Full moon this afternoon at 4 minutes past 5 o'clock.
Best assortment of fishing tackle can be found at the N. Jacobi Hdw. Co.

The prospects now are for magnificent fruit and grape crops in this section this season.
Comfort and economy are to be found in the use of oil stoves. Sold by the N. Jacobi Hdw. Co.

Canary and mocking bird cages. A full line of above are now being shown by the N. Jacobi Hdw. Co.

For North Carolina, rain, followed on Tuesday by fair weather and stationary temperature.

The Lutheran Young People's Association will meet in Luther Memorial Building at 8 o'clock to-morrow evening.

Make your house secure by putting burglar proof locks on your blinds and windows. For sale by the N. Jacobi Hdw. Co.

Peculiar in medicinal merit and wonderful cures—Hood's Sarsaparilla. Now is the time to take it, for now it will do the most good.

Ready mixed paints and stains, white lead, oil and varnishes. For low prices and good reliable goods go to the N. Jacobi Hdw. Co.

Mrs. A. T. King has just received a handsome line of Easter millinery goods, to which the attention of the ladies is invited in advertisement in this issue.

With Zeb Vance in the Senate and the Zeb Vance cook stove in your kitchen the country will be safe and your home happy. N. Jacobi Hdw. Co.

There will be English services in St. Paul's Evangelical Lutheran Church, at 3:30 p. m., to-morrow (Tuesday) and also Wednesday and Thursday at the same hour.

About one million visitors are expected in New York on the 30th and the estimate is that 1,800 trains will arrive there in one day. We hear of a number of Wilmingtonians who will go.

The Governor has decided that it shall be called Camp Latimer this year in compliment to Mrs. Herbert Latimer and Col. E. S. Latimer, who have so kindly allowed the use of the grounds at Seaside Park.

A Pleasing Sense
Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when costive or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

New York has but six railroads; at least that is the number we counted up this morning. Next Fall, when the C. F. & Y. V. and the Onslow get here, Wilmington will have six and that will do to rest on for awhile.

The Germania Band.
We understand that a movement is on foot looking to the increase of the membership of the Germania Band. This will be accomplished at an early date and then the band propose to give free air concerts in June in the new park (12 feet wide and 230 feet long,) on Market streets between Front and Second.

Will You Read this for \$500?
For many years the manufacturers of Dr. Sage's Catarrh Remedy, who are abundantly responsible financially, as any one can easily ascertain by enquiry, have offered, in good faith, a standing reward of \$500 for a case of nasal catarrh, no matter how bad or of how long standing, which they cannot cure. The Remedy is sold by druggists at 50 cents.

Mrs. E. A. Lumsden has returned from the Northern markets and has opened a full assortment of Spring goods. The ladies are invited to call and examine the stock and leave their orders for Easter bonnets and hats.

The Band Will Give a Ball.
The Germania Band will celebrate the Easter holidays by a grand ball at Howard Hall on the Wednesday of next week. Fuller particulars will be made known in a few days. The committee consists of Messrs. P. M. Knobloch, chairman, E. Schulken, E. Rehder and H. J. Dingelhoff.

The Palm Branches.
The palm branches was conspicuous features in the adornment yesterday of the Roman Catholic, Episcopal and Lutheran Churches. The decorations at St. John's were especially lavish and handsome. The very beautiful palms used there were ordered from Florida, especially for this purpose, by Mr. H. G. Smallbones. The altar, choir and nave were all tastefully decorated.

Let us Give Thanks.
On the 30th day of April, 1789, at 9 o'clock in the morning, divine service was held in every church throughout the land and we trust that the same thing may be done, at the same hour, on the same day, in 1889. It is the intention, we understand, of some of the churches here to hold this service and we hope that it may be done in all of them. And not only this, but we hope also that in every church there will be large and devout congregations and that humble and hearty thanks may be rendered to Almighty God for the fostering care and protection he has afforded us as a people and as a nation during the first centennial of the united independence of the Sovereign States.

The Burgaw and Onslow Railroad.
A note from Mr. Geo. A. Ramsey, Vice President of the Burgaw and Onslow Railroad, conveys to us the pleasing intelligence that work is to be begun on the Burgaw and Onslow Railroad on Wednesday next. A gentleman leaves New York to night for Burgaw to locate the line. We are glad to hear this and hope the enterprise may be pushed forward to a successful completion. We know something of the country through which this road is to pass and there is not a fairer or more productive section in East Carolina. It needs development so early and once it is opened up by rail it will be rapidly filled with settlers. There will not be much grading to be done in that country—no cuts and no fills of any consequence. Four water courses must be passed, however, Burgaw Creek, North East river, and Shelter and Shaking Creeks. The former will require a long, but low trestle, while Shelter and Shaking are narrow streams with high banks on either side. The most serious job in this line will be the bridge across the river.

