Progress.
It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possession of these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Shirts, we have got them by the million, made by good and skillful hands; come and see us, we can save you over fifty five per cent. We'll not charge you fancy prices, treat you well, don't be afraid, therefore come and patronize; us money saved is money made, at the Wilmington Shirt Factory, 122 Market Street. Sign of the blue awning.

About 150 excursionists came up from Southport this morning on the *Passport* to spend the day with us, and the *Besse* brought up thirty five. In all, about 200 visitors to-day from Southport. Now, the question arises, who stayed home to take care of the babies?

You need be in no doubt as to where to spend the day to-morrow. The big attraction will be at Carolina Beach. The Newbern firemen will go down there and our home firemen will be on hand in large numbers to entertain them. There will be four boats each way.

SHE IS "GRATEFUL."
"I saved the life of my little girl by a prompt use of Dr. Acker's English Remedy for Consumption." Mrs. W. HARRIMAN, New York. Munds Bros., druggists

Forecasts.
For North Carolina, fair weather and warmer. For Wilmington, fair weather.

Very Creditable Indeed.
Goldsboro Mercury: There are now about 15,000 soldiers, rank and file, at Camp Latimer. This is a very creditable showing for the North Carolina State Guard.

Died at Sea.
Mrs. Mary A. Emanuelson, daughter of Mr. J. C. Smith, of Southport, received a letter a few days ago stating that her husband, Mr. August Emanuelson, died on February 15, 1889, in the Gulf Stream on a voyage from Valparaiso to New York and was buried at sea. Mr. Emanuelson was one of the crew of the *Frying Pan* light ship for a few years. He was married at Southport, July 4th, 1887. He was only 27 years of age and leaves a wife and one child to mourn their loss.

The Tycoons Last Night.
One of the very largest and most brilliant audiences ever assembled in our beautiful Opera House was that which was present last night on the second presentation during the Encampment of the Little Tycoon. The Governor was present in a box with several members of his staff. The piece, as on the former occasion, was beautifully presented. The house was literally packed and the applause was unstinted. It is gratifying to know that a handsome sum has probably been realized for the benefit of our soldier boys.

Centennial Catalogue.
The *Centennial Catalogue* of the University of North Carolina, published this month, contains: 1. Historical Sketches of the University, by President Battle; 2. Officers, Trustees and Faculty, 1789-1889; 3. An Alphabetical Catalogue of Students, 1795-1889, with dates, degrees, occupations, addresses, etc., prepared by Mrs. C. P. Spencer; 4. Honorary Degrees; 5. Eleven full page views of Buildings, Society Halls, etc. The Catalogue is a handsome publication of more than 200 pages. The edition is limited. Copies will be sent post-paid on receipt of 50 cents by W. T. Patterson, Bursar, Chapel Hill, N. C.

Colored Boy Drowned.
A ten-year old boy named Enoch Sullivan, colored, living on Tenth, between Castle and Queen streets, was drowned yesterday afternoon in the river near the foot of Orange street. The boy was wading in the dock with two other boys, and stepped into a place where the water was over his head. He rose to the surface twice, but there was no one near enough to reach him. As soon as the accident was made known, several persons went out to try and recover the body, and about an hour afterwards it was found. The Coroner was notified and viewed the body, but an inquest was not held, and the remains of the unfortunate boy were taken to the home of his parents.

Death of a Baptist Minister.
Rev. W. H. Hamilton, a minister of the Gospel who had been at the City Hospital here for treatment, died at his home at Privett's, S. C., on Sunday morning, the 7th inst., at 2 o'clock. He was accompanied to this city by his faithful wife, who was with him to the last. He had suffered for some time past with a stricture of the throat and an ulcerated stomach and before arriving here had been under treatment by Dr. Kinloch, of Charleston. He arrived here on the 27th of June and the physicians feared at first that his case was hopeless.

Mr. Hamilton was 53 years old. He was born in Nash county, this State, but removed to Horry county, S. C., early in 1859. He became a member of the Baptist Church in 1864 and has preached the Gospel for the past 13 years. He had pastoral charge of three churches, Cane Branch, Bethlehem and Salem. He was kindly received and assisted by members of the First Baptist Church in this city and a letter has been received by Mr. S. W. Holden from Mrs. Hamilton, making grateful mention of this fact.

The Worst Nasal Catarrh,
no matter of how long standing, is absolutely cured by Dr. Sage's Catarrh Remedy. It does not merely give relief, but produces permanent cures in the worst cases. 50 cents, by druggists.

The Governor of Virginia.
Governor Lee's failure to respond to the invitation extended to him to visit Camp Latimer yesterday was due partly to the fact of their being no telegraphic communication with Wrightsville for the public, and partly also to his recent absence from Richmond. In a telegram from him to Mr. W. A. Bryan, proprietor of the Orton House, he states these facts and says that Mr. Bryan's telegram had just been received on his return to the city. Before leaving, on the 13th, he telegraphed Gov. Fowle at Wrightsville that public duties would prevent his attendance but to-day he found that his despatch had not been forwarded because there was no telegraph communication with Wrightsville. He thanks Mr. Bryan for his invitation and begs him to make the necessary explanations.

