# THE DAILY REVIEW

VOL. XIII. WILMINGTON, N. C., TUESDAY, JANUARY 22, 1889. NO 19.

Sir Francis De Winton is of the opinion that Stanley reached Emin in November, and that his journey from Emin's headquarters to the east coast would occupy from six to ten months.

The New York Herald is making a strong fight against a rapid transit bill now before the Legislature of that State, which opens the way for an elevated road on Broadway. The Herald favors an underground road from the battery to the park.

The Charleston News and Courier is the most enterprising newspaper in the South. On Sunday, in addition to its usual excellent miscellany of matter for that day, it published a complete novel in the one issue, "Miss Bretherton," by Mrs. Humphrey Ward, the author of Robert Elsmere.

The Banque Parisienne has assumed the entire cost of the organization of the new Panama Canal Company, but it stipulates that after the opening of the canal it shall receive annually 1 per cent. of the net profits. No doubt is entertained that the meeting to be held on the 26th inst. will approve the scheme. If 300,000 proxies are not obtained the company will be judicially wound up.

The Northern papers published on Sunday a long report of outrages alleged to have been inflicted in Samoa by Germans on American residents there which, if true, may be found serious enough to make a *casus belli*. But the report has been denied and we are more inclined to believe the denial than the report. In the meantime the *Vandalia* has sailed for Samoa and she will be followed very soon by the *Monongahela*.

A Kansas City special says that seven persons, fleeing from a small-pox scourge in Denver, arrived in the city on Thursday night. They report that business is very much demoralized, and that people are getting out of Denver by every train. They say that there are 75 cases of small-pox in the city and 700 in the pest house. A dispatch from Denver says the report is exaggerated, that only fifty cases have been reported, not more than usual at this season.

Portable fire-place grates. Just the thing for our climate. Are sold by the N. Jacobi Hdw. Co.

Dr. Pritchard will preach to night at the Baptist Chapel, corner Fifth and Wooster streets, at 8 o'clock.

The worst feature about catarrh is its dangerous tendency to consumption. Hood's Sarsaparilla cures catarrh by purifying the blood.

If you want a picture framed go to Heinsberger's. He has a large assortment of Mouldings to select from.

And what is to be done about making a permanent encampment ground for the State Guard at Wrightsville?

We have knives for your boys and scissors for your girls. What will please them more for presents? N. Jacobi Hardware Co.

Do you use loaded shells? You will find that they will save you time, trouble and expense. For sale by the N. Jacobi Hardware Co.

A cow was run over to-day on Princess street, near the Opera House, by one of the street cars and maimed. It will probably have to be killed.

Silver-plated knives, forks, spoons, and child's sets, carving knives and forks. - Make your friends happy by making useful presents. A nice line of the above is offered by the N. Jacobi Hdw. Co.

There was no City Court to day.

The receipts of cotton at this port to day foot up 478 bales.

For North Carolina, warmer and fair weather.

The fire steamer *A. Adrian* was out this afternoon with a squad of firemen for practice.

"The power of music, all our hearts allow," but there are a few ignorant persons who have not learned yet, that all colds are cured by Dr. Bull's Cough Syrup. Buy it and try it, 25 cents a bottle.

A drunken white woman, bare-headed, was escorted by Market street to-day to the guard house. Such a thing has become an exceedingly rare sight of late.

There is nothing more booked for the Opera House this month. The next thing will be Frederick Warde, in "The Royal Guard," on February 4th, next Monday week.

The interment of the remains of Mr. Geo. H. Kelley was postponed from to-day until to-morrow. The services will take place to-morrow morning at 11 o'clock, at Grace Church, and the interment will be at Oakdale.

Mr. W. H. Smith, of Marquette, Michigan, the contractor for the construction of the new public building, is in the city and work will now be begun in earnest. Some of the lumber for the first stages of the work was landed on the site to-day. The work of cutting down the hill and leveling the site is nearly completed.

There has been another change in the weather, following rapidly in the footsteps of the cold wave. The wind, which was from the North and Northwest during the night and early this morning, got around to the East this forenoon and the outlook now is for rain and warmer weather.

Ger barque *Erna*, Beyer, cleared to-day for Buenos Ayres, with 408,054 feet lumber and 26 cases tobacco, valued at \$7,715.00, shipped by Mr. E. Kidder's Son, and Ger barque *Jacob Arndt*, Steinkros, cleared for Antwerp, with 539 casks spirits turpentine and 2,982 barrels rosin, valued at \$15,659, shipped by Messrs. Paterson, Downing & Co.

A Distinction and a Difference.  
It seems that we were in error yesterday in saying that the thermometer would fall 40 degrees by this morning. The advices read that it would fall to 40 degrees. We read it the other way but we read it wrong. Mr. Chaffee calls our attention to the error and we cheerfully make the correction. The thermometer did fall to 40 degrees and hence the signal office predictions was literally verified.

