INDEX TO NEW ADVERTISEMENTS
B. F. FERRY—Clothing
MARTIN T. DAVIS—For Sale
MUNDS BROS.—Pharmacists
W. M. CUMMING—Mattresses
MORRIS BEAR & BROS.—Notice
TAYLOR'S BAZAAR—Bear in Mind
EMMA McEACHERN—Executrix Notice

Mr. T. A. Watson lost a fine Jersey cow this morning.

We have a few Fluting Machines which we are closing out at less than factory cost. See them. N. Jacobi Hdw. Co.

Hon. C. W. McClammy has gone to Washington City on a little trip in the interest of his constituents of the Third District.

Col. John M. Robinson, President of the Seaboard system of railways, is in the city, having arrived here last night in his private car.

"I cannot praise Hood's Sarsaparilla half enough," says a mother whose son, almost blind with scrofula, was cured by that medicine.

A match game of base ball will be played at the Seaside Ground on Thursday afternoon between the Clarendon and Excelsior clubs.

Messrs. Robert Katz and N. W. Jacobs will leave on Saturday next for Baltimore, Philadelphia and New York on a visit combining business and pleasure.

Headquarters for Sash, Doors and Builders' Supplies is the N. Jacobi Hdw. Co. They sell the best goods at prices that you pay for those of an inferior quality.

Burglars. Be secure from them by putting our Burglar Proof Locks on your blinds. They are cheap and can be put on by the most inexperienced. N. Jacobi Hdw. Co. †

The woods between this city and Wrightsville are full of water. The lowlands in the neighborhood of the second toll-gate on the turnpike seem almost entirely submerged.

Paint your house with Regal Ready Mixed Paint. It is the best and cheapest. You will find all colors in any desired quantity at the factory's agents, N. Jacobi Hdw. Co.

The german at the Island Beach Hotel last night, given by Mr. Platt, complimentary to Misses Eliza and Sallie Potter, was a very pleasant affair. There were 21 couples led by Dr. Will Graham, of Charlotte.

A handsome full rigged brig, covered completely with lacework and sailing in a sea of blue silk and white laces, is on exhibition in Mr. M. M. Katz's show window. It is the handiwork of his son, Mr. Robert Katz.

The Wilson excursionists all went back home last night. They were an orderly, nice behaved crowd and there were many pretty young ladies among them. We hope they all had a pleasant day and that they will come again.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdw. Co. †

One of the reporters went out in a sharpie the other day for some deep-sea fishing. He didn't get any fish but he fed them, to the following refrain:

A life on the ocean wave,
A home on the rolling deep,
Where the troubled waters rave
And my dinner I can't keep.

We are indebted to Maj. C. W. McClammy for a nice lot of pears from his fruit farm at Scott's Hill. Three of these weigh 3 pounds and 7 ounces, an average of 13 ounces each. All of which goes to show that Maj. McClammy is an expert in looking after the affairs of his farm as well as those of his constituents.

Shirts, we have got them by the million, made by good and skillful hand; come and see us, we can save you over fifty five per cent. We'll not charge you fancy prices, treat you well, don't be afraid, therefore come and patronize; us money saved is money made, at the Wilmington Shirt Factory, 122 Market street.

Sign of the blue awning.

Forecasts.
For North Carolina fair weather, stationary temperature. For Wilmington fair weather.

Refreshing and Invigorating
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

To Dispel Colds.
Headaches and Fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

The Onslow Grade.
About six miles of the track of the W. O. & E. C. R. R. is now graded. It is to a point about one mile this side of Capt. Macomber's store. The grade crosses the old Newbern road just beyond the four mile post. The commissary camp has been moved to near this point. The rains we have had lately have seriously interfered with the progress of the work.

The Sparrow as a Shingler.
The English sparrow, besides his other bad habits, has proven himself to be an enemy to shingle roofs. He has been discovered tearing them to pieces to make a nest for his mate. He will fasten on to a split shingle and keep pulling away until he succeeds in getting it loose. It would seem to be a big job for the little fellow, and it is, but he manages to get there.

Making Up a Big Excursion.
A large excursion party from Greensboro and other points is expected here on the night of August 8th, the Thursday of next week. It will leave Greensboro early in the morning and arrive here late in the afternoon, making the entire trip by daylight. The party will remain in the city that night and the next day they will go down to the sea coast, returning to the city the same evening and leaving directly for home. It is expected that it will be an unusually large party.

Encampment Aftermath.
A few days since we stated that the turnpike company didn't charge vehicles for passing over that part of the shell road which lies between the depot at Wrightsville and Camp Latimer, during Encampment week. In this we were mistaken. They did charge toll, just about enough, it was thought, to cover the expense of repairing that part of the road. The charges were in existence for five days and the receipts were a little less than \$64. The toll was ten cents on a wagonette, or a carriage, each way.