The Newbern Firemen.
The visiting firemen from Newbern arrived here last evening on the six o'clock train. They were received at the depot by the W. S. F. E. Co. No. 1, whose guests they are, and the Hickory Military Band, with all of the honors. They were escorted down Front street to Market, up Market to Fourth, and on Fourth to the engine house where they were formally welcomed by Mr. W. C. Craft on behalf of the company. They were afterwards escorted to the Orton House, where supper was prepared for the two companies and the band. To-day they visited the encampment and the attractions in that neighborhood; and to-morrow they will spend at Carolina Beach. They have an excellent band with them which discoursed some delightful music yesterday.

The following is a list of the visiting firemen: Foreman, James W. Moore; assistant foreman, M. H. Sulhan, privates N. B. Agostini, John Manly, W. S. H. Turner, A. B. Carroll, A. E. Hibbard, Floyd M. Chadwick, Jonas Jones, Thos. Bowden, John Dinkins, Joe Swert, W. B. Watters, Chas. Hall, Ernest Green, accompanied by Mr. Win S. Ellis, Chief of the Newbern Fire Department, and E. M. Parie, Assistant Chief. Band: A. W. Cook, leader; S. B. Cook, W. S. Phillips, H. P. Willis, Charlie Kehoe, Ed. N. Case, C. R. F. Edwards, Henry Albertson, John Whitford, A. E. Parsons, Edgar Harrison, W. P. Jones.

Of Nautical Interest.
Capt. W. H. Bixby, engineer in charge of government improvements for the Cape Fear district, furnishes us with the following instructions to mariners, pointing out how they may enter the Cape Fear river through the new channel which has recently been completed: As soon as the Oak Island range beacons (fixed red lights at night) are made, bring them in line and steer for them, course about N. N. E. While standing on this range look out for the new channel range beacons (fixed white lights at night,) which will be seen just to the northward of Cape Fear lighthouse, and when the new channel range comes on, the bell buoy off the entrance should be close aboard. From the bell buoy stand in on the new channel range, course about N. E. by E. 1/2 E., and cross the bar on this range.

When Smith's Island range beacons (both red lights at night,) which will be seen just to the northward of the new channel range, are brought in line after crossing the bar, stand in on that range; course about N. E. 1/2 E. As soon as buoy No. 5 (black can) is passed, edge over to the northward, steering about N. N. E., and bring the front beacon of the new channel range in line with Cape Fear lighthouse over the stern. The course standing up on this range is about N. N. W. 1/2 W.

Battery Island lighted beacon No. 3 will be a little on the starboard bow, and is left on the starboard hand.

Advice to Mothers.
MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle. July 6 deod & wly

There were over 400 visitors at Carolina Beach to-day.

See advertisements of W. M. Cumming, manufacturer of mattresses.

There was a good attendance at the festival given by the ladies of the First Baptist Church last night at the City Hall. The delicacies of the season were there and the pecuniary success was gratifying.

The Criminal Court has been engaged to-day in the trial of the case of Policeman Bryant, charged with shooting a dog on private premises, and it had not been concluded when we closed.

The fire steamer *Adrian* was out this afternoon at the foot of Market street for practice, with the full company. They threw three streams at once and the time was taken but not reported in time for this issue.

W. E. Miller and E. C. Greshaber, two gambling fakirs, were arrested yesterday afternoon on Wrightsville Beach by Col. E. D. Hall, J. P. They were bound over in the sum of \$150 each for their appearance to-day but did not appear.

The Newbern and Wilmington Steam Fire Engine boys, about 50 strong, headed by the Chief and the Mulligans called on the Mayor about 3 o'clock this morning.

What's the matter with the Mayor? He is all right.

The Rev. E. A. Yates, D. D., arrived here last night on the northern train on a visit to friends in this city. He is a guest at present of Mr. W. E. Springer. He will be cordially welcomed here by a host of friends and admirers.

Sehr. Alice Archer, Gibbs, cleared late yesterday afternoon for Greytown, Nicaragua, by the Carolina Oil and Creosote Company of this city with 464 creosoted pilings, which will be used for the purpose of building a pier on the Nicaragua Canal.

Personal.
Capt. J. B. Burch, a Wilmingtonian, who has for many years past been resident at Winston, is in the city on a week's visit to friends here.

Dr. Jno. H. West, who was here a short time ago in charge of the Kickapoo Indians, has returned to the city. He is on a vacation of two months and having drank of Rock Spring water while here his footsteps have irresistibly turned in this direction. Dr. West will probably soon abandon his connection with the Kickapoo Company. He is a gentleman by birth and education, a regular medical licentiate and his reasons can be readily appreciated. He proposes to enter the lecture field and probably to resume the practice of his profession in a little while. Dr. West studied medicine under Gov. (Dr.) Luke P. Blackburn, of Kentucky, and Dr. Chapin A. Harriss, who has been called the founder of dentistry, was his grandfather.

DIED.
EMANUELSON—At sea, on February 15th, 1889, AUGUST EMANUELSON, aged 27 years. Buried at sea.
