Stream* on March 6th, 1889, was read,
and on motion ordered spread upon
the minutes, and the bill for repairs,
by Silsby's Manufacturing Co., was
approved.

Bills for current expenses, amount-
ing to \$5,631.68, were approved, and

County Commissioners.

The regular monthly meeting of
the Board of County Commissioners
was held yesterday afternoon, Chair-
man H. A. Bagg presiding.

The County Treasurer's monthly
report, showing a balance on hand
of \$39,859.91, was received and or-
dered filed.

The Register of Deeds submitted
his monthly report of receipts from
marriage licenses, amounting to
\$11.88, and the same was received
and ordered filed.

The Board ordered a levy of taxes
under schedules A, B and C, the
same as the State levy. The sched-
ules are as heretofore, with the ex-
ception that the retail liquor license
is increased to two hundred dollars
(for State and county), and the cost
of a marriage license is increased
from two to three dollars.

The annual reports of the Board
of Managers and the Surgeon in
charge of the City Hospital, for the
year ended December 31st, 1888, were
submitted. The managers say the
hospital is now firmly estab-
lished and growing in favor,
"and we feel gratified to know
the past year has been the most suc-
cessful of its existence, as the re-
ceipts show, being \$669.61, while for
1887 they were \$333.63. And we feel
confident that had we been able to
build and furnish a ward with prop-
er conveniences for pay patients the
receipts would have been three
times as large; but the amount ap-
propriated for that purpose we
found insufficient. If we can get an
additional appropriation to com-
plete this important work we feel
the time is not far distant when the
institution will be, probably, self
sustaining and a pride and an or-
nament to the city. Dr. Lane in
his report says: 'I have been unre-
mitting during the year in my efforts
to increase our pay patient fund,
with the result showing 52 pay pa-
tients and over \$600 receipts. On
several occasions I was embarrassed
for room, and at present have more
in the hospital than the number of
rooms appropriated for patients.'"

In closing their report, the Board
spoke in high terms of the manage-
ment of the hospital by Dr. Lane,
and of his skill, care and attention
to those under his charge, and the
success that has attended his surgi-
cal operations.

The Board urge that a small ad-

ditional appropriation be made, to
ensure the completion of the pay
patient's ward.

The total expenditures for the
year were, for construction of build-
ing for colored ward, \$1,235.14; cur-
rent expenses, \$3,747.39.

The report was received and or-
dered spread upon the minutes.

Roderick MacRae was appointed
special surveyor to survey beach
lands of H. D. Marshall, of Harnett
township.

Board of Aldermen.

The Board of Aldermen met in
regular session yesterday evening.
All the members of the Board were
present, Mayor Fowler presiding.

The Committee on Lights reported
that arrangements have been made
for three additional electric lights—
one at Eighth and Princess, one at
Third and Castle, and one at Sixth
and Swann. Also three gas lamps—
one at Tenth and Princess, one at
Tenth and Market, and one at Front
and Red Cross. The report was
adopted.

A communication from the Board
of Audit and Finance was read.
The Board refused to concur in the
appropriation of \$375 for a street
sweeper unless one street hand is
dispensed with. Also, refused to
concur in appropriation for a police-
man on the west side of the river.

third health officer. Also, in ap-
propriation of \$200 for salary of As-
sistant Chief of the Fire Department.

Also, in the appropriation of \$100