A Blessing in Disguise.
This is the 40th anniversary of the biggest snow storm on record in this section. It was on Sunday, April 15th, 1849, that this snow fell. The previous day, Saturday, was a bright, mild, Spring like day. The snow, strange as it may appear, was a great blessing to the people of this section. It thawed rapidly and did not work any material injury to vegetation, which was not at that time as far advanced as it is this Spring. It killed all of the young trees, however, of the kind such as hoopoles are made of, such as dogwood, hickory and birch, and hoopoles were as a consequence scarce that year. But it did more than this and there in worked a great blessing. For several years previous the turpentine trees in various sections had been dying out rapidly. Investigation showed that they were killed by a small bug, or worm, which bored its way into the tree and absorbed the sap. Thousands upon thousands of fine turpentine trees had been in this way destroyed and no one knew how to prevent the ravages of the pestilent bug. Only the long leaf yellow pine was at tacked. The snow solved this difficulty, for it killed the bugs which had killed the trees. They disappeared and have not been seen or heard of since.

The Alarm Last Evening.
There was an alarm of fire about 5 o'clock yesterday afternoon which, fortunately, did not amount to anything serious. It was caused by the burning out of a chimney at the residence of Dr. F. W. Potter, on Market street, near Third. The wind was high and the sparks flew around at a lively rate. The department turned out promptly. Dr. Potter was afraid that the chimney was fouled and had tried various means, without success, to get it clear. A sweep is needed here.

Personal.
Bishop Watson, we are glad to learn, is somewhat better but is not yet able to leave his room.
We are glad to learn that Rev. W. S. Creasy, who was too sick to hold services in Grace Church yesterday, is reported as better to day.
Dr. K. J. Powers, of Pender county, was in the city to day. He reports hail in his section last Saturday night but does not think any particular damage was done.
Mr. W. H. Gibson, of Washington City, Special Agent of the National Life and Maturity Association, arrived here last Saturday night and will remain here a week or two.
Drs. T. F. Wood, W. T. Ennett, W. H. J. Bellamy, Geo. G. Thomas and T. S. Burbank have gone to Elizabeth City for attendance on the State Medical Convention.

Mr. James R. Nolan, the newly appointed Superintendent of the Seacoast Railroad, formally assumed the duties of that position to day. He is an accomplished and experienced railroad man and the directors of the road are fortunate in having secured his services.
Rev. Dr. Carmichael sustained a painful injury to one of his knees by tripping and falling on the steps at the Bishop's residence on Saturday last but with his usual pluck he held all of the services yesterday in his Church, although suffering much with pain all of the time.

Cards are out for the wedding of Mr. Paul W. Pope, son of Col. A. Pope, formerly of this city, but now Traffic Manager of the Norfolk & Western R. R., to Miss Nelly, daughter of Mr. Lawrence Lottier, of Richmond. The marriage is to take place on Wednesday afternoon, the 24th inst.

Palm Sunday in the Lutheran Church.
Passion Week was begun in St. Paul's Evangelical Lutheran Church by the holding of German services at 11 a. m. yesterday. A good sized congregation was present. Quite a number of the German sea captains now in port also attended the services. A sermon appropriate to the day was preached by the pastor. At the night service, despite the unpleasant weather, the church was filled from end to end by a large and interested assemblage of worshippers. Rev. F. W. E. Peschau, the pastor, preached a sermon on "Confessing Christ." In the discourse he delivered he spoke of the Scriptural and honored mode of uniting with the church, and of the importance of catechetical methods that had been employed, long before there were even printed books. He further spoke of the mighty influence Luther's catechisms, based so closely upon the Bible, have had in the world and how denomination after denomination had fallen into line by introducing a catechism of its own, and that even some denominations, who had opposed its use, had entirely changed upon the subject, and were to day using a catechism in their Sunday Schools, until now the overwhelming majority of all that is called Christian is in form of this aid in Bible instruction, and aid in leading the youth to a knowledge of Divine truth and Divine grace and a confession of Christ, which is ever to come from the heart.

