Mr. A. W. Watson's store, on Princess street, between Front and Second, is as pretty a place as one can find in a month of Sundays. He received to day a very handsome lot of dinner and teasets. These he gets direct from the importers.

The first of the series of Prof. Tripp's lectures will be delivered ing. this evening at the Luthern Memorial Building. There will be music also during the evening. Miss Minna Scwartz is expected to sing.

The Board of Justices in Pender county were to have met with the County Commissioners at Burgaw to-day, but on account of so much rain lately and the water courses being so full the attendance was probably slim.

The foundations of the new government building are of brick, or concrete. Many expected they would thousand people, citizens of this be of granite. It is said, however, that the brick and concrete are better than stone in a dry sandy soil, and perhaps they are.

To Permanently Organize.

A meeting of the Chamber of Industry will be held this evening for the purpose of effecting a permanent organization of that body. The meeting will be beld in the City Hall. Heretofore the body has been working under a temporary organization and it is hoped that there will be a full turnout from every branch of business and trade in the city on this occason. There is no doubt of the fact that the bill sent up to Raleigh will be passed by the Legislature, and when it returns here it must be submitted to a permanently organized body. The Cape Fear on a Splurge.

There is plenty of rain in the inrise in the river. The old Cape Fear seems to have been on a splurge for the past six months. As fast as one freshet begins to fall off another pleasant one, with a decided touch comes in on top of it. On Saturday the water was talling at Fayetteville but yesterday's rains probably extended into the interior and another rise is confidently looked for.

"Skipped."

That a large audience will be present at the Opera House to morrow evening to witness the appearance here of Fowler & Warmington's clever company in the great laughter producing farcical comedy, 'Skipped by the Light of the Moon' Our correspondent at Burgaw is an assured fact. I have the honor to enclose the mortuary report for February 1889. The number of deaths is 20-less than in February in many years The cause may be due to many things or the effects from the causes which have lessened our death rate to below 10 in a thousand, the average; yet it is more, but not so much as to bring the per centage up to the death rate of several previous years. We will give our very effi cient health officers much credit for their untiring zeal and industry. The condition of tens of thousands of women to day is pitiable in the extreme; they are weak, bloodless creatures, a prey to mental anguish and bodily pain; in a word, "broken down," from any one of numerous causes. To this unhappy multitude we strongly urge the use of Dr. Pierce's Favorite Prescription, an infallible, world-famed remedy, for "female" irregularities and 'weaknesses," and which restores the worst sufferer to vigorous health and reinvests her with all the charms of figure, face and complexion, that receive such willing homage from
