Wilmington, N. C., March 1st, 1889, mch 9 1/2	

The blood-curdling tale of the  
massacre of a party of five tourists  
in the Yellowstone region turns out  
to be, in all probability, a purely  
imaginary affair.

We will have a navy after awhile  
that will be able to cope successfully  
with any of the European "effetes."  
Ex Secretary Whitney will be large-  
ly to thank for this.

Mrs. Langtry is not yet married  
to Fred Gebhardt, all reports to the  
contrary notwithstanding. She is a  
married woman, though, as she has  
not yet been divorced from her hus-  
band.

The chances of a war with Ger-  
many are growing beautifully less.  
It is not impossible that the *Nipic*  
was sunk by the *Olga* in Samoan  
waters but the probabilities are all  
the other way.

The distressing fact is announced  
of the murder yesterday, in Charle-  
ston, of Capt. Francis W. Dawson, of  
the *News and Courier*, at the hands  
of Dr. T. B. McDow, a physician of  
that city. The details are meagre,  
as yet. Capt. Dawson, it seems, had  
called at McDow's office to expostu-  
late with him for having ruined a  
young girl, a domestic in Capt. Daw-  
son's family. A quarrel resulted  
and McDow shot Capt. Dawson  
through the heart. The murderer  
then locked his office and left but a  
few hours afterwards surrendered  
himself to the police.

We have known Capt. Dawson for 20  
years. He was an honorable, noble,  
upright man, a born journalist, and  
one of the most prominent men in  
the State of his adoption. For many  
years past he has been the member  
of the National Democratic Execu-  
tive Committee from South Carolina  
and had he lived he would probably  
have become at some future day one  
of the U. S. Senators from that  
State. He was, we think, born in  
Ireland. He came to this country  
when a mere youth and volunteered  
his services in the Confederate  
cause. The close of the war found  
him still in the field, with the  
rank of Captain. He then, in com-  
pany with Mr. Riordan, bought out  
first the *Charleston News* and after-  
wards the *Courier*. Both papers  
were on the decline but Capt. Daw-  
son's wonderful energy and ability,  
backed by Mr. Riordan's practi-  
cal knowledge of the business,  
were such that in a few years the  
consolidated *News and Courier* as-  
sumed the position it to day occu-  
pies in the front rank of journalism  
in this country.

Capt. Dawson was a Roman  
Catholic and some years ago was  
knighted by the Pope, a distinction  
that has rarely been conferred on  
any one in this country. In his death  
South Carolina has lost one of its  
brightest stars, one of its noblest and  
most patriotic sons and one of its  
most useful, enterprising and public  
spirited citizens.

### Consumption Curable.

Since the fact that consumption is  
both preventable, and in its earliest  
stage curable, it has lost much of its  
terror. If the first symptoms are at  
once recognized, and the proper  
remedy applied, very few, if any  
one, need die of consumption, which  
is really lung-scrophula. Like many  
other diseases this formidable one  
grows out of impure blood, and this,  
in turn, from a diseased liver. Hence  
we have the hacking cough, the  
pains in chest, the inflamed lungs  
and all the symptoms of hastening  
consumption, all the result of de-  
praved blood and a diseased liver.  
The use of Dr. Pierce's Golden Medi-  
cal Discovery will arrest all such  
symptoms, restore the liver to  
healthy action, and send streams of  
pure blood into every organ. Of  
druggists.

### Indications.

For North Carolina, rain, pre-  
ceded by fair weather in the interior  
and stationary temperature.

There was a further advance in  
spirits to day. It sold for 50 1/2 cents.  
There was a material advance also  
in rosin and crude turpentine.

### A New Way.

J. C. Millis, Esq., who has served  
for twelve years as a justice of the  
peace for New Hanover county, and  
who was recommended for reelec-  
tion this time by the chairman of a  
Democratic executive committee,  
was thrown overboard by a Demo-  
cratic legislature and a Republican  
politician appointed in his place.  
This is a new way to make Demo-  
cratic votes in the Fifth Ward.

### Personal.

Hon. George Davis, Mr. E. S.  
Martin and Col. Thos. W. Strange  
were in Raleigh in attendance on the  
Supreme Court.

Mrs. E. B. Wiggins has returned  
from her visit to New York. She  
was accompanied by Miss Estelle  
Plummer, of Baltimore, a young  
lady of much ability and experience,  
who will have entire charge of the  
dress-making department of the  
business.

