THE DAILY REVIEW.

VOL. XII. WILMINGTON, N. C., WEDNESDAY, NOVEMBER 7, 1888. NO. 235.

SIMMONS' LIVER REGULATOR

Its peculiar efficacy is due as much to the process and skill in compounding as to the ingredients themselves. Take it in time. It checks diseases in the outset, or if they be advanced will prove a potent cure.

Nothing Like It

It takes the place of a doctor and costly prescriptions. All who lead sedentary lives will find it the best preventive of indigestion, constipation, headache, biliousness, and mental depression. No loss of time, no interference with business, and no harm. For children it is most innocent and harmless. No danger from excessive use. Cures Colic, Diarrhea, Bowel Complaints, Feverishness and Feverish Colds. Invalids and delicate persons will find it the mildest and most refreshing sleep. A little taken in the morning sharpens the appetite, cleanses the stomach and sweetens the breath.

A PHYSICIAN'S OPINION.
"I have been practicing medicine for twenty years and have never been able to put up a vegetable that would so effectively move the Liver to action, and at the same time aid (instead of weakening) the digestive and assimilative powers of the system."
P. M. HINSON, M.D., Washington, Ark.

And what shall be thought of the infamous scoundrel who sent out from Raleigh, on Monday last, a telegram stating that the Democrats in North Carolina were all armed and that several colored voters had already been murdered? And what shall be done with him? Is the judiciary of North Carolina again "exhausted?"

There is one pleasing feature in the returns from New York and that is that Abram S. Hewitt has been defeated in the contest for the Mayoralty. In knifing Cleveland his followers have defeated the Democrats in the country at large but they have not helped their own man. We have heretofore had a very high regard for Mr. Hewitt but hereafter he will be assigned a place in our picture gallery very near Beast Butler.

It is very interesting now to look back for a very little while and see the absolute confidence in the result which was felt by the Democratic party everywhere. In New York on Monday a great deal of money was staked at odds on Cleveland. There was a feeling of satisfaction and certainty everywhere and many Republicans were already conceding Cleveland's election. We clip the following from yesterday's Herald:

Chairman Calvir S. Brice, of the Democratic National Campaign Committee, received despatches from every part of the Union yesterday where any warm contest is being made against the national ticket. These advices were of a sanguine character indeed; so very hopeful were they that they indicated a majority for Cleveland and Thurman in the electoral college of more than one hundred. The National committee members themselves, while conservative in their statements, predicted that Cleveland and Thurman would have a majority of the popular vote exceeding that cast for Tilden and Hendricks in 1876.

Chairman Brice summed up the situation thus: "We are sure to carry the election. We shall not have less than 20,000 plurality in New York State, 10,000 in Indiana, 6,000 in New Jersey and 2,000 in Nevada, with a fair chance for victory in Illinois and Michigan.

The republicans have given up hope of carrying Connecticut because of the unexpected outcome of the contest for the Governorship in that State. The republican candidate for Governor, ex-Mayor Bulkeley, of Hartford, has, according to reports from there, given up all hope of being elected if he has to carry the national republican ticket along with him, and so is devoting every effort toward securing his own election regardless of the rest of the republican ticket. I understand that the situation is so desperate that Senator Joseph R. Hawley and several other prominent Connecticut republicans have called upon the Republican National Committee to come to their immediate aid.

"The State of Nevada has been given up by some of the ablest Republicans, and Senator Leland Stanford, of California, being a tariff reformer, has not put up a dollar to help his party in that State, and therefore they have lost an important factor in this campaign."

Senator Arthur P. Gorman said yesterday: "Looking at the whole case I am perfectly confident that Cleveland will receive at least as large an electoral vote as in 1884. There may be radical changes in localities, and there are such changes in both parties, but I have no doubt that our pluralities in the four severely contested States will be much larger than four years ago."

Senator Daniel W. Voorhees telegraphed that the Hoosier State was sold for the Democracy.

John P. Irish, of California, told Chairman Brice yesterday that he had just received a dispatch from the office of the San Francisco *Alta* which set forth that the Golden State, owing to the coalition between the labor people and the Democrats, will be safe for Cleveland and Thurman.

Dry sermons are bad enough, but for the minister to preach them through his nose is inexcusable. Dr. Bull's Cough Syrup will save both minister and sermon if taken in time.

A Curious Freak of Nature.
Mr. Chas. E. Wood, who lives on Hanover street, between Fifth and Sixth, owns a brown Leghorn rooster that has recently changed his color. Several weeks ago the fowl was taken sick with chicken pox, and came very near making a die of it, but he eventually pulled through, and while in a state of convalescence began to shed his coat of beautiful red and bronze plumage. Nearly all of his feathers came off and left him quite naked and when a new coat did come out it was of a white and red color.

The Result.
The result of the elections can be summed up in a few words. We really have not the heart to go into details. Cleveland has been defeated by treachery and rascality. Of this there can be no doubt. On New York the result hinged and New York was safely Democratic. A fair poll to-day of that State would probably give Cleveland 20,000 majority. The returns at this writing are to the effect that the Solid South, with its 153 electoral votes, has gone for Cleveland and to this is to be added 6 for Connecticut, 9 for New Jersey and 15 for Indiana, aggregating 183. There are some slight doubts yet as to Illinois, 22 votes, California 8, and Kansas 6, but it is impossible for the Democrats to succeed without Illinois and we do not now look to that State with any hope whatever. The result has been a great surprise to all, Republicans as well as Democrats, as the former had virtually given up all hopes of electing Harrison.

But North Carolina thank God—and we say it with all reverence—is Democratic to the backbone. But few returns are yet in but we think that the State has gone Democratic by not less than 25,000 majority. This is a great consolation to us. We would a thousand times rather have lost the general election and save the State than to have lost the State and elected the President.

A Short Season.
The popular favorite, Cora Van Tassel, is to appear at the Opera House in this city three nights this week. Thursday, Friday and Saturday, with a matinee on Saturday afternoon. This charming little actress has always been a great favorite with our people and her return here this season is none the less welcome because long delayed. She has added to her repertoire Frank Richmond's three act drama, "Sweet Sixteen" and she is well supported by Mr. Edwin Young, and an excellent company. Popular prices, 15, 25 and 35 cents are announced and the box sheet will be open at Heinsberger's to-morrow morning.

Fire in the Country.
The dwelling of Mr. A. McQueen, at Plain View, Robeson county, was destroyed by fire last Sunday morning, with nearly all the furniture. The fire was accidental. The house was a handsome structure, just completed. There was some insurance on the property burned, but not sufficient to cover the loss.

Hot bed glass and sash for your hot houses is constantly to be had at Jacobi's Hdw Depot.

The Fire Light Open Grate Stove is without equal for comfort, economy and cheerfulness. Sold only by the Factory's Agent, Nath'l Jacobi.

The Brazilian Boat.
Capt. Slocum, of the strange craft which entered the river on Sunday last, the *Liberdade*, and of which we spoke yesterday, was in the city to-day and paid us a pleasant visit. He is accompanied on his journey North by his wife, and his two sons, one of them a boy and the other a man. Capt. Slocum and his sons made the boat and Mrs. Slocum made the sails. She will probably come up to the city before she leaves the river.

Capt. Slocum says that he met Minister Jarvis at Rio and was very kindly and courteously treated by him.