The catechetical class after the sermon gave expression to its Christian faith by quoting passages from the word of God, and from Luther's Smaller Catechism, in answer to questions propounded by the pastor, throughout which deep interest was manifested in the congregation. The class will be confirmed on Good Friday night. Eight members were added to the church yesterday.

Young's Cough Balsam
is a remedy that is selling entirely upon its merits and is guaranteed to relieve and cure all chronic and acute Coughs, Asthma, Bronchitis and Consumption. For sale wholesale and retail by Munds Brothers.

Taylor's
BAZAAR,
118 Market Street, - - - - Wilmington, N. C.

Cautionary Signals.
The cautionary Northeast storm signal was ordered raised here at 10:30 o'clock yesterday morning, for this section and Morehead City. A storm was then central in Mississippi and moving East. This forenoon the flagstaff was bare for awhile but the Northeast signal was afterwards raised. There was considerable wind here yesterday but no damage was done. It was accompanied by rain. The indications for to-morrow are for fair weather.

The Onslow People Pushing Forward.
The surveying party for the Onslow R. R. crossed Capt. Southerland's race track last Saturday. We do not know the exact route but understand that it will not run far at any time from the county road. There is a curve in this latter, about 4 1/2 miles from town, where it turns gradually more to the Northeast and at this point it is probable that the railroad will run its greatest distance from the county road. It will, most likely, come up with the latter again at Macomber's store, and then the straight Northeast course will be for Scott's Hill, 12 miles from the city. There is no doubt that the projectors mean business, as dirt is being thrown at Jacksonville, as well as at Scott's Hill. We hope to gather some of our own New River oysters next Fall.

City Court.
The Mayor had quite a large docket to dispose of this morning, which he did in the following order:
M. Croom, charged with disorderly conduct, was found not guilty and discharged.
Laura Ellerby, disorderly conduct, continued until to-morrow morning.
Monroe Turner, disorderly conduct, \$10 or 20 days.
John Bouman, a colored lad, was charged with the larceny of a sum of money, the property of one Paul Bryant and others. This case was left open.
David Sterling was charged with driving his dray on the sidewalk. He was fined \$5.
Wm. Finney, disorderly conduct, discharged.
Grant Torrence, disorderly conduct, discharged.

NEW ADVERTISEMENTS.
Card of Thanks.
THE UNDERSIGNED HEREBY DESIRES to return his thanks to the gallant members of the Fire Department and the citizens generally who assisted them in suppressing what might have proved a disastrous fire at my residence last evening, but for their timely aid.
Respectfully,
F. W. POTTER.

A Card.
THE NATIONAL LIFE AND MATURITY ASSOCIATION, WASHINGTON, D. C.
GENTLEMEN—I have to acknowledge the receipt of five thousand dollars (\$5,000) in full payment of the two policies of life insurance held in your company by my late husband, James F. Shober, M. D., of this city. Dr. Shober had been insured with you at the time of his death less than two years and the prompt payment of this sum by your company shows the value of life insurance and the fact that even those who seem at the time to be in the best of health may be the first ones whose claim will be made against a company. Accept my thanks for the prompt payment thus made, proving the stability and soundness of your company, and its readiness and ability to meet every claim against it in full when due.
Very respectfully yours,
ANNIE M. SHOBER.

The Invalids Hope.
Many seemingly intractable cases of blood poison, catarrh, scrofula and rheumatism have been cured by B. B. B. (Botanic Blood Balm), made by the Blood Balm Co., Atlanta, Ga. Write to them for book filled with convincing proof.
G. W. B. Rucker, living 7 miles from Athens, Ga., writes: "For several years I suffered with running sores, which doctors treated and pronounced incurable. A single bottle of B. B. B. did more good than all the doctors I kept on using it and every ulcer healed."
D. C. Kinnard & Son, Towaliga, Ga., writes: "I was almost a bed-ridden man for several months, when I bought a bottle of B. B. B. for catarrh, which he thought incurable, as it had resisted all treatment. It delighted him, and continued its use he was cured sound and well."
R. M. Larson, East Point, Ga., writes: "My wife had scrofula 15 years. She kept growing worse. She lost her hair and her skin broke out all over. Her appetite and no appetite followed. After physicians and numerous advertised medicines failed, I tried B. B. B., and her recovery was rapid and complete."
Oliver Seacor, Baltimore, Md., writes: "I suffered from weak back and rheumatism. B. B. B. has proven to be the only medicine that gave me relief."