### The Day Train on the C. C. R. R.

The Carolina Central R. R. is now  
in an excellent condition. There  
are steel rails on all but about 49  
miles, and the ride is as smooth as  
on any road in the country. The  
day train, both East and West, makes  
very fast time. From Wilmington  
to Charlotte the run is 188 miles and  
it is made in 7 hours and 25 minutes.  
There are 32 stops between the two  
cities. At Laurinburg it is 10 min-  
utes and at Hamlet it is 25 minutes,  
supper being taken at the last nam-  
ed. At the remaining 30 stations  
the stops will average 5 minutes  
each, including the loss of time in  
slowing up and getting under way  
again. This makes 185 minutes, or  
3 hours and 5 minutes, to be deducted  
from the 7 hours and 25 minutes of  
the schedule, leaving 4 hours and 30  
minutes for running time over the  
188 miles, which is at the rate of  
nearly 45 miles an hour.

"He tried the luxury of doing  
good." "Did he? How did he go  
to work at it?" "I'll tell you, he  
presented every poor family in the  
place with a bottle of Dr. Bull's  
Cough Syrup early this season."  
"Ah!"

Mr. John W. Reilly's name should  
have appeared in the list of magis-  
trates as published by us yesterday.  
And, by the way, what kind of a  
Democratic legislature is it that  
will turn out a Democrat like Squire  
Millis to put in a Republican like  
Senator Rice?

### The Closing Performance.

Miss Prescott and Mr. McLean  
closed their short season at the  
Opera House in this city last night,  
in "A Winter's Tale." It was another  
rare opportunity for theatre-goers  
but the house was not a large one.  
The season was against the com-  
pany here. A month ago there  
would have been very large audi-  
ences at each performance. We hope  
that they will come again next year,  
and earlier, and then we can assure  
them large houses.

### A Pretty and Prosperous Place.

Clarkton is now one of the pret-  
tiest towns on the line of the Caro-  
lina Central Railroad, and it is thriv-  
ing and growing wonderfully. In a  
few years we predict that it will  
have a thousand inhabitants. It is  
in the midst of a rich agricultural  
country and is bound to prosper.  
It is situated on the high ground  
West of the Brown Marsh and the  
traveler who is going West feels,  
when he gets there, that he is leav-  
ing the low country behind. It is  
named in honor of its founder, Mr.  
John H. Clark, one of the most pub-  
lic spirited and esteemed citizens of  
Bladen county.

### A Mouse and a Match.

That rats and mice are sometimes  
responsible for fires is illustrated by  
the following fact. Yesterday after-  
noon Mr. Elijah Hewlett, who re-  
sides on Masonboro Sound, was sit-  
ting in his parlor reading a newspa-  
per when it occurred to him that  
there was a smell of smoke about  
him. His daughter came in the  
room a few minutes later and she,  
too, remarked the smell. A search  
through the premises was then made  
when it was found that smoke was  
issuing from a bureau drawer in one  
of the rooms. The drawer was has-  
tily pulled open when a partially  
consumed match was found and  
some light articles were smoldering.  
There were plain traces that a mouse,  
or mice, had been there. Had this  
occurred in the middle of the night  
the house would probably have been  
consumed and no one would ever  
have known how it caught on fire.

### The Confederate Pension Bill.

The Confederate pension bill as it  
passed the Legislature provides for  
the payment annually: 1. To such  
as have received a wound which  
renders them incompetent to per-  
form manual labor in the ordinary  
avocations of life, and to all other  
soldiers who are otherwise disabled  
from performing manual labor by  
reason of wounds received during  
the war, one hundred dollars. 2d.  
To such as have lost a leg above the  
knee, or an arm above the elbow,  
seventy-five dollars. 3d. To such as  
have lost a foot or leg below the  
knee, or hand or arm below elbow  
or have a leg or arm rendered uter-  
ly useless by reason of a wound or  
permanent injury, fifty dollars. 4th.  
To such as have lost one eye, and  
to all needy widows remaining unmar-  
ried, twenty-five dollars. But no  
officer, soldier, sailor or widow hold-  
ing a national, State or county office,  
which pays annually a salary or fees  
the sum of three hundred dollars, or  
who owns in his or her own right,  
or in the right of his wife, prop-  
erty of the value of five hun-  
dred dollars, as assessed for taxa-  
tion, or who is receiving aid from  
the State under any act providing  
for the relief of soldiers who are  
blind or maimed, shall be entitled  
to any of the benefits of the act.  
For the purpose of paying the pen-  
sion a tax of three cents on every  
one hundred dollars' worth of real  
and personal property of the State,  
and also a tax of nine cents on each  
taxable poll or male between the  
ages of twenty one and fifty years,  
is levied to be applied to this special  
object, the same to be collected and  
paid into the State treasury by the  
sheriffs as other State taxes. The  
provision thus made is probably the  
very best that could be done under  
existing circumstances.

