**Severe Cases of Blood Poison.**  
Thousands suffer from blood poison, who would be cured if they gave B. B. B. (Botanic Blood Balm) a trial. Send to the Blood Balm Co., Atlanta, Ga., for book of wonderful cures, that convince the most skeptical. It is sent free.

J. O. Gibson, Meridian, Miss., writes: "For a number of years I suffered untold agonies from blood poison. Several prominent physicians did me little if any good. I began to use B. B. B. with very little faith, but, to my utter surprise, it has made me a well and hearty person."  
Z. T. Hightower, Macon, Ga., writes: "I contracted blood poison. I first tried physicians, and then went to Hot Springs. I returned home a ruined man physically. Nothing seemed to do me any good. My mother persuaded me to try B. B. B. To my utter astonishment, every ulcer quickly healed."  
J. Morris, Atlanta, Ga., writes: "I suffered years from syphilitic blood poison which refused to be cured by all treatment. Physicians pronounced it a hopeless case. I had no appetite. I had pains in hips and joints and my kidneys were diseased. My throat was ulcerated and my breast a mass of running sores. In this condition I commenced a use of B. B. B. It healed every ulcer and sore and cured me completely within two months." dec 10 m d&w

TUCKERHOODS' MEETING—Wilmington Savings & Trust Co.

The Legislature meets next Wednesday.

Dressed turkeys 16½ cents a pound this morning.

Another very heavy frost this morning, followed by a beautiful day.

There is some talk of repeating the operetta of King Winter's Court next week.

All kinds of School Books and School Supplies can be bought cheapest at Heinsberger's.

Portable fire-place grates. Just the thing for our climate. Are sold by the N. Jacobi Hdw. Co.

The worst feature about catarrh is its dangerous tendency to consumption. Hood's Sarsaparilla cures catarrh by purifying the blood.

If you want a picture framed go to Heinsberger's. He has a large assortment of Mouldings to select from.

The annual meeting of the stockholders of the Wilmington Savings & Trust Company will be held in this city on next Monday afternoon.

We invite attention to the ad. of Mr. R. C. Orrell, proprietor of the livery and sale stables, corner Third and Princess streets, as it appears in this issue.

We have knives for your boys and scissors for your girls. What will please them more for presents? N. Jacobi Hardware Co.

Do you use loaded shells? You will find that they will save you time, trouble and expense. For sale by the N. Jacobi Hardware Co.

**Indications.**  
For North Carolina, fair and slightly warmer, except along the coast nearly stationary temperature.

Silver-plated knives, forks, spoons, and child's sets, carving knives and forks. Make your friends happy by making useful presents. A nice line of the above is offered by the N. Jacobi Hdw. Co.

**Bridal Reception.**  
A reception was tendered last night, at the residence of Maj. T. H. McKoy, to Lieut. E. A. Anderson, U. S. N., and bride. A great many friends of the gallant groom called to tender their acknowledgements and to make the acquaintance of the fair young bride. The harpers furnished music and the young folks could not let the opportunity pass without indulging in the dance. It was a pleasant evening, one long to be remembered.

**T. P. and W.**  
Thatcher, Primrose and West have come and gone. They carried the town by storm, as it were. The house was chock full last night and the performance was superb. It is the first time in our recollection that we have seen the ladies turn out in force to see a minstrel performance in Wilmington. Having gone once, they will be sure to go again, for there was nothing either displeasing or disappointing in last night's entertainment. It was a fine show and no mistake.

**From the Dim Past.**  
We understand that a number of the friends of Col. James G. Burr, the historiographer of the Cape Fear, have induced that gentleman to consent to deliver a lecture, in the Opera House on next Wednesday evening. Col. Burr will speak then of the old times here and of names and deeds and memories which are fast gliding into oblivion but which should be rescued and preserved. He will call upon a regular storehouse of old incidents and we know that the paper he will present will be one brimful of interest to all. No man among us is more qualified for such a talk than is Col. Burr and we look for a real treat on the evening in question. Fuller particulars will appear a little later.

Nobody can write scientifically of woman's apparel. The man who attempts it is lost. It is different with Dr. Bull's Cough Syrup. Either sex is fully acquainted with the merits of this noted remedy.

