No end, as yet, to the Senatorial dead lock in the West Virginia Legislature. On the last ballot, on Saturday, Kenna had 39 and Goff 39, with four scattering votes.

There were 783 deaths in New York last week, 30 of which were from violence. The estimated population on Saturday was 1,552,988 and the death rate per thousand was 26.22.

The New York *Herald* is now published simultaneously every morning in New York, London and Paris. The first London issue appeared yesterday and it took the Britishers by storm. Great is the *Herald* and great is James Gordon Bennett. The world has never seen a duplicate of either.

It is now settled that the Austrian Crown Prince died by his own hand. The report current is that he had betrayed an Austrian princess, who, when she could no longer hide her shame, made confession to her brother. The said brother thereupon challenged the Crown Prince but gave him the alternative of death by his own hand, of which he availed himself.

The champion scoundrel is a resident of the happy and prosperous West and what should be done with him is a question that may some day puzzle Beelzebub himself. Read this from Chicago:

Mrs. Emma L. Foehrenger was granted a decree of divorce to-day. It appears from the evidence that her husband not only indulged in little eccentricities like chasing his wife around with a butcher knife, but a half hour after the wife's last babe was born he kicked the babe across the room, the sick mother jumping from the bed to pick it up. The shock almost killed her. This act of brutality was witnessed by the nurse.

There are still various and conflicting rumors as to Harrison's Cabinet. But little seems to be positively settled. Money-maker, it is now said, is to be Secretary of the Navy, and not Postmaster General. Jno. F. Swift, of California, it is reported, will be Secretary of the Interior. There is a hitch somewhere about the principal places. It has been reported that Allison would not accept the Treasury portfolio and that in this case Blaine would not be Secretary of State, after all, but the *Herald* has positive information, direct from Gen. Harrison, to the effect that nothing whatever has yet been heard from Senator Allison.

A bill has been introduced in the Senate to make the legal rate of interest 6 per cent. The rate is now 6 per cent, but 8 per cent. may be charged on special contract, in writing. It is this last, we presume, that the bill is aimed at. If so, it is a hurtful and foolish bill and should be done to the death. To make it a law will be to deal a serious blow at commercial interests at this time and the sooner this fact is realized the better for all concerned. As it is, even at 8 per cent., it is sometimes a very difficult matter to get money, even with the best of security. At all events, money does not go begging, in this community, at 8 per cent., and if a reduction of one-fourth is to be made then there will be trouble ahead. Best let it alone, gentlemen.

No preparation could have made such a reputation as Salvation Oil has (in so short a time) without intrinsic merit of the highest order. It kills pain. Price 25 cents a bottle.

Death of Capt. Webster.

We regret very much to hear that Capt. B. H. Webster, High Chief Ruler of the Independent Order of Rechabites, died suddenly this morning in Washington City. There are no particulars. Capt. Webster, it will be remembered, paid a week's visit to our city last month.

City Court.

There was a small crowd assembled at the City Court this morning and the following cases were disposed of:

Jno. Barrett, drunk and down, 10 or 20 days.
Herbert Johnson and Jno. Jones, fighting. Jones was discharged and Johnson held for the costs.
Frank Smith, assault and battery. Case transferred to Justice G. W. Price.
Jno. Long, disorderly conduct. Case continued.
Win. Teney, disorderly conduct, 30 or 30 days in a close cell.

A Disappointment.

It was expected that Rev. Wilbur F. Crafts would be present at the prayer and experience meeting at the Seaman's Bethel last Saturday night, and it was so announced in the press, but some time during that day Rev. P. H. Hoge received a telegram from Mr. Crafts stating that he could not reach here in time to take part in the exercises at the Bethel. In consequence of this fact the usual services were held by our citizens. There was a good attendance and the exercises were deeply interesting. The choir of Brooklyn Baptist Church furnished the music for the occasion.

New Music.

Among the good things that have come along with the new year are the following choice musical publications: "Pleasures of Life," waltzes for piano, by Ware, (50 cts.); "As the Bark Foatech on," a sweet song in waltz time, by Gross, (30 cts.); "Visions of Home," variations for piano, by Dunlap, (40 cts.); "Sing to me, Mother," a choice song by Dow, (35 cts.); and a rare song for bass or baritone voice, entitled "The Old Grenadier," by Mackenzie, (40 cts.). Any of these pieces sent by mail to J. D. Ditson & Co., Boston, Mass. Send also for their free catalogues of all kinds of music.

WHY WOMEN FADE.

Women lose their beauty because colds undermine their life. Dr. Acker's English Remedy for Consumption is an absolute cure for colds. Munds Bros., druggists.

Frank Mayo.

