A PHYSICIAN'S OPINION. "I have been practicing medicine for twenty years and have never been able to put up a vegetable compound that would, like Simmons Liver Regulator, promptly and effectively move the Liver to action, and effectively move the Liver to average and at the same time aid (instead of weak-ening) the digestive and assimilative powers of the system." Some Republicans hereabouts al- take the official count to determine ready practically concede the State the result. There is no estimate on to the Democrats.

VOL XII.

To-morrow will tell the story. If you want it to be a good one go to the polls and do your Juty by voting the entire Democratic ticket.

Scales' majority in North Caro lina in 1884 was over 20,000. The Democrats might add 50 per cent. to that this year, and they probably will.

The Democratic strength in New Hanover county, as shown by the registration books, is larger than it has ever been before and it is expected that every voter who has been registered will be polled.

The Pinkerton detective scare won't work in North Carolina. We would like to get photographs o every white Democrat in the State who will be intimidated by Radical threats, if any such there are, and hang it up in some cornfield next summer to scare the crows.

Mr. J. Burchard Eaves has placed the Democratic party in North Carolina under many obligations, which they will try to repay. His bull dozing circulars have probably help ed to swell the Democratic majority in the State from 3,000 to 5,000. This is a Republican estimate, not ourse The Democrats in North Carolina should show their appreciation of Mr. Burchard Eaves' services in their behalf by presenting him with a new suit of clothes, beautifully striped, and house rent free for the next four years.

the Legislature. As for the other States the Herald reports divide School Supplies can be bought them as follows: In California the cheapest at Heinsberger's. Democrats are confident of a majority for Cleveland; Colorado is placed in the doubtful column; in Connecticut Cleveland's plurality is

likely to be increased; Illinois is conceded to Harrison but the Democrats hope to elect Palmer for Governor; Indiana is set down for

Cleveland; Iowa is very close, the Republicans claiming the State outright and the Democrats saying Williams & Murchison. that the vote will be very close; Kansas is classed as doubtful; Harrison will carry Maine, probably on a reduced vote; Massachusetts is down for Harrison by 40,000 majority; Michigan is claimed by both parties: Minnesota is in doubt but the State will probably go Republican; Nebraska is in doubt, with a chance for the Democrats; in Nevada the during the past two days. They Democrats are more hopeful than

are the Republicans; New Hampshire will go for Harrison by a very small majority; in New Jersey the fight is very close and either party may win; much prominence is given ing.

in the report to New York and the reader is left to form his own opinion as to that State; in Ohio the Republican majority will be materially reduced; Harrison will carry Oregon by a reduced majority; Pennsylvania will vote for Harrison but the big majority there will be greatly reduced; Rhode Island will of course go for Harrison; Vermont will also give Harrison her vote but on reduced figures and in Wisconsin the fight is very close and . both parties

Caught at Last.

About one month ago somebody broke into Mr. J. Elsbach's store and robbed him of some of his goods. That gentleman kept the matter quiet and out of the papers and simply bided his time, feeling sure that he would get up with the rascal at last. He has succeeded and found him in the person of Frank Mulford, alias "the dude," whose name Prof. Kennedy, son of Rev. W. M. | appeared on one of the registration Kennedy, who is now located in books. The dude now reposes in Virginia, arrived here to day and jail and will not vote for Hallison

The REVIEW goes to press on the last day previous to the election with a good conscience, clean hands and a supreme and abiding confidence in the good sense and patriot ism of the people of the United States and of the people of North Carolina in particular. We do not fear the result of to morrow's poll. We believe all that is good. We feel confident that Cleveland and Fowle will both be elected by handsome majorities and that the Legislature will be safely Democratic.

The Chairman of the Republican State Executive Committee of North Carolina must be a recent arrival in this rather extensive bailiwick, to be sure, or he would not have made such a monumental laughing stock of himself as he has through the re cent circulars sent out by him to attempt to frighten Democratic registrars from the faithful performance of their duty, and also to try and intimidate Democratic voters from the exercise of their legitimate right of suffrage. We have read his man ifesto with considerable amazement that one in his position should have so little knowledge of the spirit and temper of the yeomanry of North Carolina as to allow such a screed to be circulated, bearing his signature, and can only attribute its appearance to the fact that Mr. Eaves is either a new arrival within our borders, a crank, a man who is try ing to play a stupendous joke upon the people or that he is lacking in common sense. In either case his attempt will prove a most signal failure, for the white Democratic voters of North Carolina know their rights and tney dare to and will maintain them. The white Demo erats of this State will go to the and fearless of consequences, and

with no thought of Mr. Eaves and his infamous circular other than that of supreme contempt.