The Confederate Pensioners.  
The Confederate pensioners will meet in convention in Raleigh to-day. The delegates from this city are Messrs. W. W. Mintz, Peter Smith and M. T. Davis. It was expected that there would be about 40 delegates in all in convention but this number will probably be exceeded. The citizens of Raleigh will provide for their entertainment while they remain in that city and the railroads furnish free transportation. Col. E. D. Hall, by request, accompanied the delegates from this city.

A Very Pleasing Piece.  
Mr. Geo. H. Adams and his troupe appeared at the Opera House last night to a large audience in the ridiculous, nonsensical, go-as-you-please, side splitting extravaganza of "He, She, Him, Her." There is no sense whatever in the piece and no plot, but it is about as full of good laughs as the Cape Fear is of water on a forty-foot freshet. There is nothing whatever objectionable in the entertainment. The ladies are all pretty, modest and piquant and there are no objectionable scenes or immodest action in the piece. There is hardly an indifferent actor in the entire troupe. Mr. Adams is as much at home in this piece as he was formerly in his renowned personations in Humpty Dumpty and Miss Toma Hanlon is young, pretty, sprightly, vivacious and delightful. But it was all good and for nearly three mortal hours the large audience were kept in roars of laughter.

Audit and Finance.

The Board met yesterday afternoon in regular session. Present: Messrs. R. J. Jones, chairman, William Calder, W. I. Gore, John W. Hewett.

The Board concurred in the recommendation of the Committee on Markets of the Board of Alderman, that Giblem Lodge be rented for a market house, at the rental of \$12.50 per month.

An appropriation of forty dollars for repairs to Mt. Tirzah Hospital (below the city), recommended by the Board of Alderman, was concurred in.

Coupons amounting to \$4,414, which has been redeemed and cancelled, were burned in the presence of the Board.

Mr. W. B. McKay presented bond No. 158, for one hundred dollars with coupons attached, from January 1, 1881, to July 1, 1887—fourteen in all, of \$4.00 each, the principal and coupons amounting to \$156, and the records of coupons paid showing that the city had paid on this bond four coupons filled up for \$16.00 each more than was correct, leaving a net amount of \$92 due him. On motion, it was resolved that the treasurer be authorized to pay the sum of \$92 in full settlement for said bond and coupons.

Bills were audited and approved as follows: Current expenses, \$83.92; notes \$21,000; interests on same \$167.78.

After the routine business had been disposed of, Mr. R. J. Jones, the chairman of the Board, offered a resolution, the substance of which was that the Board of Aldermen be requested to revoke the appointment of trustees and call in the bonds issued to the W., E. C. & Onslow Railroad Co., which have been signed and placed in the hands of the trustees; and, if necessary, to resist the claims of the railroad company to a subscription by the city on the ground that work upon the road had not been commenced within the time required by the law under which the subscription was made.

The matter was discussed informally by the members present, and at the suggestion of Mr. Gore it was determined to defer consideration of the resolution until the next regular meeting.

The First Anniversary.  
Our columns were so crowded yesterday that we could not report in that issue the anniversary meeting of the Young Men's Christian Association, held in the First Presbyterian Church on Sunday night, and at which there was a large attendance, notwithstanding the very inclement weather.

The services of the occasion were opened with a hymn, which was followed by a prayer delivered by Rev. Robert Strange. The Association was organized but little over a year ago and was begun by five young men, who instituted meetings at a private residence. The membership to-day is more than two hundred and the Association now has its own spacious rooms, with literary and reading rooms and with the promise of a large increase in the sphere of its usefulness in the early future. Mr. P. B. Manning, the President of the Association, read a brief review of its history at the meeting, dwelling upon these facts and recording the trials and struggles of his society during the first year of its existence and summarizing its present status as follows:

"We hold weekly devotional meetings; we are regularly caring for our sick young men. We have a reading room open all day, stocked with leading periodicals. We have night classes on practical subjects, under the best instructors, at far below the usual cost."

The Treasurer's report was then submitted and that of the General Secretary, Mr. G. M. Busey, and Prof. A. L. Purington, of Wake Forest College, delivered a pungent and interesting address on "Fools," dividing the species into three classes, the scientific fool, who denied the God of the Bible; the theological fool, who by his bigotry denies the God of Nature; and the practical fool, "who says in his heart there is no God."

A collection was then taken up, the doxology was sung and the congregation was then dismissed with the benediction by Rev. W. S. Creasy.

There was a very heavy frost this morning, but not much ice.

Rock Crystal Spectacles and Eyeglasses.  
Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of *premature old age to the sight*. You can get the best at Heinsberger's.

Superior Court.  
The following cases were disposed of to-day:

T. C. Miller vs. Sam. Bear, Sr. Judgment for plaintiff.  
A. C. Neilson vs. J. B. Achon, agent of the Atlas Dredging Co. A motion to amend process.  
W. H. M. Koch vs. J. W. Hewett, Judgment.

Elizabeth Wilson vs. Archie McQueen and W. M. McQueen. Moved to Robeson county.
