the Washington Evening Post.

Money is the best political barometer that we know of. It talks to tell. Bets are being made in Boston, New York, Philadelphia, Cincinnati, Pittsburg, Chicago, St. Louis, Indianapolis, Louisville, Baltimore and San Francisco, as reported in the New York Herald. As a general thing it is even on the general result but frequent cases are cited where odds are given on Cleveland. Odds on Harrison are never asked for or expected. One bet of three to two was made that Cleveland would carry New York, Indiana, New Jersey, Connecticut, Michigan and California. Ten to eight, however, seems to be the usual odds, although an offer of \$10,000 to \$7,000 on Cleveland has been offered in Boston and there are no takers. One bet of two to one, that Cleveland would carry New York, was made in Baltimore.

For the Review.
Pender County Democrats—No. 1.
BRETHREN:—You are aware that the campaign in Pender county is waxing warm and is about to be in full blast. This means that every Democrat in the county is now called upon by high considerations of county pride and patriotic duty to give a cordial support and vote to the excellent and entire county Democratic ticket. It is the auspicious product of the voice of the people—the largest, most harmonious and most enthusiastic Democratic county convention ever held in Pender. No Pender Democrat can call him self true to party obligations and faithful to his county unless he rallies to its entire support. If this is done by all our Democratic brethren victory is certain, for it is within our grasp. Not that the ticket was the choice wholly of the writer. We all had our preferences before the convention and our personal favorites among all the names mentioned were not all the same men. But now a higher duty demands that we must all come together, as one man, and support the ticket that a fair and full convention of the people nominated at Burgaw on the first day of October. The best good of our county, the welfare of the State, the hallowed traditions and the glory of the Democratic party, demand this of every Democrat in Pender.

Reliable facts and figures demonstrate that there is a majority of over one hundred Democratic voters in Pender county. This shows our ability to elect our entire county ticket, by fair and honorable means, and the writer opposes any other. The ticket is popular and available. Its personnel is fine. The candidates are orthodox Democrats, and gentlemen of unexceptionable character. They are the nominees of no ring, or clique, or faction, but are the nominees of the spontaneous voice of the Democratic masses in convention assembled.

Now is the time, the day and the hour in Pender, for disappointed aspirants and their special friends to show their hands by giving an open and warm support to the ticket. A failure to do this will show that their aspirations were selfish and illiberal and opposed to the instincts, the purposes, the high missions and patriotic ends of our grand old party. No man can be a good Democrat unless he has, at all times, that spirit of self-sacrifice and of unselfish devotion to party, which will cause him to stand by party discipline, organization and party nominations. His motto must be "United we stand, divided we fall."

This is no time in Pender for Democratic indifference or lukewarmings, or for Democratic capakars, or injurious innuendos as to our county ticket. "He who is not for us is against us." We have not a single man to spare to the enemy.

Corner Stone of St. Andrew's.
The corner stone of St. Andrew's Church will be laid this afternoon with appropriate ceremonies. The Masons will attend in full regalia, and Grand Master Robinson will lay the stone. The address will be delivered by Rev. Jas. Y. Fair, of Charlotte. The report of the occasion will be two late for this issue.

All this.
Mr. G. H. Fishblate, the King Clothier, has his Fall stock ready for inspection. He always purchases early so as to obtain the choice styles. Merchants buying their stocks this season of the year have to take the "cullings," or what is left, that other merchants would not have. Mr. Fishblate's stock is composed entirely of first class goods and tailor made—equal to custom make. He employs no women at 25 cents a day and work them 10 hours each day to make pants and Cheap John goods to palm off on the public. His stores are well lighted day and night, which is very essential for buyers of clothing. We advise our readers to beware of a dark store and Cheap John goods.

The receipts of cotton at this port to-day foot up 1,387 bales.

The latest report to-day in regard to Mr. Turlington's condition is that he is somewhat easier. He was much worse last night but is better to-day than he was then. The physicians consider his condition a quite serious one now. It is impossible as yet to foretell the result.

We invite special attention to the advertisement of Messrs. Geo. R. French & Sons, as it appears in this issue. This old and well known shoe house is always to the fore and their goods are sold extensively in this State and South Carolina. Their young men are all courteous, clever gentlemen, who take both pleasure and pride in ministering to the wants of their customers.

What the Statistics Say.
It is said by those who know that the Sanitary Committee have done a great work in cleaning our city, and will use every endeavor to keep it clean during the Winter, so that when Summer gets here again the city will be ready for it. The mortuary statistics speak louder than words, and they say most emphatically that every dollar spent in policing the city during the past three months has been money well spent.