**Personal.**  
Dr. W. T. Ennett, of Burgaw, was in the city to-day.

Hon. C. W. McClammy was in the city to-day, en route for Washington.

Mr. R. M. Croom, of Burgaw, and Mr. W. J. Sutton, of Bladen county, were in the city to-day.

Mr. and Mrs. W. A. Johnson, of Clinton, were in the city to-day, the guests of Mr. and Mrs. H. P. West.

We are sorry to hear that Mayor Fowler is still quite sick and confined to his bed.

We are glad to hear that Mr. Jno. F. Garrell is better and hopes to be out in a few days.

**Only Two in Fifty Years.**

Rev. Robert Strange, the beloved Rector of St. James' Church, has been made happier this New Year than usual. He is the father of a pretty little girl which was born, we hear, on New Years. It is notable that this is the first child born to an Episcopal clergyman in this city in a quarter of a century and it is the first which has been born in St. James' Rectory since the birth of Rev. Robert Drane, not less than 35 years ago. Indeed, it is said that there have been but these two births there in nearly 50 years.

**Installation of Officers.**

At the regular meeting of Orion Lodge No. 67, I. O. O. F., held last night, District Deputy Grand Master W. G. T. Keen, assisted by the following Past Grand, W. M. Hays, Grand Marshal, D. F. Barnes, Grand Warden, C. D. Morrill, Grand Secretary, N. Jacobi, Grand Treasurer, and W. S. Hewlett, Grand Guardian, installed the following officers to serve for the ensuing term:  
S. P. G.—F. B. Rice.  
N. G.—G. H. Ward.  
V. G.—John E. Silva, Jr.  
R. S.—J. M. McGowan.  
F. S.—W. C. Farrow.  
Treasurer—Jno. L. Dudley.  
Conductor—H. O. Craig.  
Warden—J. J. Burnett.  
R. S. to N. G.—W. H. Scarborough.  
L. S. to N. G.—G. W. Branch.  
R. S. to V. G.—J. T. McCumber.  
L. S. to V. G.—John S. Barnes.  
Chaplain—B. S. Montford.  
R. S. S.—F. Laella.  
L. S. S.—A. T. Hewlett.

**Trustees of Widows' and Orphans' Fund.**—G. M. Altaffer, J. L. Dudley, W. S. Warrock.

The installation ceremonies were attended by a number of members of Cape Fear Lodge, and a pleasant time was enjoyed by all. This lodge has now ninety three members in good standing.

**Mortality Report for December.**

Dr. F. W. Potter, Superintendent of Health, has filed his report for the month of December. There were 10 deaths among the whites and 19 among the colored population. Of the former 5 were males and 5 females; 4 were adults and 6 were children. Of the latter 9 were males and 10 were females; 12 were adults and 7 were children. Of the number there were 4 still-born children, two white and two colored, which should be deducted from the above, as also one brought here from elsewhere for interment and one brought here sick and in extremis. This makes a total of 23 in a population of 25,000, less than one per cent. of the population; or, less than one death in 1,000. This is a good showing and evidences very plainly, to our mind, the continued benefits derived from the sanitary regulations adopted last Summer.

Dr. Potter says to the Board of Aldermen that we have cause to be thankful for the escape from the pestilence that last Summer devastated other cities and thinks that the sanitary regulations should be continued and enforced so that we may be prepared for anything which may possibly menace the Atlantic Seaboard next Summer.

**Rock Crystal Spectacles and Eyeglasses.**

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

## Pounded.

Night before last our Methodist friends, in addition to pounding Rev. Mr. Creasy, visited the residence of Rev. Mr. Swindell, Presiding Elder of this district, corner Mulberry and Second streets, and filled his pantry full of good things. Mr. Swindell has made himself very popular during his short stay here.

## A Very Large House.

Last night's audience at the Opera House was the largest we have seen there in years. There were probably not less than 1,000 persons present. The estimated seating capacity of the Opera House is nearly 1,300 on the three floors—492 in the parquette and orchestra, 400 in the dress circle and 400 in the gallery. It is said that there were not many vacant seats last night. The gallery gods were out in force. Our estimate is therefore hardly excessive.

