The campaign is nearing a close and it is time that every good Democrat should be putting forth the most supreme efforts to bring out a full vote. We believe that the State is safe and will surely go for Cleveland and Fowle, provided - and there's the but—that the people will but do their duty and go to the polls and vote. There is no doubt of the party majority in the State but it will do us no good if it cannot be carried to the polls. To vote one must register and here an entire new registration is required. The News and Observer aptly says:

We are now nearing the end of the great struggle. For months a campaign in favor of the people against unnecessary taxation has been waged with great earnestness; but with what result? There should be no doubt as to the result, but the power of the moneyed combinations is great, and their hold upon cer tain classes of our population is such as to blind them to the true interests of the country.

We believe that New York and Indiana, Connecticut and New Jersey will vote for Cleveland and Thurman, and we think it probable that Michigan and Wisconsin will do the same. The South should be solid; but the Republicans are making a desperate effort to carry North Carolina. Our information in regard to this State is good, but we need every vote. Every Democrat in North Carolina should now work as if the election of Cleveland de pended on him alone; as if the election of a Democratic House of Representatives in Congress depended on him alone; as if the election of the entire State ticket depended on him alone—as if he alone were responsible for the election of a Dem ocratic legislature. This is no time for hurrahing; but it is a time for hard work, for individual effort.

We must win-but whether we shall win depends on the Democrats be up and at work.

The "field work" has been finished and the figures are now being tabulated. Everything relating to the subject will be given wherever it has been possible to obtain information from the Court records, and in every case the agents not only examined the dockets, but the original bills filed. WHAT IS

SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestaof North Carolina. Let our friends tions usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, proven atself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"Every spring my wife and children have been troubled with scrofula, sores breaking out on them in various places. My little boy, three years old, has been a terrible sufferer. Last spring he was one mass of sores from head to feet. I was advised to use Hood's Sarsaparilla, and we have all taken it. The result is that all have been cured of the scrofula, my little boy being entirely free from sores, and all four of my children look bright and healthy." W. B. ATHERTON, Passaic City, N. J.