A Cat in a Corner.
Prof. VanLier's little daughter has a pet cat which the family all think a great deal of. Several days ago it was missed and could be found nowhere but yesterday it was discovered in a peculiarly tight place. It had squeezed itself into a hole between the weatherboarding of the house and the plastering and could not get out. So tightly was puss wedged in that the Professor had to get a hatchet and rip off a board before she could be released. It is thought that she had been in that position for at least three days.

Personal.
Mr. W. G. Pulliam has gone on a brief visit to Richmond, his old home.

Mrs. E. B. Wiggins returned to the city last night, after several weeks spent in the Northern markets in purchasing Fall and Winter goods. She will tell the ladies about it in a day or two, in a great big ad. in the DAILY REVIEW.

Capt. Jno. H. Sharp, Secretary and Treasurer of the Carolina Central R. E., left here last night for Williamsboro, Vance county, where his family have spent the Summer, and will return with them the latter part of the week.

Grand Democratic Rally.
There will be a grand Democratic rally here Thursday night, and Judge Fowle and Mr. Hezekiah Gudgeer will address our citizens.

Judge Fowle is too well known to require any instruction to a Wilmington audience.

Mr. Gudgeer is one of the leading young men of Western North Carolina. He is an earnest and eloquent speaker, and always makes a most pleasant impression. Mr. Jno. D. Bellamy, chairman of the County Democratic Executive Committee, with the aid of the Young Men's Democratic Club, will make every preparation to receive the speakers in a most befitting manner. The Young Men's Democratic Club will turn out in full ranks, and our citizens generally will give the speakers a most cordial greeting.

Board of Audit and Finance.
The Board of Audit and Finance met in regular session yesterday afternoon at 3 o'clock, Mr. R. J. Jones being in the chair. The members present were Messrs. R. J. Jones, Wm. Calder, W. I. Gore and John W. Hewett.

The tax on ticket brokers, passed by the Board of Aldermen on September 2d, levying a tax of \$25 per month, was concurred in.

The following communications were received from the Board of Aldermen and concurred in:
Appropriating \$250 for the purchase of a horse for the Cape Fear Fire Engine Company.
Allowing the pay of policemen, who were quarantined six days by the Board of Health.
Removing the fine of \$10 imposed upon Sergeant Bender in April.

The report of the Sanitary Committee in reference to sewerage was received and laid on the table, and bills were audited and approved for current expenses to the amount of \$68.70.

The prettiest sight in the world is a pretty woman's foot in a Jersey Lily boot, and since Dr. Bull's Cough Syrup cures all sorts of colds all women can wear them.

To Receive the New Truck.
Meetings were held last night by the members of Howard Relief Fire Engine Co. No. 1 and those of Wilmington Steam Fire Engine Co. No. 1, at their respective halls, at which a committee was appointed on behalf of each company to make arrangements for celebrating the reception here of the new truck of Wilmington Hook & Ladder Co. No. 1. The two committees will meet at an early day and will then fix the date and the arrangements for the event. Messrs. E. G. Parmelee, A. G. Warren, E. B. Burkholder, J. D. Smith and H. W. Collins were appointed on behalf of the Wilmington Company and Messrs. H. H. Gieschen, J. W. Duls, G. W. Rivenbark, M. Rathjen and N. Hulien on the part of the Howard Company.

Death of Mrs. Davis.
We greatly regret being called upon to record the death of Mrs. Mary Orme Davis, wife of Junius Davis, Esq., and daughter of the late Thos. D. Walker, which occurred at her residence in this city early this morning. She had been sick for just one week only, having been taken Monday night of last week. Mr. Davis was not present at the time. He left here last Wednesday in response to a telegram from Boston, calling him to the bedside of his brother, Mr. Louis P. Davis, who is in that city very sick. When Mr. Davis left here no one thought that his wife's illness was dangerous. He was telegraphed for and will probably arrive here to night. His homecoming will be a terrible one indeed. Mrs. Davis was a native of this city and was one of the most charming, cultivated ladies in its borders. Her death is mourned by an unusually large circle of relatives and friends. Our sympathies are respectfully and sincerely extended our friend in his terrible bereavement. God alone can comfort him and his motherless children.

WHY WOMEN FADE.
Women lose their beauty because colds undermine their life. Dr. Acker's English Remedy for Consumption is an absolute cure for colds. Munds Bros. druggists.

Rock Crystal Spectacles and Eyeglasses Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
