A True Tonic.
When you don't feel well and hardly know what ails you, give B. B. (Botanic Blood Purifier). It is a fine tonic. Dr. C. Callahan, Charlotte, N. C., writes: "B. B. is a fine tonic, and has done me great good."
W. Thompson, Damascus, Ga., writes: "I have B. B. B. is the best blood purifier made and has greatly improved my general health."
An old gentleman writes: "B. B. gives me life and new strength. If there is anything that will make an old man young, it is B. B."

A. Shepherd, Norfolk, Va., August 10th, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."
Mrs. Paulk, Alabama, Ga., writes: "I suffer terribly from dyspepsia. The use of B. B. has made me feel like a new man. I did not take a thousand dollars for the good this has done me."
C. M. Cheshire, Atlanta, Ga., writes: "I had a long spell of typhoid fever, which at last seemed to settle in my right leg, which swelled enormously. An ulcer also appeared which discharged a cupful of matter a day. I gave B. B. B. a trial and it cured me."

No City Court to-day.
Portable fire-place grates. Just the thing for our climate. Are sold by the N. Jacobi Hdw. Co.

All kinds of School Books and School Supplies can be bought cheapest at Heinsberger's.

The N. Jacobi Hdw. Co. still lead in the sale of the best and cheapest heating and cooking stoves.

Dr. Pritchard will preach to-night at the Baptist Chapel, corner Fifth and Wooster streets, at 8 o'clock.

The blood is the source of health. Keep it pure by taking Hood's Sarsaparilla, which is peculiar in its curative power.

We have knives for your boys and scissors for your girls. What will please them more for presents? N. Jacobi Hardware Co.

Nor. barque Adjustor, Nielsen cleared to day for London, with 2,361 barrels rosin, valued at \$2,445, shipped by Mr. J. W. Bolles.

For North Carolina, fair on Tuesday followed Wednesday by rain, and slightly warmer weather.

Do you use loaded shells? You will find that they will save you time, trouble and expense. For sale by the N. Jacobi Hardware Co.

We are requested to state that the meeting of the Wilmington Operatic Company, called for this evening at Capt. Northrop's residence, has been postponed until further notice.

The water from the artesian well at Hilton, taken up at a depth of nearly 500 feet, has a decidedly mineral taste and a not altogether unpleasant one. Mr. James C. Munds has some of it at his drug store on Princess street where anybody can get a glass of it, free of charge.

The Glass Blowers.
Madam Norah's troupe of glass blowers and workers and spinners will open here on next Tuesday night for a short engagement. Mr. A. Seabury, the proprietor, is in the city to-day making arrangements for their appearance here. Further particulars will be announced in a few days.

The Inside Track.
The second and last performance of the Byron Combination was given at the Opera House last night. The Inside Track was the piece and it was presented in excellent style. The audience was not very large—although it was a good house—but it was an appreciative one, as was testified by the unstinted applause they gave.

Put Back Leaking.
Schr. Maggie Abbott, which cleared from this port on the 9th inst. for Barbadoes, with a cargo of lumber, put in at Southport yesterday leaking, and was towed to the city, where her deck load will be discharged and if necessary the vessel will be hauled up on the marine railway.

Off for Raleigh.
The Wilmington Light Infantry will leave here to-morrow night at 7 p. m. on the Carolina Central R.R. en route for Raleigh, where they will attend the inauguration of the Governor elect on Thursday. There will be, according to the present count, 38 men, rank and file. The Germania Cornet Band will accompany them and they will carry 17 pieces.

Audit and Finance.

The Board of Audit and Finance met in adjourned session yesterday afternoon to receive the report of the committee appointed to investigate the purchase of the new truck for Hook and Ladder Company No. 1. All the members of the Board were present with the exception of Mr. Maunier; and Acting Mayor Fishplate, Alderman Dudley, Mr. Fennell, foreman of the Hook and Ladder Company, and Mr. Ed. Daniel, assistant foreman, were also in attendance.

Mr. Wm. Calder, of the special committee, read the report, as follows:

To the Members of the Board of Audit and Finance:
In accordance with the resolutions adopted at your meeting on the 7th inst., we have enquired as to the facts connected with the purchase of the new truck for Hook & Ladder Co. No. 1, and beg leave to report as follows:

At the time of making the appropriations for the fiscal year beginning April 1st, 1888, the committee of the Board of Aldermen on the Fire Department represented that it was necessary to provide a new truck for the company, and the foreman of the company then stated that the old truck was worn out; that it was top-heavy and dangerous for the men to ride on; that the ladders were decayed and dangerous, and that unless a new truck was obtained the company was in danger of becoming disorganized.

