All devices from French playing cards must now be submitted to the officials, since the face of Gen. Boulanger has appeared among the Court cards.

John Bright has left a big sum of money for distribution among his relations. The total is variously estimated at a quarter to three quarters of a million sterling.

A discussion as to the height of trees in the forests of Victoria, New South Wales, has elicited from Baron Von Mueller, the Government botanist, the statement that he saw one 525 feet high.

Considerable commotion has arisen in Paris over the plan to run a rail way through the Bois de Boulogne. The municipal council is against it, but the prefect of the Seine is obstinate and is still active in its favor.

The French Chamber has decided to grant two million francs for a monument in commemoration of the first revolution, to be erected on the site of the Tuilleries, instead of the twelve millions desired. They have also appropriated fifty thousand francs for a design.

The fashionable dog for 1889 is to be the skipper, or little skipper. He comes from the low countries and is the old time companion of the Flemish barge. He is black, with next to no tail, and a hard coat inclined to be rough, and does not weigh over twelve pounds.

London has become recognized as the great clearing house for all European thieves who operate on a large scale. The proceeds of any great robbery committed in Europe, which are sought to be restored through negotiations, are always sent to be delivered in London, and there is as yet no legal way to put a stop to the traffic.

A French missionary gives a serious account of the state of slavery in Ecuador. Though it is not a legal institution, yet the law permits an Indian to sell himself as a slave when he is unable to pay his debts and once a slave he is rarely able to free himself. He may be bequeathed by will. The majority of the Indians in the interior have been reduced to this condition.

Lay in your Winter's supply of coal now.

Ger. barque *Canada*, Herman, from Garston for this port, has arrived at Lisbon, leaking.

Mr. J. M. Webster, of New York, is here to-day in company with Mr. Geo. A. Ramsey, Vice President of the Burgaw & Onslow R. R. Co. Mr. Webster expects to make a survey of the line in a few days.

Capt. T. J. Southerland has under his charge 152 horses and these were all examined yesterday by Dr. Wray and found in a perfectly healthy condition and free from disease. The premises he has also pronounced in a good sanitary condition.

**Still in the Field.**  
The Wilmington Shirt Factory, No. 123 Market st., has now on hand a full line of gent's heavy jean drawers, the very thing for the season, at 50 cents a pair, worth 75 cents.

J. ELSBACH, Prop'r.

**City Court**  
Wright Meyer, disorderly conduct, was fined \$20 or be imprisoned for 30 days.

Wm. Wright, Larry Davis, T. Connor and Ed. King, all colored lads, were charged with stealing two boxes of cakes from a store on Market street. These cases were left open.

Anders Charlsen, disorderly conduct, \$20 or 30 days.

**The Suit Succeeded.**  
In the libel suit of Capt. J. T. Harper and others against the British steamship *Albany*, tried last week in the U. S. District Court at Norfolk, Va., Judge Hughes has decreed an allowance of \$15,000 to the libellants. Judge D. L. Russell and Messrs. Ricard and Well, of this city, and W. G. Elliott, Esq., of Norfolk, were counsel for Messrs. Harper, and Messrs. Sharp & Hughes counsel for the respondents.

**The Injury to Dr. Ennett.**  
We are sorry to hear of a painful accident sustained by Dr. W. T. Ennett at Garysburg while on his way to the annual meeting of the State Medical Society at Elizabeth City. He was seated in his room early in the morning and had a hemorrhage and fainted from loss of blood. He was near the fireplace at the time and fell with his feet in it and when found they were painfully burned. He was brought back to the city, arriving here last evening. He suffered a great deal during the night but to-day is somewhat easier. We most sincerely trust that no serious results will follow.

**Coast Line Truck Train.**  
The Atlantic Coast Dispatch for the movement of Southern fruits and vegetables to the Northern markets went into operation Monday night, and the running of the trains will be continued daily until the close of the produce season. The service now includes two daily all rail trains to New York, one from Charleston and Yonge's Island and the other from Savannah and Florida. The *News and Courier* says that the Charleston train went out Monday night with three car loads of stuff, mostly asparagus and strawberries, while thirty cars were brought up from Florida.