## Call for a Sanitary Convention.

We have received a copy of "A call for a North Carolina Sanitary Convention, in Raleigh, on Wednesday, February 6, 1889," which we take pleasure in publishing herewith, omitting the long list of signatures, for which we cannot find room in this issue. It is as follows:

The interests appertaining to the public health are of such increasing importance that its demands can no longer go unheeded by the general public. The time has come when men of all professions who have given the subjects of public and private sanitation any consideration, should assemble to interchange views, and begin in earnest the study of the living questions which concern healthy homes and healthy towns.

1. Many towns in the State have reached a condition of "progress" which have brought them face to face with the problems of sewerage and water supply, involving vast sums of money and the future health of unborn thousands.

2. Our State has numerous locations, the merits of which are attracting the attention of physicians and invalids in many States, North and West, and these must be studied by us with definite purpose and concerted effort that we may present the public with authoritative statements as to the actual condition of our unoccupied sanitarium.

3. The questions involved by the appearance now and then of pestilential diseases in States so intimately bound to us by railroad communication that their cause is our cause in a philanthropic as well as a business sense, that we must study them and discuss them in order to disarm these epidemics of their greatest dangers, and to quell the panics that do more harm, if possible, than the pestilence.

4. The interests of the public health of the State while of necessity, at this stage of its development, entrusted to the medical profession, must be dependent for its vitality upon the interest the general public takes in it, for it is the cause of the people. A Convention, therefore, of the representatives of the people, officials cognizant of the defects of the sanitation of our houses and towns and institutions, and private citizens who have been studying with interest and practising with all the lights they have, the minutiae of health laws, is a potent way of disseminating information and of studying our defects and the ways to remedy them.

For these and many other considerations, we the undersigned, deem it appropriate to call a Sanitary Convention, to meet in Raleigh on Wednesday, the 5th day of February 1889, asking that a good attendance may be had of County Superintendents of Health and other officials entrusted with the supervision of the public health, and of farmers, lawyers, doctors, ministers, civil and mining engineers, Mayors of towns, Chairmen and members of the Board of County Commissioners, Superintendents of asylums for the insane and indigent, officers in charge of hospitals and penitentiaries, school-teachers, railroad officials, and every citizen interested in the present and future health of our communities and homes.

After organization the following topics will be presented:  
"How can we best secure economical disposal of refuse in our towns?"  
"The prospects of the future water supply in our large towns?"  
"Some of the facts concerning the Sanitarium in our State?"  
"What is being done towards providing healthful school houses in the smaller towns and the country?"  
"How can we establish a Bureau of Vital Statistics, that we may put on record of our guidance and information the destiny of the population as regards births, diseases, deaths, and the history of epidemics dangerous to the public health?"  
"Our inland and maritime quarantine?"  
"What is needed to sustain the efforts of the North Carolina Board of Health?"

The N. Jacobi Hdw. Co. still lead in the sale of the best and cheapest heating and cooking stoves.

## Messrs. R. Henry Newton and Geo. A. Bishop have formed a co-partnership in the style of Newton & Bishop and have located on Front street, next to the Market House, where they will deal in oysters, eggs, fruit, vegetables and all kinds of country produce. They deserve to do well and we believe that they will do well. See ad. in this issue.

## A Bad State of Affairs.

A lady in this city received a letter a few days ago from her mother at Abbottsburg, wherein she was told that she (her mother) had not had any meat to eat for a week and three days. On receipt of this letter, she, much worried, wrote to a married sister at Abbottsburg to know why it was that her mother was unable to obtain meat, and begging that she be supplied, when for answer she received a letter stating that she herself had not tasted meat for ten days and that there was not a pound of meat either in Abbottsburg or Bladenboro.

## Live Long and Die Hard.

Three small men met on the street here to-day. They were representatives of three different counties, Judge Russell, of Brunswick, ex-Sheriff Sutton, of Bladen, and Mr. R. M. Croom, of Pender. The aggregate weight of the three is just 788 pounds. The editor of the REVIEW came along and as the representative of New Hanover made one more to the party and ran the aggregate weight up 300 pounds, making it 988 for the four, but he was considered a mere baby in that crowd and was ruled out. The fact is, people live long, grow fat and die late in this favored section of the country.
