Hon. A. M. Waddell has returned to the city from Raleigh.

See advertisement of W. M. Cumming, manufacturer of mattresses.

For fishing lines, leads, bobs, poles and hooks of all kinds go to the N. Jacobi Hdw. Co.

Lawn rakes of the latest and most improved patent. For sale by the N. Jacobi Hdw. Co.

There is economy in building barbed wire fences and in buying your wire from the N. Jacobi Hdw. Co.

We can make you comfortable for \$1.00 by supplying you with the Ironclad Oil Stove. N. Jacobi Hdw. Co.

Mosquito bars, a new and convenient kind, for sale by W. M. Cumming, between Star Office and Bank of New Hanover.

Mayor Fowler and Alderman Post returned to the city on Saturday night from their little jaunt to Richmond.

Distress after eating, heartburn, sick headache and indigestion are cured by Hood's Sarsaparilla. It also creates a good appetite.

Notwithstanding the large supply of canteloupes arriving here now the prices continue very high. The best sell for 15 cents each.

Mattresses Renovated and made to order into two sections by W. M. Cumming, between Star Office and Bank of New Hanover.

Painters, save money by buying your white lead, ready mixed paints, varnishes and brushes from the N. Jacobi Hdw. Co. They sell none but the best.

British barque *Atossa*, Robinson, cleared to day for London with 2,000 casks spirits, valued at \$36,023.58, shipped by Messrs. Paterson, Downing & Co.

Enamoline, the best stove polish in the market. No rust, no mixing necessary. Use like shoe blacking. Every housekeeper should try it. For sale by the N. Jacobi Hdw. Co.

Refreshing and Invigorating
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 84°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

Ger. barque *Polly Stott*, Harder, cleared to day for London, with 1,000 casks spirits, 2,187 barrels rosin, valued at \$19,946.25, shipped by Messrs. Robinson & King and Mr. J. W. Bolles.

The store at the Southeast corner of Front and Princess street, recently occupied by Mr. W. H. Styron, is being fitted up for Mr. I. Shrier, who will remove his clothing business to that place in a few days.

Talking about industrial enterprise, here is a suggestion: Form a company and buy Eagle Island, put an embankment up all around it, drain it by steam power and then sow grass and get four crops a year from it. There's millions in it.

Yesterday forenoon was very warm and uncomfortable but in the afternoon there was a fine rain and the temperature dropped perhaps 15 degrees. It warmed up again during the afternoon, however, and the heat last night was very oppressive.

The turnpike track at Wrightsville was badly cut up by the large number of vehicles passing over it during the Encampment. There is no toll gate at the terminus of the road and there was no toll collected. The repair of this track will be a dead loss to the company.

Shirts, we have got them by the million, made by good and skillful hand; come and see us, we can save you over fifty five per cent. We'll not charge you fancy prices, treat you well, don't be afraid, therefore come and patronize; us money saved is money made, at the Wilmington Shirt Factory, 123 Market street.

Sign of the blue awning.

Forecasts.

For North Carolina showers and continued high pressure. For Wilmington, showers.

Not in Mecklenburg.
The Charlotte Chronicle says that Capt. Whisnant was born and raised in Mecklenburg county. That is a mistake. Last April that gentleman pointed out to us a house in Shelby and remarked: "That is the house I was born in 40 years ago."

New Auction House.
Attention is invited to the advertisement of a new auction house in this issue, that of Messrs. McGirt & Allen. These gentlemen have opened an auction store at No. 27 Market street. Both are well known to our people. Mr. McGirt has had an extensive experience in the business and what he doesn't know about it it will be hard to find out. We wish them much success.

Another New Law.
Among the new laws enacted by the last Legislature is one aimed at the suppression of idiots who think it is fun to point a gun at persons. The law says: "It shall be unlawful for any person to point any gun or pistol at any person, either in fun or otherwise, whether such gun or pistol be loaded or not. Any person violating this section shall be guilty of an assault, and upon conviction shall be fined, imprisoned, or both, at the discretion of the court."

The Newbern Firemen.
The Newbern Steam Fire Engine Company arrived safe at home on Friday perfectly enthused with their reception here. The Journal of that city says:

The Newbern Steam Fire Engine Company returned yesterday from its visit to Wilmington. They tell us in all their lives they never had so pleasant a trip. The hospitality of the Wilmington firemen in particular, and the citizens generally, was unbounded. We are grateful for this courtesy, but we must say that no attentions could exceed the merits of our firemen. The Wilmington papers were exceedingly complimentary to the firemen, and took occasion to speak in high praise of their band, placing it among the very best in the country.

