Harper's Bazar.

ILLUSTRATED.

HARPER'S BAZAR will continue to maintain its reputation as an unequalled family journal. Its art illustrations are of the highest order, its terature is of the choicest kind, and its Fashon and Household departments of the most practical and economical character. Its pattern-sheet supplements and fashion plates alone will save us readers ten times the cost of the subscription, and its articles on decorative art, social etiquette, house-keeping, cockery, etc., make it indispensable to every house-hold. Its bright short stories and timely essays are among the best published; and not a line is admitted to its columns that could ofend the most fastidious taste. Among the attractions of the new volume will be serial sto-les by Mrs. Frances Hodgson Burnett, Mrs. Alexander, William Black and Thomas Hardy, and a series of papers on nursery management by Mrs. Christine Terhune Herrick.

-----Helping Him Out.

An unkind story, even if true, was told me while I was in England of a young lady who married a stutter-

ing man. The young man was undoubtedly a stutterer of the most positive order, for I have heard him go through paroxysms to get out a simple "Good morning." The lady whom he subsequently married was of an eminently practical turn of mind. No maiden modesty or bashfulness cloyed her methods. She spoke to the point, and never left a thought unexpressed if she deemed it pertinent. After he had called upon her some three or four times she decided some three or four times she decided that it was about time for her to Numbers for June and December of each year.

Any way, she took Mr. Smith by the hund and looking into his eyes exclaimed: "Mr. Smith, I appreciate your embarrassment, but I understand what you wish to sav. You may speak to papa, and if he appreciate so do I"

leaf pine region. For sale on easy terms in

lots to suit purchasers. Four acres for \$25.
Larger traces \$5 per acre, in monthly payments of \$10. This land adjoins the "Southern Pines", a recently established health resort (or sanitarium), and is specially adapted for Fruit Culture, as well as all the cercals. A number of New England people have bought lots in the town of "Southern Pines," and it is the desire of the owners of this land to induce small farmers, mechanics and others from the New England and Middle States, as well as elsewhere, to locate here. No State in the Union offers greater inducements to settlers than North Carolina. Nowhere can better farming country or as fine a climate be found. This is the opinion of Northern men who have settled in North Carolina. This is a bona fide offer, and is limited. ona fide offer, and is limited.