### To Build us Up.

An election on the question of  
authorizing the city of Wilmington  
to appropriate \$150,000 for the pur-  
pose of encouraging the establishing  
of manufacturing enterprises in this  
city will be held on the 28th inst., at  
the same time and places of the  
municipal election. This is an im-  
portant matter and one in which  
every tax-payer is vitally interested.  
Manufactures, and manufactures  
alone, must be looked to to build up  
our city. The bill does not propose  
to expend any money and therefore  
no increase in taxation will be ne-  
cessary to carry out its provisions.  
It is simply and solely to encourage  
parties with means and facilities  
who may be on the outlook for suit-  
able localities for manufacturing  
enterprises to locate their enter-  
prises here. It is an inducement to  
men of means to cast in their lot  
with us. The bill will probably be  
published in full in a few days and  
then all may read and digest it for  
themselves.

### His Excellency the Governor.

Gov. Fowle will arrive in the city  
this evening, at 6 o'clock. He comes  
from Raleigh, in Mr. Walters' private  
car, which has been kindly placed  
at his disposal. He will be accom-  
panied by his daughter and several  
members of his staff. Col. Thos. W.  
Strange, A. D. C., and Col. W. C.  
Jones, of the Second Regiment,  
will also accompany the party from  
Raleigh. They will be met at Bur-  
gaw by Hon. Chas. M. Stedman,  
Dr. G. G. Thomas and Mr. J. A.  
Bonitz. At the depot the party will  
find other gentlemen of the com-  
mittee, the Wilmington Light In-  
fantry and the Germania Cornet  
Band waiting to receive them. The  
party will then be escorted direct to  
the Orton House where a repast  
will be partaken of after which the  
Governor will hold a reception.

The programme for to-morrow is  
for the gubernatorial party to  
spend the day at the Hummocks.  
A special train will be run for them,  
leaving the Princess street depot at  
11 o'clock. There will also be a  
special train on this road to-morrow  
for the benefit of the general public,  
leaving here at 9:30 o'clock.

### Rock Crystal Spectacles and Eyeglasses.

Advice to old and young: In se-  
lecting spectacles you should be cau-  
tious not to take more magnifying  
power than has been lost to the eye  
as in the same proportion that you  
pass that point of increase, will cause  
you further injury to the eye. Using  
glasses of stronger power than is ne-  
cessary is the daily cause of prema-  
ture old age to the sight. You can get  
the best at Heinsberger's.

### NEW ADVERTISEMENTS.

### Dissolution of Copartnership

NOTICE IS HEREBY GIVEN THAT THE  
firm of Davis & Register is this day dissolved  
by mutual consent, L. W. Davis withdrawing  
therefrom. All debts due to the firm are to be  
paid to Lee Register, who alone is authorized  
to sign in liquidation. All the debts of the  
firm have been fully paid and satisfied. The  
business will still be continued at the old  
stand by the firm of Register & Brother.

### A Word to the Ladies.

DR. J. H. MCGILL'S FAMOUS SPECIFIC,  
Orange Blossom, is a positive cure for all fe-  
male weakness or disease. Every lady can  
treat herself. The treatment is simple, harm-  
less and works like a charm, often removing  
pain with the first application, from which  
the patient may have suffered for months.  
Best reference can be given of ladies who have  
used the Orange Blossom in the city and  
abroad. By giving this medicine a trial ladies  
will be convinced that it is more than repa-  
rent. Send \$1.00 for one month's treatment  
to

### Notice.

NOTICE IS HEREBY GIVEN THAT THE  
Legislature of North Carolina has passed a  
bill authorizing the City of Wilmington to ap-  
propriate One Hundred and Fifty Thousand  
Dollars, for the purpose of encouraging man-  
ufacturing:  
Provided, That at the next municipal elec-  
tion, to be held March 28th, 1889, a majority of  
the registered voters cast their votes in favor  
of said appropriation.  
The conditions are such that a Board of Trus-  
tees, composed of Donald MacRae, D. G.  
Worth, James H. Chadbourne, William A.  
French, Oscar Pearsall, Lühr Volkers and  
Clayton Giles, shall have charge of the fund,  
and are authorized to donate annually for ten  
years, to any manufacturer erecting new fac-  
tories, or enlarging old ones, an amount not  
exceeding the municipal tax on the increased  
valuation so produced.
