An Important Announcement About six weeks ago, while at business, I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took my bed immediately, and in two or three days my joints were swollen to almost double their natural size, and sleep was driven from me. After suffering the most excruciating pain for a week, using liniments and various other remedies, a friend who sympathized with my helpless condition, said to me:

a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, had a quiet night and refreshing sleep. In a week I felt greatly benefitted. In three weeks I could sit up and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from nine to ten hours a day, and am entirely free from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries relative thereto, ether in person or by mail.

25th Annual Session.

THE TWENTY-FIFTH ANNUAL SESSION of Misses Burr & James' School will commence on Thursday, Oct. 4th, at St. John's Chapel on Third, between Red Cross and Campbell streets, where it has been located for the past two years. The street cars running on Red Cross, a few yards from the building, can cover any objection to distance. A well ventilated schoolroom, pleasant playground, good cistern of water and retired sit uation make it more desirable than more central localities available.

The Principals, as heretofore, will spare no effort for the advancement of the pupils kindly entrusted to their care, giving individual attention to each, and ruling with firm but loving discipline. Their many graduates, some of them now occupying the position of teachers, testify to

their success. As always stated in their circulars, scholars received only for the session no deduction being made except in cases of MUSICAL INSTRUCTION given by Mrs. M. S. Cushing, whose life-long devotion to the science and long experience in teaching, should be a guarantee for her ability.