One thing leading to another, it is in order to speak here of that alleged exorbitant charge of ten cents made for those carried between the depot and the camp, and which provoked the opposition of some of the troops. We saw yesterday a statement made out by a liveryman of the receipts and expenses of one team. It was very carefully prepared and every item to both debit and credit account was accurately set down. Well, the net receipts of this team during the entire encampment amounted to just \$5.17. In the expense account there is one item, however, that is not put down, as it does not exactly belong there, and this was a break down of the vehicle, and in the repair of which nearly every cent of the \$5.17 of net profit was absorbed, thus leaving an almost equal balance between the receipts and disbursements. And this will probably be found the case with more than one of the teams which carried passengers at the Sound during the Encampment.

"A Word to the Wise is Sufficient."
Catarrh is not simply an inconvenience, unpleasant to the sufferer and disgusting to others—it is an advanced outpost of approaching disease of worse type. Do not neglect its warning; it brings deadly evils in its train. Before it is too late, use Dr. Sage's Catarrh Remedy. It reaches the seat of the ailment, and is the only thing that will. You may dose yourself with quack medicines 'till it is too late—till the streamlet becomes a resistless torrent. It is the matured invention of a scientific physician. "A word to the wise is sufficient."

Advice to Mothers.
MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle. July 6 deod & wly

Did You Ever Notice It?
Look at any jeweler's dummy clock and you will see that the hands point to twenty minutes past 8 o'clock. We have often observed this, but never knew the reason until we read this week's issue of the Concord Standard. That paper says: "Did you ever notice that nearly all the false clock faces used as signs for jewelers have the hands pointing to the same figures? Well, it is a fact, and thereby hangs a tale. The time indicated by the hands is about twenty minutes after 8 o'clock, and this is said to have been the hour at which Abe Lincoln was shot. Hence its general use on the signs."

City Court.
The following cases were disposed of by the Mayor to-day:
Louis Freeman, unlicensed dog, not guilty, discharged.
Luey Wright, assault and battery, case continued.
George Richardson, disorderly conduct, guilty, but judgment suspended.
August Olsen, disorderly conduct, guilty, and paid \$10.
W. O. Donaldson, disorderly conduct, guilty, but judgment suspended.
Esquire Lewis, unlicensed dog, guilty, and fined and costs \$3.15.
Delia Smith, unlicensed dog, case continued.

How the Dog Was Found.
Capt. Adrian's fine setter dog Ned, which was advertised in the REVIEW a few days ago as "lost, strayed or stolen," has been found. He turned up near Clinton. The ad. was inserted last Thursday and Friday and on Saturday Capt. Adrian received a letter from a party in Clinton, telling him that he had seen the advertisement in the REVIEW and that there was a dog at a certain place near there which answered to the description. Mr. Alex. Adrian, Capt. Adrian's son, at once took the train for Clinton where he found and identified the dog and returned with him to the city. Great store is set by the animal and Capt. Adrian says that the REVIEW found him.

Pic Nic at Chinquepin.
A reporter for this paper was present at the Farmers' Alliance picnic at Chinquepin, Duplin county, on Friday last, the 26th inst. The crowd was variously estimated at between 600 and 1,000 people. The picnic was opened by a speech from Capt. Abner Robinson, Senator from Duplin, who acquitted himself finely and surprised many of his countymen by his eloquence. Then came Rev. Colin Shaw, of Magnolia, who made one of the best speeches we have ever had the pleasure of listening to. He kept the audience spell-bound for very near an hour with his eloquence, wit and good sound talk. The farmers will long remember the appropriate remarks spoken by the reverend gentleman.

Mr. Veach made a short talk on trusts and jute bagging in the South and then came dinner, one of the best we ever saw at a picnic. There was a table at least 50 yards long, filled with the choicest viands the land affords. The people around Chinquepin seemed to take extra pains to make strangers have a good time. There was a band of music on hand and those so disposed enjoyed the tripping of the light fantastic. We must say we have never seen a more orderly, well behaved crowd of people; there was not an intoxicated man on the ground.

At night the young people of the village repaired to the residence of Dr. Hatcher, where those who were so inclined enjoyed a dance until early morn. Long will be remembered by those present the courteous, hospitable manner in which Dr. Hatcher treated all, the rich and the poor alike.

