WILMINGTON, N. C. TUESDAY, MAY-28, 1889.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

The next House, on the present basis, will consist of 164 Republi cember there will be four more States whose representation will probably change the figures to 168 Republicans and 162 Democrats. The unseating of Democrats is expected to proceed as fast as circum stances will allow, with the result of making the Republican majority ten or twelve before the session closes.

Some 160,000 acres of the finest land in South Dakota will probably be thrown open to settlement within a month, on the completion of negotiations by the Government with the Sioux Indians of the Yankton agency. The Indians will sell seven townships on the north side of their reservation, and another rush of speculators, settlers and adventurers may be expected to follow as soon as, or before, the tract is ready. for occupancy.

The Washington correspondent of the New York World says: "There is only one way to get satisfaction out of a public office," said Presi dent Harrison to a friend not long ago," and that is to please yourself while you are in it. You cannot possibly give satisfaction to the rest of the people, no matter how you try; and the more you try the less success you will have. The best President that it is possible for this country to have is always sure to go out of office with enough enemies to make him uncomfortable if he is a very sensitive man; and the worst possible President when retiring | She bathed her thumb with arnica, from office is sure to have enough friends to make life agreeable to him if he has sense enough to care for nobody who doesn't care for him. The one thing that I will try to do as President will be to act so that when my term of office has expired I can say with truth and a clear conscience, 'Thank God I have satisfied myself.' It's the only ting up tableaux, and when Obe's satisfaction that a man can be cer- girl was asked what character she satisfaction that a man can be certain of."

Chairman Townsend, of the Democratic State Executive Committee of Ohio, in talking to a correspon dent of the New York Times about organization in Ohio is stronger to day than when we elected Mr. Hoadly six years ago. There are no factions and no sile issues. The leading one wing, while the Lieutenant Governor is endeavoring to represent the Sherman wing. The Senate bolters are among the Sherman men, while Foraker is aggressive and full of fight. The prospect of immediate and lasting good will from this on. Both the Sherman the only point that they appear to agree upon is that the President is doing nothing for Ohio. The boys On Corn, Peanuts insist on having the loaves and fishes, and they are not forthcoming. The result is that beyond the practical politicians there is but lit. tle interest taken in the contest this year, and if the Republicans succeed in getting out anything like a full vote they will do much better than they now dream of. On the other hand the Democrats have nothing to fight about, but plenty to fight for, and with the least lethar.

suddenly acquired hostility to the Pennsylvania Railroad is disclosed by the Manufacturers' Record, which says that for ten years following 1875 Mr. Carnegie had a contract with that road whereby his products were shipped to Chicago, for example, at \$2.90 a ton, against \$5 for his competitors. His accumula tion of riches by outrageous favoritcans and 161 Democrats, but by Delism of this sort has been somewhat checked by the Inter State law, and hence his outery against "the railroad monopoly."

An Important Announcement About six weeks ago, while at business, was suddenly attacked with excruciatin pains in my feet, knees and hands. So seven the attack that I took my bed immediately and in two or three days my joints were swollen to almost double their natural six and sleep was driven from me. After suffering the most excruciating pain for a week using limiments and various other remedies a friend, who sympathized with my helplest and the most excruciating pain for a week as friend, who sympathized with my helplest and the method of the contract of the method of the contract of the co using liniments and various other remedies, a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, had a quiet night and refreshing sleep. In a week I felt greatly benefitted. In three weeks I could sit up and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from nine to ten hours a day, and am entirely free from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries relative thereto, either in person or by mail.

The Twenty-Fifth annual session.

The Twenty-Fifth annual session of Misses Burt & James' School will commence on Thursday. Oct. 4th, at St. Jams Chapel on Third, between Rpd Cross and Campbell streets, where it has been leared for the past two years. The street cars running on Red Cross, a few yards from the building, can cover any objection to distance. A well ventilated schoolroom, pleasant playground, good cistern of water and retired situation make it more desirable than more central localities available.

The Principals, as heretofore, will spare no effort for the advancement of the pupils kindly entrusted to their care, giving individual attention to each, and ruling with firm but loving discipline.

Their many graduates, some of them now occupying the position of teachers, testify to their success. As always stated in their circulars, scholars received only for the session, no deduction being made except in cases of protracted sickness. Those entering after october charged only from date of entrance.
