

# THE DAILY REVIEW.

VOL. XII. WILMINGTON, N. C., FRIDAY, NOVEMBER 2, 1888. NO. 231.

More than a sixth part of the land of the globe and nearly a sixth part of the population of the world are under the control of Great Britain. Russia ranks second in territorial extent and the United States third.

If the Republicans in North Carolina are so sure that Chinese Hallison will be elected why don't they put up some of the Yankee boodle that has probably stuck in passing through their hands? THEY WON'T BET.

Let the Democrats everywhere be awake on election day. Federal supervisors may be appointed but they have nothing whatever to do with anything but the election of Congressmen. If they attempt to interfere in any way with any other part of the election, just simply eject them from the polls. That is our advice, Mr. J. B. Eaves.

Appropos of the announcement by a correspondent of the Scientific American that genuine shittin wood has been found growing within sixty miles of Nashville, the Christian Register remarks: "If this be true, Noah probably had his shipyard in the same vicinity, and the course of the flood was somewhere along the Mississippi Valley, the river still retaining the bad habit of a periodical inundation, acquired so long ago. If the ark was made in Tennessee, the Garden of Eden was no doubt in the Blue Grass region of Kentucky, and President Warren may as well give up his search for it at the North Pole."

J. B. Eaves is not an accomplished liar. His remarks about New York are very bungling. He says that the Democrats have given up New York and that Harrison will carry the State by 40,000 majority. He is a very foolish liar. The Democrats have not given up the State but the Republicans have, for witness of which we refer to the well known fact that the Democrats in New York are anxious to bet on the State and that the REPUBLICANS WON'T BET. As for the Albany penitentiary J. B. Eaves stands to-day in more danger of paying a visit to that institution than any Democrat we know of.

New York Star: Mr. C. M. Foster, the junior partner of Henry Clews & Co., has been unanimously elected a member of the Cotton Exchange. Mr. Foster, although only 35 years of age, is quoted as having amassed \$500,000 in his experience in Wall street, which dates from his boyhood years. In the Stock Exchange he is a conspicuous figure in any of the crowds where he "jumps in" to sell or to buy. Active and aggressive always, he enforces the courage of conviction by his way. Mr. Foster is a member, now, of the Stock, Produce, Cotton and Coffee exchanges. It was a matter of discussion yesterday that if the junior partner of a firm was worth \$500,000 how much more were the other members of the firm worth. Be this as it may, there are few members of the Stock Exchange more active than Charlie Foster.

The Radicals in this State are moving heaven and earth and hell—especially the latter—to accomplish their ends. One J. B. Eaves, a dirty trickster, presides over this inferno. They have some money contributed by the monopolists of the North and such of it as does not stick in the transit is being used to buy unprincipled white men and to import colored voters from South Carolina. They are going a little too far, however, and may be brought up yet with a sharp turn. They are resorting now to intimidation, as witness the following circular which they are sending out from their headquarters:

REPUBLICAN STATE EX. COM. RALEIGH, N. C., Oct. 31, 1888. DEAR SIR:—You are, we believe, a Registrar or Judge of Election for your precinct. We desire to have a plain word with you. We do not seek to intimidate you. We merely want to talk soberly to you—man to man. We assume that you are an honest man; that you intend to have fair play in your precinct on election day; that you intend to frown down upon and prevent fraud. We assume this, because we believe you to be a man of good common sense. We don't know which party will carry North Carolina. We DO know one thing—that there will be a fair count, or that every man who perpetrates or winks at fraud will see the inside of the Federal Peniten-

tiary at Albany within six months. We say six months, for Mr. Cleveland's term will expire on March 4th, and General Harrison is certain to be President after that date, and his first act will be the appointment of a Republican U. S. District Attorney and a Republican U. S. Marshal for North Carolina.

Don't you believe this? Don't you know that Mr. Cleveland hasn't a ghost of a show of being re-elected? Don't you know that New York will give General Harrison 40,000 majority? Don't you know that the Democrats of the North have practically given up the fight? Don't you know all this? If you don't you haven't read the papers very carefully of late.

Let me give you a bit of advice: IF FRAUD IS PLANNED IN YOUR PRECINCT, IT HAD BETTER BE POSTPONED UNTIL AFTER YOU HEAR FROM NEW YORK.