The Exodus Movement.
The committee appointed by the Colored Emigration Convention, which met in Raleigh on the 26th of last April, to go to the West and Southwest and spy out the land and to learn what arrangements can be made for the movement of a large body of colored people from this State, expect to leave here for the Southwest on next Sunday night or Monday night, according as arrangements may be perfected for combination rates on railroads. One of the committee, who is a prominent power in the movement, tells us that upwards of 75,000 names of those who will move have been enrolled and that these have agreed to be ready to start within 48 hours after notice has been given them, provided that the commission make a favorable report. It is said that the people in the Southwestern States have not been asleep but that they have held meetings, composed of farmers, business men and capitalists, who have appointed committees to meet and confer with the North Carolina commissioners and to offer such inducements as will direct the tide of immigration in that direction. If the conditions are favorable, and the committee shall so report, it is thought that at least 50,000 people will be moved next Fall. Louisiana, Tennessee, Kansas, Arkansas, Texas and California seem to be making preparations to increase their colored popu-

Special Rates to Morehead.
To parties desiring to attend the complimentary ball to be given Gov. Fowle, at Morehead City, on the night of August 1st, round trip tickets will be sold at the following rates: Fremont \$2.45, Wilson \$2.95 Mt. Olive \$2.55, Rocky Mount \$2.90, Enfield \$4.15, Halifax \$4.45, Tarboro \$4.45, Nashville \$4.15, Magnolia \$3.60, Clinton \$3.80, Wilmington \$5.00, Selma \$3.90, Smitfield \$3.00, Dunn \$4.15, Fayetteville \$4.45. Tickets good to return until August 5th.

Needed at Wrightsville.
It seems to us that a few good fishing boats, of light draught and easily polled, would do well at Wrightsville Sound. There is a need of such things there. If somebody would go into the business and have his boats with tackle and bait ready for use, he could do a good business, it seems to us. He could charge a moderate price by the hour and if it were known here that such accommodations could be had we think the boats would be kept busy on every new tide.

A Reckless Rider.
A little three year old boy, son of Mrs. Andrews, who lives near the corner of Mulberry and McRae streets, was run over and severely injured yesterday afternoon by a colored horseman who rode furiously down McRae street. The little boy was playing in the street with a number of others at the time and the man on the horse made no effort to prevent the catastrophe which followed nor did he check his horse to ascertain the damage he had done. The man was unknown and the excitement was intense. The police are working on the case and the fellow will undoubtedly be caught and punished.

Wagon and Horse Go Down.
A disaster which befell a baggage wagon on the hill this morning precipitated another. The first, while out collecting baggage, parted in the middle, because of the giving away of the king-pin, and the horse ran up Front street at a pretty lively rate, with the front part of the wagon behind him. One of the Portner beer wagons was at the time delivering beer at the Diamond saloon and as the baggage wagon passed, the horse in the beer wagon, a handsome iron gray recently purchased from Mr. Orrell, became startled and followed in his wake. Both turned into Princess street, from Front, but the beer wagon got caught in the street car track and was overturned. There was considerable of a loss on the beer which the wagon contained and the wagon was also much shattered but the most injury was to the horse, which was thrown when the wagon was overturned and sustained a gash in the left hind leg. It was not very severe, however, and Mr. Quinlivan will have him out in a few days.

PLEASE NOTICE.
We will be glad to receive communications from our friends on any and all subjects of general interest, but the name of the writer must always be furnished to the Editor. Communications must be written on but one side of the paper. Personalities must be avoided. And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

The Mattress Factory.
(From Messenger Encampment Issue.)
One of our young men, Mr. W. M. Cumming, is in a business that ought to be encouraged, for it is not only a home industry, but one that adds to our city's health and our citizen's comfort. It is the manufacture and renovating of mattresses, and includes such other articles in that line as springs, pillows, cushions, bolsters, etc. An old mattress is often both uncomfortable and unhealthy, and to have it renovated and remade becomes both a duty and a pleasure, especially when the work can be done and well done, in one day, as Mr. Cumming is prepared to do. The factory is situated on Princess street (No. 17), and is fully equipped with the newest patented machinery to do all kinds of work. The hair picking machine is especially well adapted to do this important branch of the work.

Our friends in the country would find it to their advantage to write to Mr. Cumming if they desire their old hair (or moss, or other) mattresses made over at small cost. When our readers consider that "one third of their lives is spent in bed," and that in all times of weakness, of weariness and of sickness they seek the bed for recuperation and rest, they will doubtless correspond with Mr. W. M. Cumming with regard to buying a good set of springs and a nice hair mattress, or having the old ones made over.

NEW ADVERTISEMENTS.
For Sale.
A VALUABLE PIECE OF PROPERTY, 80 feet on Fourth street and 82 1/2 feet deep.
MARTIN T. DAVIS,
Jy 30 11 123 Princess Street.
