It seems probable that a rich reward awaits the fortunate archeologist who shall be able to thoroughly investigate the historical records that lie buried in the masses of ruins, the unexplored caves, and the still mysterious burial places of the Northwest. But it is quite improbable that any certain light will ever be thrown on the origin of this curious race which has just been described, or their history. —*Cincinnati Commercial*.

**The Daily Review.**  
 Serenade.

Weep no more, sad fountains, What need you flow so fast? Look how the snows of mountains Heaven's sun doth gently waste! But why such heavenly eyes Heavy not your weeping, That now lies sleeping Softly, now softly lies Sleeping!

Sleep is a reconciling, A rest that peace begets— Doth not the sun rise smiling, When fair at even he sets? Rest you, then, rest, sad eyes, Melt not in weeping! While she lies sleeping Softly, now softly lies Sleeping! —*Downland.*

A novelty in the way of legislation is announced from South Australia. "Boys under eighteen years of age dare not smoke" and everybody, when they catch gold, have to take Dr. Bull's Congia Syrup, as the legislators regard it the only safe remedy for coughs and colds.

**Touched a Sympathetic Chord.**  
 Experienced Tramp—"Hello we are in luck. I hear a husband and wife quarreling in this house. I'll wait until he comes out. Fresh Tramp—"Wot good'll that do?"

Experienced Tramp—"I'll tell him I'm a wanderer over the face of the earth because I can't live with my wife, and he'll give me a dollar." —*Phila Record.*

**WHY WOMEN FADE.**  
 Women lose their beauty because gods undermine their life. Dr. Acker's English Remedy for Consumption is an absolute cure for coughs. Munds Bros., druggists.

**A Word for Bananas.**  
 The banana has a high recommendation as an article of food, because of its nutritious character. One authority announces that one pound of this fruit has more nutrition than three pounds of meal or as many pounds of potatoes, while as a food it is said to be in every sense superior to wheat bread. The natives of the West Indies and other tropical countries subsist largely upon them, and find them, as chemists do, a food containing a large amount and variety of nutriment. A friend of the writer makes them a special and exclusive article of food when he has work requiring considerable and particular attention and accuracy at a time when a regular meal and other food would weaken the action of the mind. He finds that the banana in such cases digests easily and makes no diminution of mental concentration, while at the same time the required sustenance of mind and body is obtained. —*Exchange.*

**Consumption Surely Cured.**  
 To THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy gratis to any of your readers who have consumption if they will send me their express and post office address. Respectfully, T. A. SLOCUM, M.C., 181 Pearl st., New York.

**Western Cliff Dwellers.**  
 One of the most attractive portions of Colorado, if not in the entire West, is that part of the State in which are found the cliff dwellings of a long extinct race. The district in which these ruins are located covers an area of nearly six thousand square miles, chiefly in Colorado, but which includes narrow belts in the adjacent territories of New Mexico, Utah and Arizona.

The ruins of this region, like most others of the extreme West and South, are the remnants in a great measure of stone structures. It is evident, however, that a great portion of the villages and dwellings of the lowlands which comprise this district have been of material other than stone, frequently, doubtless, of brick and adobe combined.

**Advice to Mothers.**  
 MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. July 6 dead & w/y.

**Their Business Booming.**

"Probably no one thing has caused such a general revival of trade at R. R. Bellamy's Drug Store, as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free size \$1. Every bottle warranted.