Now, don't say we are trying to intimidate you. We are not. We are simply giving you some of the truest and plainest facts you ever heard in your life. You can do as you please on election day. Fraud may or may not be committed on that day. One thing is certain—it cannot be done without our knowledge. We have had Pinkerton Detectives in every County in this State for three weeks. Haven't you noticed a stranger around your neighborhood lately? That was one of our men.

We leave the matter in your hands. You can give us a fair election, or not, just as you please. It does not make as much difference to us as you may imagine. It will, of course, give us great pleasure to carry the State. It will, however, give us almost equal pleasure to introduce a lot of ballot box thieves to the inside of the Albany Penitentiary. AND WE WILL DO IT, AS SURE AS THERE IS A GOD TO SUSTAIN THE RIGHT.

This is intimidation, pure and simple. No man of common sense, or of common decency, will be deceived by such blasphemous talk as this. It is almost like the devil quoting Scripture. To talk of corruption at the ballot-box while the bought and paid for Dickons of the Republican party, are planning night and day to steal the election is the sublimity of cheek and the quintessence of rascality. Let no one be deceived by Radical bluff and bluster. Cleveland will be elected, as sure as the sun shines on Tuesday next, and then the poppycock Eaves will subside into the dirt and obscurity from whence he sprang. The white men of North Carolina are in the ascendancy and they will maintain that ascendancy. They are not easily intimidated and when they are—if ever—it will not be by such a puny mushroom as J. B. Eaves.

Send along your Federal supervisors. They have no terrors for the honest Democrats of North Carolina. Two can play at that game as well. No one need therefore feel at all disturbed. Even Bond can not appoint two Republicans. There must be one Democrat as well as one Republican. And there will be no Republican marshals in North Carolina after the election. The Democrats of New York and New Jersey and Indiana and Illinois and Connecticut will have something to say on this subject. AND WHEN THE SUN SINKS BEHIND THE HILLS ON TUESDAY NEXT CLEVELAND AND THURMAN WILL HAVE BEEN ELECTED PRESIDENT AND VICE PRESIDENT OF THE UNITED STATES.

Catherine Lewis fainted one night in "Olivette," but it didn't cause a ripple in the play. 'Twas only a cough, and they had a bottle of Dr. Bull's Cough Syrup on hand, of course.

**Birmingham Booms.**  
Birmingham is booming and some of our Wilmington boys are having a great deal to do with this boom, as witness the following from the Herald of that city:

The Baxter Stove and Manufacturing Company, of which Mr. Geo. C. Kelley is President, will have an exhibition for the next two or three days at the store of W. L. Kelley one of their improved earthen cook stoves, which they propose shipping to several large manufacturing establishments in the north to show the character of castings and work that are being made out of Birmingham iron. This stove was taken from the general stock of stoves, without any more care than would have been had it been for one of their customers. For smoothness of finish it will compare favorably with the finest in the market, while nothing is claimed for it except a good, reliable stove. The iron from which it was made can be had at any of the numerous furnaces in and around Birmingham, and certainly speaks volumes for our city as a manufacturing point, especially when we take into consideration the fact that this class of goods is to be had within less than five miles of the factory. While this is true of every thing else that can be made out of iron, The Baxter Stove Company have no doubt done more than any other concern to advertise Birmingham. This move on their part is certainly to be commended, and will no doubt result in much good. Their trade is confined strictly to the south, yet they will reap great benefits from their advertisement in the north.

**Board of Aldermen.**  
A special meeting of the Board was held yesterday afternoon, pursuant to notice given at the last meeting.

Alderman Pearsall, from the committee on Markets, presented an ordinance prepared by City Attorney Cutlar. He stated that it was simply a compilation of all market ordinances of the city.

Mr. Cutlar explained that the ordinance did not contain anything new nor anything omitted, with but one exception—that hucksters are placed on the same footing as farmers and fishermen—allowing them to sell from carts anywhere in the city after 9 o'clock in the morning. The ordinance was read at length by Mr. Cutlar.

In the short discussion that ensued Alderman Pearsall said that he desired to call attention to a circular signed by many of the hucksters and country people. So far as the hucksters were concerned they had no ground for complaint. They had been informed that the clause in the market ordinance relating to hucksters had long been a dead letter and would not be enforced.

The Mayor said that the circular alluded to was purely a political document, and that the person who was circulating it said that it was done for the purpose of injuring the Democratic party.

