 upon its merits and is guaranteed to
 relieve and cure all chronic and
 acute Coughs, Asthma, Bronchitis
 and Consumption. For sale whole-
 sale and retail by Mund's Brothers.

No indications have been received
 here yesterday or to-day, as the
 wires are in trouble. It is thought,
 however, that the weather will prob-
 ably be fair and warmer, with winds
 shifting to Easterly.

Chamber of Industry.
 At the meeting of the Chamber of
 Industry, held last night at the City
 Hall, Mr. Oscar Pearlsall presiding,
 the special committee on the drum-
 mer's tax law reported that they
 had sent a memorial to the last Gen-
 eral Assembly, against the proposed
 bill, and that the bill had been de-
 feated.

The President read the list of
 standing committees heretofore pub-
 lished, to which the committee on
 immigration is to be added, consist-
 ing of Messrs. J. H. Sharp, T. M.
 Emerson, G. P. Cotchett, C. P.
 Mebane and M. Cronly.

The report of the committee on
 advertising was read, showing that
 in addition to other matters 15,000
 cards were being printed for distri-
 bution abroad, stating that the ap-
 propriation for \$150,000 to encour-
 age new enterprises had been pass-
 ed and setting forth the advantages
 of Wilmington.

Mr. Iredell Meares moved that the
 advertising committee take under
 consideration the advisability of
 publishing Major W. L. Young's
 pamphlet on the Semi-Tropical Area
 of North Carolina, setting forth the
 advantages of this part of the State.
 The motion was adopted and Major
 Young expressed his willingness to
 furnish the matter for publication.

Mr. R. W. Hicks said that parties
 in Baltimore desired to establish a
 cracker factory in Wilmington if
 encouragement is given. The mat-
 ter was referred to the committee on
 manufactures.

On motion of Mr. R. W. Hicks, a
 committee on freight rates was ap-
 pointed, consisting of C. W. Worth,
 Iredell Meares, W. J. Woodward, R.
 W. Hicks and J. Allen Taylor.

The establishment of a female
 seminary was discussed, but no ac-
 tion was taken.

Mr. J. M. Forshee, secretary, re-
 ported courtesies shown Mr. G. B.
 Lewis of the Detroit Free Press in
 behalf of the Chamber of Industry,
 and also, that at a joint meeting of
 the Chamber of Industry, Chamber
 of Commerce and Produce Exchange
 an invitation had been extended to
 the Florida Sanitary Commission to
 visit Wilmington, and that the re-
 ception committee appointed had
 met the commission yesterday as
 they passed through, and that it was
 probable that they would stop here
 on their return.

Produce Exchange.

The annual meeting of the Wil-
 mington Produce Exchange was
 held at noon to day.

The meeting was called to order
 by the President, Mr. H. C. Mc-
 Queen.

Report of Col. Jno. L. Cantwell,
 Secretary and Treasurer, was read,
 approved and ordered on file.

Report of President McQueen was
 submitted. It is as follows:

GENTLEMEN:—It is my duty at the
 close of my second term as your
 President, to make a report of our
 work for the past year. Briefly,
 your affairs were never in a more
 satisfactory condition. While the
 expenses have been heavy, cover-
 ing some extraordinary outlay,
 your Exchange does not owe a dol-
 lar, and as will be seen by your
 Treasurer's report just read, the
 surplus fund is larger than at the be-
 ginning of the year.

I take pleasure in stating that
 there has been an improvement in
 the service of market reports fur-
 nished the Exchange by the West-
 ern Union Telegraph Company. De-
 lays and complaints have not been
 so numerous, but I still think that
 we pay too much money for what
 we get. As you know the burden of
 this expense falls on a few members
 of the Exchange, and in my opinion
 it would be more satisfactory, in the
 long run, to make the assessment
 equal upon all members. Every
 member of the organization, I think,
 derives enough advantage from the
 association to repay him for his
 equal share of the expenses. Most
 of us, probably, save many times
 the amount in avoiding the costs of
 law suits, which are now almost
 unknown, or unheard of, between
 members of this Exchange.

Just here for a moment I pause to
 direct our thoughts to the memory
 of those who were of us and with us
 one year ago, but who have since
 then, one by one, crossed over "the
 river that flows all around the
 world." No more can we hear the
 "voice that is still," or "feel the
 touch of the vanished hands," but
 we can contemplate the lesson of
 their lives, and with reverence name
 their names: Chas. S. Love, Adrian
 H. VanBokkelen, Robt. R. Bridgers,
 Wilkin Roddick.