The sum of \$2,000 was then appropriated for that purpose, this amount being considered ample. Later, on the 2d of July, representations were made to this Board that \$750 more was needed, and an additional appropriation of the amount was made.

In the interim, negotiations for the purchase of a truck had been carried on with the La France Fire Engine Co., conducted principally by Mr. H. J. Gerken, foreman of the Hook and Ladder Company and also chairman of their purchasing committee, and on the 23d of June a formal contract was entered into for the purchase of a truck for \$2,000, cash on delivery, and \$750 on the 10th day of April, 1889. This contract was signed by the agent of the manufacturers, the Mayor of the city and the Chairman of the Board of Audit and Finance. It contained full and explicit specifications, as to all particulars, except the weight of the truck. It is now said that this was stated in the catalogue to be 4,800 to 5,000 pounds, being the lightest city truck they could make.

Upon the arrival of the truck in October, public tests were arranged for in the afternoon and at night, and were duly advertised. Mr. Dudley, a member of the Committee on Fire Department, was notified by the foreman of the Company at the request of the Mayor, and he with the Mayor was present at the afternoon test. He was not present at night, but the Mayor was, and then received verbal reports from the Chief of the Fire Department and the Foreman of the Company, that the truck was satisfactory and fully up to specifications.

The next morning, Oct. 10th, the agent of the manufacturers being anxious to obtain a settlement, the Foreman of the company went with him to the Mayor's office, on the way notifying Mr. Dudley that they were going there for a settlement. The agent agreed to deduct three per cent. from the whole amount for payment of cash in full, and the Mayor then went to the chairman of this Board who signed the warrant, upon his statement that the Chief of the Fire Department and the Foreman of the Company reported the truck all right and satisfactory.

The manufacturers had agreed to purchase the old truck from the company for four hundred dollars. This they did and then sold it to two of our citizens for two hundred and twenty five dollars. We are satisfied that the purchasers then had no idea that the city would ever wish to buy it, but they expected to sell it to some other city. Unfortunately, in all the tests of the new truck, no sufficient trials were made as to its weight and the possibility of two horses pulling it through our heaviest roadways, and experience has since demonstrated that they cannot do so. The truck has never been weighed, but it is thought it will weigh 6,000 pounds with all its equipments on.

Those interested then suggested to the owners of the old truck that the city might buy it back, and they agreed to sell it for \$450. The purchase of it at this price has been recommended by the Fire Committee, sanctioned by the Board of Aldermen and disapproved by the Board of Audit and Finance. Its purchase would necessitate a further considerable outlay to enlarge the Hook and Ladder house, so as to accommodate both trucks.

Respectfully submitted,
WM. CALDER,
W. I. GORE.
Wilmington, Jan. 14, 1889.
On motion of Mr. Hewitt the report was received and the committee discharged, and a further motion for a reconsideration of the recommendation of the Board of Aldermen to purchase the old truck was

adopted.

The matter was discussed informally. Mr. Calder said that it was evident that a blunder had been made; some one was responsible, and if any one was to blame it rested upon the Hook and Ladder Company. He thought that the company having got the city in this fix, they should take the money they got for the old truck and buy it back.

Mr. Fennell said that the company would not buy the old truck, that a majority of the members did not want it.

Mr. Jones was opposed to buying the old truck back at \$450. He thought the proposition made by one of the members of the Board to exchange the new truck for one that would meet requirements was the best that could be done.

Finally, it was decided to refer the matter back to the Board of Aldermen to see what disposition could be made of the new truck—either to sell it or exchange it—and in the meantime to dismantle the truck of the heavy extension ladder, and make such other alterations as would be necessary to fit it for use.

The S. P. C. A.

The annual meeting of the Society for the Prevention of Cruelty to Animals were held last night in the Mayor's office at the City Hall. President A. S. Heide was in the chair, with Mr. Gilbert H. Greene, secretary. There was a large attendance of members.

The secretary submitted his annual report, showing the Society to be in a good condition financially, and steadily growing in membership and influence.