**They Will Raise the Money.**  
The Y. M. C. A. met last evening and 42 new members were enrolled, making a total membership now of 410. A resolution was offered that the young men of the Association raise \$4,000 to supplement the efforts of the business men's committee in raising \$25,000 for the new building. A plan was presented, proposing that 100 young men subscribe \$25, 100 \$10, and 100 \$5, making a total of \$4,000.

The list was started off with nine subscriptions of \$25 each. Some discussion relative to plans of procedure was had, when it was resolved that a special business meeting be held Friday night, at which time progress on the new plan should be reported.

They are making very gratifying progress in laying the new block pavement on Market street. About one-half of the work on the South side, between Front and Second, has already been done.

Mr. Ed. Borden, who succeeds Mr. J. R. Nolan as Assistant Superintendent of Transportation, Atlantic Coast Line, has been chief operator in the offices here for a number of years. He will continue to retain a supervision of the telegraphic department in addition to his new duties.

**The Truck Market.**  
There has been a decline in prices in the truck market in New York. We quote from a circular as follows: Choice Florida cabbage sell from \$1.50 to \$2 a barrel; Charleston and Savannah \$1 to \$1.50. Peas, Savannah, \$3 to \$3.50 a crate; Florida 50 cents to \$1. Anything in the way of fancy beans from Savannah would now command high prices, in the neighborhood of about \$5 to \$6 per crate. Florida string beans are worth from \$2.50 to \$3.50. Beets \$1.25 to \$1.75. Tomatoes scarce and wanted, and strictly prime stock will bring from \$3.50 to \$4.50 a crate, and from that down to \$2, according to quality and condition.

Asparagus has continued plenty from both Charleston and North Carolina and prices easier. Very irregular stock varies widely in quality. Choice colossal Charleston \$5.50 to \$6 per dozen; prime \$3.50 to \$4.50.

The arrivals of new potatoes from the South continue moderate and prices range all the way from \$6 to \$9 per barrel, although a few very choice marks have been placed a shade higher.

A few Charleston strawberries have already appeared in the market, but they are largely small and green, and do not command the attention of buyers as compared with Florida berries. Prices range from 15 to 28 cents per quart for the former and Florida 20 to 30 cents.

Fancy Indian River oranges, selected sizes, \$4 to \$4.50 per box; brights, mixed, \$3 to \$4; russets, selected, \$3 to \$3.50; mixed counts \$2 to \$3.

**Board of Aldermen.**  
A special meeting of the Board was held last night at the City Hall. Alderman Pearsall, from the Finance Committee, reported in the matter of the petition of the Wilmington Light Infantry, recommending that \$500 be appropriated for the company instead of \$700, as asked. After debate, the recommendation of the committee was adopted.

The same committee recommended postponement in the matter of appropriating \$500 for the use of the Chamber of Industry. A motion to postpone action was adopted.

Estimates for the different departments for the year were submitted and adopted, as follows:

Police	\$18,863 50
Lights	9,682 00
Public Buildings	2,795 00
Markets and Fees	4,300 00
Streets and Wharves	12,476 50
Water Works	7,750 00
Fire Department	10,470 00
Sanitary	9,285 00
Permanent Improvement of Streets	13,495 40
Hospital Managers	250 00

The Committee on Lights earnestly recommended that the amount needed for five additional electric lights be allowed.

Appropriations for permanent street improvements provide for the paving of Nutt street from Mulberry to the Wilmington and Weldon depot, \$6,475, and \$1,000 for the purchase of stone curbing, to be placed where required, with a view to the establishment of a permanent grade of streets and drainage.

In the appropriation for sanitary purposes, \$4,000 is provided for the purchase of a cremator and site for the same, and \$300 for drainage of Jacob's run sewer and the old Tan-yard sewer.

Alderman Lane called attention to a hole in the street near Eleventh and Market, which is considered a dangerous obstruction. The matter was referred to the Committee on Street and Wharves. Also, to a bad place in the sidewalk near the Orton, on Front street. This matter was also referred to the Committee on Street and Wharves.

The salary of cattle weigher (embraced in the appropriation for markets), was fixed at \$400 per annum.

Alderman Lossin, of the Fifth Ward, tendered his resignation, on account of business preventing his giving attention to the duties of the office. His resignation was accepted.

Applications for building permits were granted to a number of persons, after which the meeting adjourned.