Alderman Fishblate said that the part of the ordinance relating to hucksters, it was well understood, would not be enforced. He did not see how they could make a political matter out of the adoption of the ordinance. Every Republican member of the Board voted for its adoption, and the only opposition to it was by a Democratic member of the Board.

Alderman Dudley asked information as to the clause in the ordinance prohibiting the transfer of produce from one cart to another.

The City Attorney explained that this clause was intended to apply only to the butchers who had put up "market houses on wheels" in front of the market, into which they transferred meats brought in carts from their slaughter houses. It was not intended to and did not affect fishermen and dealers in other produce.

Alderman Fishblate moved the adoption of the ordinance as submitted, and Alderman King seconding the motion it was put to a vote and carried, unanimously.

On motion of Alderman Fishblate, it was ordered that five hundred copies of the ordinance be published for distribution.

A petition for a fire hydrant at Eighth and Wooster streets was referred to committee.

A petition for the improvement of Dawson street was also referred to committee, and there being no other business the Board adjourned.

The receipts of cotton at this port to day foot up 2,494 bales.

The Fire Light Open Grate Stove is without equal for comfort, economy and cheerfulness. Sold only by the Factory's Agent, Nath'l Jacobi.

Hon. James Wilson leaves here tomorrow morning for New York, and will be absent about one month. He will take in the Richmond Exposition, spending several days in that beautiful city.

We have made a big rush to get to press early this afternoon so as to allow our force to go to Wrightsville and shout for Cleveland.

To-morrow will be children's and teachers-day on the Seacoast Railroad among the white schools of the city; children 10 cents to the Hummock and return. Teachers free.

The latest betting news from New York is that the Democrats are giving odds of five to four on Cleveland's election. They have evidently not yet heard from J. B. Eaves.

A two-story frame dwelling, on Brunswick street, between Second and Third, was destroyed by fire last night about 7:30 o'clock. The house was owned and occupied by colored people.

Mr. George F. Tilley's name should be added to those Democratic butchers in the market who published the card in the DAILY REVIEW on Wednesday. Mr. Tilley was absent at the time and sick or his name would have appeared with them.

**City Court.**  
Mayor Fowler disposed of the following cases this morning:  
Jim Swances, assault and battery, \$5 and costs.  
Johnson Swinson, assault and battery, dismissed.

**Annual Memorial Exercises.**  
There was a large congregation present last night in Grace M. E. Church, the occasion being the annual memorial exercises of the I. O. O. F. The members of Cape Fear Lodge No. 2 and Orion Lodge No. 67 met at the lodge rooms at 7:15 o'clock and escorted Rev. Mr. Cordon to the church. The following were the officers selected for the occasion: R. J. Jones, P. G.; J. D. Bellamy, Jr., N. G.; John L. Dudley, B. G.; J. M. McGowan, R. S.; H. O. Craig, F. S.; John Maunder, T.; C. M. Harris, N.; R. B. Clowe, Conductor; Rev. F. W. E. Peschau, Chaplain; N. Jacobi, R. S. to N. G.; Oscar Pearsall, L. S. to N. G.; P. F. Platt, R. S. to V. G.; G. H. Ward, L. S. to V. G.; C. M. Williams, R. S. S.; S. A. Craig, L. S. S.; J. E. Williams, I. J.; Jos. L. Pinner, O. G.; Wm. M. Hays, Conductor.

At the church the officers occupied the rostrum, while the members filled the pews in the centre of the building. The choir consisted of Professor Cameron Certain, organist, Mrs. L. B. Pennington, Mrs. Frank Muse, Mr. G. M. Altaffer, Mr. John E. Grant, Mr. J. W. Fleet, and Mr. W. W. Hodges.

After music by the choir and prayer by the Rev. Mr. Peschau, the memorial day proclamation of Grand Sire John H. White was read by Secretary James M. McGowan. The choir then rendered a fine musical selection, and the address of Grand Master Cordon followed. By many of those who heard him it is said to be the finest address of the kind ever delivered in this city. His illustrations of Odd Fellowship were particularly interesting to his hearers. The addresses was about an hour and a half in length and was exceedingly entertaining throughout.

After the address, Rev. Mr. Cordon, with the committee of arrangements in carriages, went from the church to the Orton, where he was entertained until the hour for his departure at 12 o'clock.