An election for officers was held and the following were chosen:
President—A. S. Heide.
Vice Presidents—F. A. Lord, F. Rhew, J. R. Marshall, S. W. Holden, Dr. E. A. Anderson.
Secretary and Treasurer—G. H. Greene.

It was resolved to petition the Legislature to give magistrates final jurisdiction in all cases coming before them under the law for the protection of animals, and to grant a charter to the association, etc.

A committee was appointed to take charge of the above matter, consisting of Jno. J. Fowler, A. S. Heide, Dr. E. A. Anderson, G. H. Greene and J. R. Marshall.

Oakdale Cemetery.

The lot holders of Oakdale Cemetery Company assembled at their office last night. Mr. Walker Meares was appointed chairman and Mr. R. J. Jones secretary. The reports of the President and of Superintendent Donlan were read and showed a satisfactory condition of the financial status of the company, and of the improvements of the grounds.

The following officers were elected to serve for the ensuing year: Donald MacRae, president; Dr. A. J. DeRosset, George R. French, W. H. Northrop, Clayton Giles, James H. Chadbourne and D. G. Worth, directors.

Personal.

Mr. A. H. Perry, of Jarvis, was in the city yesterday.

Dr. E. W. Ward, of Jacksonville, was in the city to-day.

Mr. E. Murrell, Sheriff of Onslow county, was in the city yesterday.

Col. Thos. W. Strange has gone to Raleigh to attend the inauguration.

Col. B. R. Moore and Messrs. Marsden Bellamy and Jno. D. Bellamy are attending Pender county court at Burgaw.

Mr. H. M. Lee, of Washington City, reporter and correspondent of the Associated Press, was in the city to-day and favored us with a visit.

To Wilson for a Few Days.

Mr. W. Friedberg, the well known dyer of this city, will leave here in a few days for Wilson, where he is well known, and where he goes to receive orders that are awaiting him. His absence from the city will be for a short time only and in the meantime Mrs. Friedberg, who will remain here, will receive orders and conduct the business just as though Mr. F. were present.

A pair of pants was stolen from Mr. Penny's store, on South Front street, near the market, and the thief got away with them. Mr. Penny was busy waiting on some customers and saw the thief, a colored man, slip out with the pants, but he lost him in the crowd outside.

"Oh speak, ye ghosts of the dead, and say what killed you?"

The answers come, borne on the fierce east wind: "Cold! cold! cold!" Then let us be thankful that since then we have Dr. Bull's Cough Syrup.

The Campanini Concert.

There are a few good seats left at this writing for the Campanini entertainment to-night. It promises to be the largest, most brilliant and most fashionable audience of the season. With the music lovers—and our people are all essentially that—it will be an event not readily forgotten. The New York Times says:

Signor Campanini's operatic concert company gave its second concert at Stienway Hall yesterday afternoon in the presence of a large and enthusiastic audience. The good impression made by the company on the previous evening was confirmed, and there is every reason to believe that Signor Campanini will have a prosperous season in this country. Signorina de Vere, the prima donna, was warmly received, and completely carried the audience away by her excellent singing. It is hardly necessary to repeat what was said yesterday in regard to her singing. Her vocalization is of the best Italian school, and her voice is one of the most agreeable that has come hither from the sunny land of song for some years. She sang yesterday Benedetti's variations on the "Carnival of Venice," and after repeated recalls added the shadow song from "Dinorah." She was also heard in three concerted numbers. Signor Campanini sang "Salve dimora" as no one but himself can sing it. His delivery was a triumph of vocal art. Miss Groebel sang an aria from Mercadante's "Giuramento" very well, and Signor Stehle gave a commendable rendering of "Cielo e mar" from "La Gioconda." Signor Bologna and Signor Carbone added to the general edification.

His Reward.
WHILE IN WILMINGTON THE OTHER day we had the pleasure of meeting William Friedberg, who is well known to the people of this community. He is still engaged in dyeing and renovating old clothes, and making them look as good as new. He has built up a good business in Wilmington, and is now enjoying the rich reward of honest, and faithful and industrious effort. He does as good work as can be done in the State, and is therefore making a fine success. He will be in Wilson soon, and those of our people who wish to have dyeing done cannot patronize a cleverer or more deserving man. We have tried him, and his work gives perfect satisfaction.—Wilson Mirror.