Weather Crop Bulletin.
The reports of correspondents of the Weekly Crop Bulletin, published by the North Carolina Experiment Station and State Weather Service, cooperating with the United States Signal Service, show a deficiency of rainfall, about an average temperature and an average amount of sunshine for the week ending Friday, July 19th. The deficiency of rainfall has been rather beneficial to the growing crops, enabling the farmers to work the crops and clean them of grass. Although the past week has been generally favorable yet the cotton and corn crops are not up to the average condition. Tobacco is said to be below the average and in some sections it is thought that at least twenty five per cent. of the crop is injured. The wheat crop, which is supposed to have been very much injured in the shock during the very wet spell previously reported, is yielding better than expected. The potato crop is reported as very good. A little more rain in some sections would probably be beneficial.

Dr. Grissom Acquitted.
The Grissom trial, which has been drawn out for three weeks, is at length closed and the verdict, as anticipated by so many, is an acquittal for Dr. Grissom. Promptly on the announcement of the verdict Dr. Rogers, the Second Assistant Physician, and Mr. J. W. Thompson, the steward, tendered their resignations, accompanied by some discourteous allusions to the Board of Directors. These resignations were accepted, with a resolution of reproof for the language used.

The closing speech was made on Saturday last by Hon. A. M. Waddell, of this city, who was of the counsel for the prosecution. It is published in full in the News and Observer and was heard with breathless interest by a large concourse. It is a fine thing, in our opinion one of the best speeches ever yet made by our eloquent townsman. The peroration is a master-piece of oratory.

Dr. Pierce's Pellets cure constipation, biliousness, sick headache, bilious headache, and all derangements of the stomach, liver and bowels. One a dose.

Schr. Orlando, Knaebel, cleared to day for Port-au Prince with 129,273 feet lumber, 25,000 shingles, 15 barrels tar, 8 casks spirits, 50 boxes kerosene oil, valued at \$18,638.80, shipped by Messrs. Geo. Harriss, Son & Co.

Progress.
It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possession these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

An Unregistered Arrival.
There was a new arrival at the Hammocks yesterday and his name is not down on the register. He is a boy and a fine boy at that. When able to talk he will call the genial host of the Island Beach Hotel "Pa." It is the first baby born on the Hammocks. Our warmest congratulations are extended to Mr. Platt.

The New Superintendent.
Capt. T. W. Whisnant is the new superintendent of the Carolina Central Railroad, of whose appointment we spoke briefly on Saturday. Capt. Whisnant was directly in the line of promotion, as he was the senior road master on the line, having charge of the Western section, that extends from the Pee Dee River by Rutherfordton. He has been in the employ of the road for thirteen years and has served it with singular zeal and fidelity all of those years. He is a native of Shelby and is about 40 years old and his family have heretofore resided in Charlotte. Personally he is a very clever gentleman and is very popular all along the line of the road. He has already taken charge and will arrive here to morrow on the noon train.

The Charlotte Chronicle says of Capt. Whisnant:

Capt. Whisnant is a steady, unassuming, industrious man, noted far and wide for his honesty, integrity, sobriety, and attentiveness to his business. If any man ever was appointed to a position for merit alone, Capt. Whisnant is the man. All the employees confidently expected and eagerly desired his appointment as Col. Jones's successor; and there is no doubt whatever that he will give satisfaction both to the public and to the employees of the road. He is an eminently practical man. If there is any theory at all about him, it is backed by practice.

This is from the Charlotte News and was written before the information of Capt. Whisnant's appointment had been received there:

The question as to who will succeed Col. L. C. Jones, late superintendent of the Carolina Central Road, is one that is being discussed now with a good deal of interest by the railroad men. It is singular that so far the only name suggested by the railroad men is that of Capt. T. W. Whisnant. Of course the railroad men have nothing to do with the appointment of a superintendent—that matter rests solely with Col. Robinson, President of the Company, and Maj. J. C. Winder, the General Manager, by whom the appointment is to be made; but their unanimous choice of Captain Whisnant is suggestive, and will have its weight. The fact that Capt. Whisnant has been singled out by all the employees of the Carolina Central as the man they would most like to see in Col. Jones' place, is a very high compliment to that gentleman and will doubtless be appreciated by him, whether he gets the appointment or not.

Capt. Whisnant has been with the Carolina Central for a number of years past. He helped to build the bridges on the Air Line Road, and on the completion of that contract he accepted a position with the Carolina Central and has been with that Company ever since. He is a man of fine education, good practical common sense, a good civil engineer, and one the finest road masters in the State. His appointment to the position vacated by the death of Col. Jones would be a fitting recognition of his merits. The appointment of no man could please Charlotte better than that of Captain Whisnant.

Advice to Mothers.
MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle, July 6 deod & wly

The Mayor had several cases before him this morning but were devoid of public interest.

This is the best time in the world for the country folks to be at the seacoast. The rush is now over and excellent accommodations can be had by all. The months of July and August are with us the healthiest in the year as shown by the mortality statistics, and the fishing and boating and bathing are now "just splendid."
