Colonel N. V. Whitman, of Brooklyn, returned rom his vacation feeling in perfect health. As a result he was careless. The next thing was a cold; then pneumonia; then death. Nearly all ysical troubles start with a cold, and this is ist the season when it is most easily taken. me sudden change checks the action of the body, clogs the circulation, and lays the foundation of death. Stop the cold in its start and you though Wanamaker publicly frowns won their great popularity purely upon intoxicants. Mr. Harrison on their merits. Robert R. Bellamy, time "

There are many ways of attempting to stop a cold, but all physicians now agree that there is only one sure way and that is, by the use of pure stimulants. The pores must be opened, the circulation aroused and vigor awakened. Nothing now known to the world does this so certainly as Duffy's Pure Malt Whiskey. It is a remedy, not a beverage. It has been used for years and is the most popular remedy before the public, Doctors, clergymen, and temperance people generally, endorse it for its health-giving qualities and it has become a family necessity.

Rev. B. Mills, of Meade Centre, Kansas, says "I am a Presbyterian clergyman, a Doctor of Divinity, not of medicine, but I am not afraid to Bay that Duffy's Formula and Duffy's Pure Malt Whiskey are the purest and most effective preparations, as medicines, I know of, and my exper ience is a large one."

Many unscrupulous dealers claim they have something "just as good." Beware of all such claimants, and secure only the genuine.