The receipts of cotton to April 1st
 are about 17,000 bales short of last
 season, to the same date, and while
 this is to be regretted there is some
 consolation in the fact that the loss,
 I can say, was caused by an un-
 fortunate accident at one of our
 compresses, which disabled it for
 nearly six weeks in the midst of the
 cotton season, and it is believed that
 but for this sudden and unavoidable
 occurrence our receipts of this most
 important staple would show a gain
 instead of a loss.

Receipts of turpentine products also
 show a small loss, but this is
 not unexpected. While the price of
 spirits has ruled fairly well, the over-
 production of rosin, in this State
 and South of us, has had the inevi-
 table effect to lower the price, and
 made it unprofitable for the manu-
 facturers in some localities to send
 it to market.

The mixing of spirits turpentine
 with petroleum is just now agitat-
 ing the turpentine trade and the ex-
 changes at other leading markets
 are taking steps to protect the trade
 from injury, through this proposed
 manipulation. A committee of your
 Exchange has the matter under ad-
 visement, and without wishing to
 forestall their action, or that of the
 Exchange, I think it best to "make
 a plain statement" here and put our
 dealers right before the world, both
 at home and abroad.

Nobody claims that mixing tur-
 pentine and petroleum is wrong, but
 to put the mixture, by any process,
 upon the markets as pure turpen-
 tine is wrong, and no amount of ar-
 gument as to its use or value can
 make it right, and I believe I voice
 the sentiment of this entire Ex-
 change when I say that it will not
 be countenanced here. All spirits
 sold in this market will be subjected
 to rigid tests as to its purity, and
 we call upon all producers and man-
 ufacturers to co-operate in uphold-
 ing the character of the trade to the
 measure of its past high standard.
 Leaving out other considerations I
 am sure it will pay in the end. As
 I said in my report a year ago we
 must, from causes well known look
 to cotton principally to increase the
 export trade of Wilmington.

I have an abiding faith in the ad-
 vantages of this port, and believe
 that with our present facilities, cer-
 tainly to be enlarged in the near
 future by the completion of the
 Cape Fear & Yadkin Valley Railroad,
 now being rapidly extended to this
 port as its deep water terminus, and
 by the building of the Onslow Road,
 which we are assured will be done
 shortly, we can look forward confi-
 dently to increased business and
 prosperity.

The establishment of the Annual
 Encampment of the State Guard at
 Wrightsville, brought about thro'
 the liberality of our railroad and
 business men, in buying and pre-
 senting to the State a site for the
 purpose, will bring Wilmington into
 more intimate relations with the
 people of the whole State than we
 have ever enjoyed before, and expe-
 rience thus far shows that the bet-
 ter we are known as a city and peo-
 ple the more we are appreciated.
 People who come to our seaside
 resorts for pleasure and recreation
 once will come again and bring their

friends and stay longer. We will
 treat them well, not forgetting to
 show them that it is to their interest
 as well as ours for them to sell what
 they have to sell here, and buy what
 they have to buy here. And I hope
 yet to see the day when every citi-
 zen of North Carolina can feel that
 when he does anything for the up-
 building of Wilmington, her chief
 seaport city, he does just that much
 for the welfare of his State.

At the last municipal election the
 city government adopted a scheme
 by which all new manufacturing en-
 terprises are practically exempt
 from city taxation. Here is a rare
 opportunity for capital. We have
 all the advantages for manufactur-
 ing cotton and other things that
 other places have and this exemp-
 tion from taxation besides.

In closing, I wish to thank the
 Secretary and Treasurer, each one
 of the Board of Managers and espe-
 cially the gentlemen composing the
 Finance Committee, for their cordial
 support and aid at all times and also
 the members of the Exchange for
 the honor they have twice conferred
 upon me. H. C. McQUEEN,
 President.

On motion of Col. Roger Moore,
 seconded by Mr. C. H. Robinson, the
 thanks of the Exchange were cor-
 dially tendered the retiring Presi-
 dent for the able and courteous
 manner in which he had discharged
 the duties of his position and it was
 ordered that it be spread on the
 minutes and a copy furnished the
 daily papers for publication.

