The Daily Review.

THURSDAY, FEB. 21, 1889.
IN CONGRESS YESTERDAY.

SENATE.

WASHINGTON, Feb. 20.—Mr. Hoar modified the resolution reported by him yesterday as to Southern elections, (so as to utterly require its reference to the Committee on Contingent Expenses), and as so modified it went over till to-morrow.

The Senate then resumed consideration of the Sundry Civil Appropriation bill. Among the amendments reported from the Committee on Appropriations and agreed to by the Senate, were the following: Inserting item of \$3,000 for expenses of inaugural ceremonies; inserting an item of \$10,000 for the purchase of works of art, under the direction of the joint committee on the Library.

The consideration of the bill was interrupted by the presentation by Mr. Platt of the conference report on the bill for the admission of South Dakota as a State, and for the organization of the Territory of North Dakota. The clerk read the substitute agreed upon by the Conference Committee, looking to the admission as States of North Dakota, South Dakota, Montana and Washington.

A vote was taken, and it was agreed to without division. A message from the President, transmitting the report of the Secretary of State, with accompanying correspondence, touching the case of Lord Sackville, was presented, read and referred to the Committee on Foreign Relations.

HOUSE OF REPRESENTATIVES.

The contest over the direct tax bill was resumed, Mr. Caswell, of Iowa, calling up the conference report as a matter of privilege.

The constitutional features of the bill were discussed and the conference report was then agreed to.

Mr. Springer presented the conference report on the Territorial bill. The bill, as agreed to in conference, provides for the admission of the States of North Dakota, South Dakota, Montana and Washington. The territory of Dakota is to be divided on the line of the seventh standard parallel, proceed west to western boundary of the territory. It is made the duty of the President to admit the new States by proclamation, if the constitutions formed are ratified at an election to be held on the first Tuesday in October. Each of the new States shall be entitled to one representative in Congress, except South Dakota, which shall be entitled to two representatives. Until last night the name of Washington was changed in the bill to Takoma, but it was then stricken out.

At the evening session of the House of Representatives the Senate bill for a light house on Diamond Shoals, off Cape Hatteras, N. C., was passed. An amendment fixes the appropriation at \$500,000, and makes the acceptance of the work from the contractor conditional upon the success of the light.

THE GENERAL ASSEMBLY.

(Star Report Condensed.)

RALEIGH, Feb. 20.—Bills introduced: Relating to Bureau of Labor Statistics; amending constitution relative to incorporated towns; providing for election of justices of the peace; protecting wire fences. The bill to establish free ferries across Cape Fear and Brunswick rivers failed to pass second reading.

On consideration of the Railroad Commission bill (special order), Mr. Alexander offered an amendment changing the salaries of the commissioners to \$2,000 and clerks' \$1,000. Adopted. An amendment to strike out the clause relating to the profession of the commissioners was lost. On a call for the previous question the bill passed third reading.

Bill providing for alternate method for working the public roads passed third reading.

SENATE.

Bill appropriating the money received from taxing the property of

white people to the education of white children, and from colored people's property to the education of colored children, was made a special order for Saturday. Senate adjourned to Friday.

Patrick Henry

uttered a sublime truth when he said, "It is natural for man to indulge in the illusions of hope. We are apt to shut our eyes against a painful truth and listen to that song of that siren till she transforms us into beasts." We are apt to shut our eyes while coids, catarrh or consumption are getting the better of us, hoping not, when our plain duty is to get some remedy like the Golden Medical Discovery of Dr. Pierce, and take it. We should not listen to the song of the siren, but rather heed Longfellow, who tells us to "Act, act in the living present." That means before it is too late. The "Discovery" is one of the great successes of the age—a safe pleasant remedy to take, and can be had of all druggists. It is guaranteed to benefit of cure, or money paid for it will be refunded.

A NARROW ESCAPE.

Col. W. K. Nelson, of Brooklyn, came home one evening feeling a peculiar tightness in the chest. Before retiring he tried to draw a long breath but found it impossible. He suffered four days from pneumonia and the doctors gave him up. Dr. Acker's English Remedy for Consumption saved him and he is well to day. Munds Bros., druggists.

A Happy and a Prosperous New Year

We thank one and all of our patrons and friends for their liberal patronage during the year just closed, and assure them that no pains on our part will be spared to still further merit their confidence.

We are constantly adding the latest production from the Type Founders, but have not the thought necessary to speak of every new font of Type we buy, preferring to let our competitors, who occasionally make a small investment for new material, do the blowing; they invariably copy our styles, and endeavor in every way to duplicate us, becoming mere imitators.

We purpose increasing our facilities during the year, and can safely handle any work offered us.
