

A WOMAN'S WISDOM.

A Most Interesting Conversation with one of the Best Ladies in the land—Some Valuable Things She has Observed and the Advice she Gives.

"Of all the ladies I have met during the past few years," said Mrs. Stanton recently, while attending a Temperance Convention in New York, "I have not seen more than twenty who seemed entirely well and happy. I have watched the faces of ladies for many many years, and on nearly every one have seen either lines of care, or unhappiness, swollen eyelids, dark lines around them, or some equally certain evidence of ill-health and unhappiness. I am a firm advocate of Temperance, but I believe ladies should take some good tonic or stimulant, and something, too, that is known to be pure and reliable. I have tried Duffy's Malt, and have been benefited by it; and while I do not advocate its use by all, I think very many women could be made healthier, happier, and more attractive to their husbands, lovers, friends and families if they would do likewise.

"The above is only one of many great testimonials from prominent ladies of America as to the pure tonic power of Duffy's Pure Malt Whisky. It is a tonic, a tonic, and not a beverage. It certainly stimulates the circulation, tones up the life, purifies the blood, gives brightness and health to women, strength to men, and is being endorsed by physicians, the clergy, and the more advanced thinkers. It should be borne in mind, however, that there are very many unscrupulous people who seek to profit by the well-known standing and reputation which Duffy's Pure Malt Whisky has achieved, and will claim that they have preparations just as good. Bear in mind that Duffy's Pure Malt Whisky has grown in popularity for years; that it is acknowledged as the only pure remedy of the kind on the market; that it contains no fusel oil; and that it invariably benefits all who intelligently use it.

SATURDAY, MARCH 9, 1889.

Col. Lyman B. Goff, a successful manufacturer of Pawtucket, R. I., who has been in Georgia for several weeks, has organized a company with \$100,000 capital for the manufacture of yarns, twines, knitting cotton, etc. It is proposed to erect a new mill at Porterdale, near Covington, Ga., utilizing the fine water power at that place, and starting with 5,000 spindles, with room to increase the capacity if needed. Work on the new mill will be commenced in a few days.

The Washington correspondent of the New York Tribune, writing on March 3d, says: "There is an interesting incident which concerns the President-elect. He was driving along Pennsylvania avenue yesterday evening, when he saw over a shop a campaign banner which cast some reflection on President Cleveland, while eulogizing himself. He at once asked his son Russell, who was driving with him, to go to the owner of the shop and arrange to have the offensive banner taken down. Russell made inquiries this morning about the owner of the place, hunted him up and got him to promise to remove the inscription which the General had noticed. 'The campaign is over,' said the President-elect, 'and nothing should be said or done now to offend former opponents.'

One of the newest military explosives has just been experimented with in England, on an elaborate scale and with surprising results. It possesses under ordinary circumstances a striking disinclination to explode. Hammer it, it is harmless as clay. Put it in the fire, it smolders dully. Apply friction, it is unresponsive. Shock it with an electric spark, or even a lightning bolt, it is harmless as a brickbat. Put a mass of it on a pile of gunpowder and ignite the latter, it is hurled to one side, unexploded. In brief, it may be handled and transported as freely and as safely as so much sand. But apply a detonating cap properly, and it explodes with terrific force, far greater and more destructive than that of dynamite; giving off no smoke, no flame, and no noxious fumes. Its peculiar qualities of action, as well as the safety of its use, indicate that it will prove valuable in mining and other peaceful arts.

Gen. Rosser is not disposed to let the critics have it all their own way. He publishes in the Baltimore Star the following manly answer to their diatribes:

"The address which I delivered before my comrades of Maryland in Baltimore on the 23d inst. has been so dissected and garbled by the Northern papers that only such isolated expressions as are calculated to irritate and offend have been paraded before their readers.

"I conscientiously believe, and I feel that I demonstrated its truth, that the Southern soldier, as man to man, was superior to the Northern soldier, and that our generals were far able men than theirs; and on these facts alone can I rely for the reason of our triumphs over them while they were better armed, better equipped and more numerous than we were. This fact was stated by me, not for the purpose of or with the view of insulting the manhood of the North, but as laudatory of the manhood, courage, patriotism and devotion of the Southern soldier to the cause to which he devoted his life, his fortune and his sacred honor as a true, brave, patriotic citizen and soldier. Those of the North who are conscious of the truth of my declaration are expected to wince a little and show more or less sensitiveness, but it distresses me to see here in the South a few cowardly, cringing, time serving, policy men and politicians, who, while in their hearts feeling and believing as I do, but because it will not pay, hypocritically and cravenly stultify themselves and profane the glorious memories of the grandest and proudest achievements of our race by 'applauding the victor and condemning the vanquished.'

"To such parasites as these, which are clinging to such power, I will say that I despise them quite as much as they must hate themselves, for they are meaner and more despicable than the vile carcasses on which they feed.

"The brave Confederate soldier is to-day as loyal and true to the restored United States as he was to the Confederate States, and he patiently and heroically performs his duties in the midst of his poverty now, as he did then, and he asks no personal reward now, nor did he expect one then, and the entire eighty millions of dollars which go annually out of the treasury of the United States to feed and stimulate the pulsations of his patriotic heart ought one-millionth of a differential!

That Tired Feeling! Afflicts nearly every one in the spring. The system having become acclimated to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

COLUMBIA, S. C., July 7, 1888.—The Swift Specific Co., Atlanta, Ga.—Gentlemen: I was a great sufferer from muscular rheumatism for two years. I could get no permanent relief from any medicine prescribed by my physician. I took over a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure your medicine cured me, and I would recommend it to any one suffering from any blood disease. Yours truly, C. O. HUGHES, 301 West Sixth St.

WACO, TEXAS, May 9, 1888.—Gentlemen: The wife of one of my customers was terribly afflicted with a loathsome skin disease, that covered her whole body. She was confined to her bed for several years by this affliction, and could not help herself at all. She could not sleep from the itching and stinging of the skin. The disease baffled the skill of the physicians who treated it. Her husband learned of Swift's Specific for such cases, and she commenced to improve almost immediately, and in a few weeks she was apparently well. She has never returned to her bed, and I would recommend it to any one looking for relief with no trace of the affliction left. Yours very truly, C. O. HUGHES, Wholesale Druggist, Austin Avenue.