Col. Moore also moved that that
 portion of the report of the Presi-
 dent, referring to the manipulation
 of spirits turpentine and petroleum,
 be adopted as the report of the
 committee appointed on that
 subject and that the same be
 endorsed as the sense and action
 of this Exchange. Carried unani-
 mously.

On motion, the attention of the
 President, the Board of Managers,
 and the Telegraphic Report Com-
 mittee was called to the matter of
 the telegraphic market quotations.
 While commending the improve-
 ment in same during the past year
 they were urged to give closer at-
 tention to these reports and also to
 correspond with the Company now
 erecting a new line South with the
 view of inducing them to extend
 their line to this city.

The following were elected officers
 of this Exchange for the ensuing
 year:

President—D. L. Gore.
 Vice-President—Wm. Calder.
 Board of Managers—M. J. Corbett,
 S. P. McNair, Owen Fennell, Nor-
 wood Giles, W. H. Sprunt.
 Inspectors of Election—Thos. F.
 Bagley, M. S. Willard, D. M. Wil-
 liams.

Board of Aldermen.
 A called meeting of the Board of
 Aldermen was held yesterday after-
 noon.

Bids were received and referred to
 appropriate committees, as follows:
 For feeding teams, from T. J. South-
 erland and R. C. Orrell. For print-
 ing for the current year, from W. L.
 DeRosset, Jr., and S. G. Hall. For
 furnishing lumber, from Parsley &
 Wiggins. For electric lighting,
 from the Wilmington Power Com-
 pany. For gas lighting, from the
 Wilmington Gas Light Company.
 For shoeing horses, from Mr. Quin-
 livan. For repairing carts and har-
 ness, from P. H. Hayden. For feed-
 ing prisoners from a number of bid-
 ders.

Proposals for listing taxes were
 also submitted and referred to the
 Committee on Finance, from Col. J.
 G. Burr, for \$500, and from G. H.
 Greene and E. F. Johnson (Jointly)
 for \$475.

The committees are expected to
 report to the Board at a meeting to
 be held this evening.

The Mayor called upon Mr. Cut-
 lar, City Attorney, to explain certain
 suits for delinquent taxes brought
 by J. I. Maeks, Esq., in whose hands
 the tax books had been placed for
 the collection of these taxes. After
 discussion and explanation, showing
 that the city was being put to great
 expense in the matter, it was decided
 to postpone action until the next
 regular meeting of the Board.

Petition of J. F. Garrell and others
 for reduction of rent in Third Ward
 market, was referred to the Market
 Committee. Also, petition of F. A.
 Reaves and Kinyon-Bird, for reduc-
 tion of rent paid by them in Front
 street market. Also, petition of J.
 W. Knott, for reduction of his rent
 in Front street market.

Petition of T. J. Southerland and
 others for reduction of license tax on
 livery stables, on account of the

 Of good health, you may be sure.

There will be preaching at the
 Seaman's Bethel to-morrow (Wed-
 nesday) evening. The public gen-
 erally, and seamen in particular, are
 invited to attend.

We stand corrected. The blocks
 being put down on Market street
 are not spawls but No. 1 Washing-
 ton granite blocks, such as have
 been largely used in paving the
 streets in Washington City. Spawls
 are irregular granite blocks.

A Pleasing Sense
 Of health and strength renewed and
 of ease and comfort follows the use
 of Syrup of Figs, as it acts in har-
 mony with nature to effectually
 cleanse the system when costive or
 bilious. For sale in 50c. and \$1.00
 bottles by all leading druggists.

This was the first of the three
 days fixed for the grand opening of
 millinery and fancy goods at Tay-
 lor's Bazaar and the store has been
 thronged all day with ladies. The
 Bazaar was beautifully decorated
 and all admired the taste displayed
 in arranging the goods for inspec-
 tion. To our masculine eye it was a
 beautiful sight.

All Rescued From the Barge.
 It is now known that all of those
 on the barge *Albatross* were res-
 cued. Mr. Godfrey Hart, the agent
 here of the owner, received a dis-
 patch to-day to this effect. They
 were taken off by the steamer *Texas*,
 of the Morgan line, between New
 York and New Orleans. The young
 men from this city will probably
 return here to-morrow morning, or
 to-morrow night.