There will be a fine audience at the Opera House to-night to greet Frank Mayo in his dramatization of one of Dumas' best works. It is a spirited piece, full of life and action, and with many thrilling scenes and dramatic incidents. The indications now are that the audience will be large and fashionable. Mr. Mayo will play to-morrow night in "Nordeck."

The Fire This Morning.

The alarm of fire this morning at 2 o'clock was caused by the destruction of three small frame dwellings on McKee alley, between Nixon and Swann streets. They were occupied by Lucy Smith, Andrew Halsey and Robert Halsey, all colored, who also owned the property. The first was insured with Messrs. Smith and Boatwright for \$125, the second with same firm for \$150 and the third with Messrs. Atkinson & Manning, for \$125. They saved nearly all of their effects.

Personal.

Col. W. P. Canaday was in the city to-day.

Capt. John W. Harper is on a business visit to Norfolk.

We were pleased to receive a visit to-day from Mr. Lee Rosenthal, representing the well known clothing house of Goodman Bros., Philadelphia, who is here in the interests of his firm.

The claim of Mr. R. M. Croom, of Pender county, to the seat in the lower house held by Mr. R. C. Johnson, has been definitely rejected, and Mr. Johnson's title confirmed. The committee, Democrats and Republicans alike, reported unanimously in Mr. Johnson's favor.

Postponement.

Owing to the Frank Mayo's troupe playing at the Opera House to night and to-morrow night, it has been thought advisable to postpone the meeting of the Citizens' Association from to-night to Wednesday night, at 8 p. m. It has also been suggested that it might be well to have the meeting in the Opera House, instead of the Mayor's office, as a great deal of enthusiasm is being manifested in the movement and the meeting bids fair to be a large one. Due notice will be given if it is decided to have it in the Opera House instead of the Mayor's office.

Rev. Wilbur F. Crafts.

This distinguished divine and prominent worker in the "Sunday Rest" movement, arrived in the city late last Saturday night. He preached to a large and delighted congregation at the First Presbyterian Church yesterday morning on "the only Defensible Ground of Sabbath Reform," and addressed our citizens generally at the Opera House yesterday afternoon on "the National Sunday Rest Movement." All the available space in the Opera House was thronged with an interested audience, who listened with profound attention to the words of deep piety and wisdom that fell from the lips of the distinguished speaker. At night he preached to a large congregation at the First Baptist Church, with "Sunday Law and Liberty" as his subject.

Carolina Beach.

There will be more than one pleasant surprise in store for those who go down to the sea at Carolina Beach. Much work has been done there during the Winter and many improvements have been made, with more to come. The route has been made shorter, about a mile, it is said. The new pier will be at some distance this side of Gander Hall, where the camp meetings are usually held, and the passage of the lower narrow channel will be avoided. The boats when they turn from the regular channel of the river will hereafter make direct for the pier, without any more turns. The ride on the river is thus shortened and the ride by rail is prolonged. Two boats will run regularly between the city and the pier and the schedule will probably be a fast one. At the Beach there are also many improvements. The hotel building is to be thrown into a large restaurant and dining rooms and fifty cottages are being erected for the accommodation of guests. The *Sylvan Grove* now belongs to this company, whereas last season she was under charter. There will be lively times at Carolina Beach next Summer. The season will open about the first of May.

There was a slight advance in the cotton market here to day.

The Glass Blowers closed their season here last Saturday night. Little Johnny Owens won the prize.

The Cape Fear Steam Fire Engine Co. were out with their steamer this afternoon for regular monthly practice.

Milton Nobles, one of Wilmington's prime favorites, is to appear at the Opera House in this city on next Saturday night. Mrs. Nobles is with him and they are supported by an excellent troupe. The city was being billed to-day for his appearance here.

Exports Foreign.

Ger. barque *Aurora*, Rahden, cleared to-day for Stettin, Germany, with 4,341 barrels rosin, valued at \$4,525, shipped by Messrs. Paterson, Downing & Co.

Nor. barque *Dinorah*, Salvesen, cleared to-day for Bristol, Eng., with 2,872 barrels rosin, valued at \$3,890, shipped by Mr. J. W. Bolles.

Boarded a Dray.

This morning, about 9:30 o'clock, while a street car was going down Front street, it ran into a dray belonging to Capt. J. L. Boatwright, which was on the track and going in the same direction. Both horses were on top of the dray before one could say "Jack Robinson," as it were, but they cleared themselves from the dray and pulled the car from the track. There was no damage done.

Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In selecting spectacles you should be cautious not to take more magnifying power than has been lost to the eye as in the same proportion that you pass that point of increase, will cause you further injury to the eye. Using glasses of stronger power than is necessary is the daily cause of premature old age to the sight. You can get the best at Heinsberger's.
