**Charlotte News:** The darkies are moving out West at a rapid rate. Passenger Agent McClesky to-day told us that if the exodus keeps up at the present rate much longer, the "black belt" will be transferred from the Southern States to Arkansas, Kansas, Texas and California.

Ever since the Christmas holidays, train load after train load of darkies have passed through Charlotte for the West, and they are still going. One train passed through the city to-day filled with darkies from the eastern part of the State.

**Greensboro Patriot:** The merchants of Greensboro will memorialize the next General Assembly of North Carolina in a petition asking a repeal of the Merchants' Purchase Tax.

The Bank of Guilford opened for business this week in its handsomely finished quarters on South Elm street.

The meetings of Evangelical Pearson have been postponed from February until May, and estimates have been made looking to the erection, at some central and convenient point, of a temporary building for the accommodation of the large crowds which may be expected.

**Durham Plant:** Col. J. I. Allen suffered a serious stroke of paralysis last night at the residence of Mr. Jesse Brooks, on Caswell Heights, and lies to-day in a critical condition.

Mr. H. N. Snow, who attended a meeting of the Executive Committee of the State Sunday School Convention, at Raleigh yesterday, informs us that the committee decided upon Charlotte as the place and the 2d, 3d and 4th of April as the time for holding the next session of the State Convention.

The committee also ordered that a call be issued for county conventions to be held on the 22d of February for the purpose of electing delegates to the State Convention.

**Concord Times:** On Christmas day while out hunting George Corriher, a lad of 14, the son of Geo. Corriher accidentally shot and killed himself. The night of the 25th, after Manford Kirk had retired to sleep, he was awakened by the noise of some one trying to enter his house. He arose and ordered orders for loading his gun and while doing so the person returned and began trying to force the front door, Kirk all the time calling on him to desist. Finally, the door gave way and as the man entered he was struck over the head and felled by a blow from the unloaded gun in the hands of Mr. Kirk. The man proved to be a negro named Green Horne. His skull was fractured and he died in a few moments. He was probably under the influence of liquor.

**Charlotte News:** The new Baptist Church, known as the Trade Street Baptist, has been completed, and the first religious service will be held in it to-morrow night.

Old Jake Griddle is a memory of the past. He strayed from the county poorhouse last Sunday, and a day or two ago his dead body was found in the woods in Sharon township. Coroner Cathey held an inquest over the body to-day and the jury found that Jake came to his death through exposure. Nobody knows how old Jake was. People who have lived here for forty years say that he was an old man when they first knew him. Jake used to talk about hav-

ing seen Mars George Washington when he passed through this section, but was always careful to admit that he was a young negro then. Jake must have been 180 years old when he died. He might have been even older than that, but 180 is about as high as we can go on him.

**Rock Crystal Spectacles and Eyeglasses**  
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.

THE ACME and GEM, is now established, and the results of three years' use in the hands of the best farmers of this and other States attest their value as a high grade manure.

THE FIBRE or WOOL is extensively used for upholstering purposes, and as a filling for mattresses (notably the Railway articles), and is elastic and proof against insects.

Cerificates from reliable parties using our goods can be seen at our office, or will be mailed upon application.

**Scribner's Magazine**

**For 1889.**

The publishers of SCRIBNER'S MAGAZINE aim to make it the most popular and entertaining of periodicals, while at all times preserving its high literary character. 25,000 new readers have been drawn to it during the past six months by the increased excellence of its contents (notably the Railway articles), and it closes its second year with a new impetus and an assured success. The illustrations will show more effects, and nothing to make SCRIBNER'S MAGAZINE attractive and interesting will be neglected.

THE RAILWAY ARTICLES will be continued by several very striking papers; one especially interesting by Ex-Postmaster General Thomas L. James, on "The Railway Postal Service."

MR. ROBERT LOUIS STEVENSON'S serial novel "The Master of Ballantrae" will run through the greater part of the year.

A CORRESPONDENCE and collection of papers are arranged to appear by Clarence Cook, E. H. Blasfield, Austin Dobson and many others.

FISHING ARTICLE describing sport in the best fishing grounds will appear. Salmon, Winnebago, Bass and Tarpon are the subjects. The fishing season, etc., will appear, and be most interesting. The authors are well known sportsmen.

ILLUSTRATED ARTICLES of great variety, touching upon all manner of subjects, travel, biography, description, etc., will appear, but not of the conventional commonplace sort.

Among the most interesting in the list of scientific papers for the year will be a remarkable article by Prof. John Trowbridge, upon the most recent developments and uses of PHOTOGRAPHY.

A class of articles which has proved of special interest will be continued by a group of papers upon ELECTRICITY in its most recent applications, by eminent authorities, in remarkable paper on DEEP MINING, and other interesting papers.
