THE WOES OF WOMEN. Weariness, Unhappiness, and Misery Seem to be the Lot of Women Instead of Brightness, Happiness, and Joy-The Causes of Bad Complexion Ex-

plained.

"Why is it that so few American women have good complexions?" asked Mrs. Langtry on her first visit to America. Her quest;on can be easily answered. Women are sallow because the blood does not circulate well through their bodies. It does not fill their cheeks with rich color and their eyes with brilliancy. It is 'sluggish." What is the result? Bad color. weariness and poor health. What will prevent this? A gentle and pure stimulant that imparts strength, life and good circulation. This is precisely what Duffy's Pure Malt Whiskey | rade the moment the Buffalo comdoes. It is not a beverage; it is a healthy-giv ing remedy. It has the endorsement of clergymen, physicians and lady workers in the temperance cause and it has never been known to fail in strength ening, restoring and benefiting. A well known lady, writing on the subject, said:

"I can never describe the change that has taken place in my appearance and in my feel ings. Instead of feeling tired and 'blue' as I once did, I am now strong and young, both in feeling and appearance. A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severests tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamtree trial bottle at Robert R. Bellamy's wholesale and retail drug store
