HOW TO SAVE LIFE.

What is a cough? It is an irritation of the throat and lungs. What causes it? Conges-tion. Stop the congestion, the irritation ceases and the cough is cured. But how to stop the congestion! Ah, there is just where physicians nave always been puzzled. But it must be checked, or pneumonia, quick consumption or some terrible pulmonary disease will follow. Some doctors give cod liver oil, others cough syrups, but the most advanced prescribe stim-ulants. Nature must be assisted. Pure Whiskey will do it. See what physicians say:

Prof. Austin Flint, of Bellevue (New York) College, says: "The judicious use of alcoholic stimulants is one of the striking characteristics of progress in the practice of medicine during the last half century."

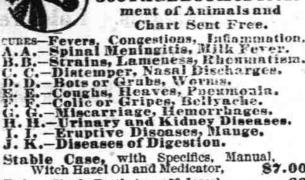

Professor Henry A. Mott, of New York says "The purity of Duffy's Pure Malt Whiskey (as simple analytical tests will readily convince a Western States and Territories. In physician or an expert) should certainly re-

COLUMBIA, S. C., July 7, 1898-The Swift Specific Co., Atlanta, Ga.-Gentlemen : I was a great sufferer from muscular rheumstism for two years. I could get no permanent re-lief from any medicine prescribed by my physician. I took over a dozen bottles of your S. S. S., and now I am as well as I ever was in my life. I am sure your medicina cured me, and I would recommend it to any one suffering from any blood disease. Your truly, O. E. HUGHES, 'Conductor C. & G. R. R.

Conductor C. & G. R. R. Waco, Texas, May 9, 1888-Gentlemen : The wife of one of my customers was terribly afflicted with a loathsome skin disease, that covered her whole body. She was confined to her bed for several years by this affliction, and could not help herself at all. She could not sleep from a violent itching and stinging of the skin. The disease baffled the skill of the physicians who treated it. Her husband began finally giving his wife Swift's Specific, and she commenced to improve almost im-mediately, and in a few weeks she was ap-parently well. She is now a hearty fine-looking lady, with no trace of the affliction left. Yours very truly, J. E. SEARS, Wholesale Druggist, Austin Avenue.

The legislation proposed in Can-

In reply to the proof that this oil was large ly used as an adulterant, it was asscreed that the makers-o' so-salled pure lard sometimes used material result was that our lard, whether adulterated or pure, has suffered in the estimation of importing countries. They are unwilling to pay for only instantaneous paln-killing, strengthen- lard and get cotton seed oil, and they do not forget the assaults upon the makers of pure lard. The interests of our foreign trade would have been served if the manufacturers
