## The Daily Review.

JOSH. T. JAMES, Editor & Prop'r.

WILMINGTON, N. C.

SATURDAY, AUGUST 24, 1889.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

The salt industry in Southern Kansas is assuming majestic proportions. It is said that the salt taken up at Wellington in that State is the purest in the world. A dozen salt plants are already in operation and others will soon be established. In North Middle Kansas there are extensive marshes that yield the saline efflorescence in large quantities.

Latest returns estimate the American wheat crop of 1889 at 500,000,000 bushels, or nearly 85,000,000 bushels in excess of the crop of last year. This will leave not less than 150,000,000 bushels of wheat for export. Last year the exports of wheat and wheat flour amounted to 121,000,000 bushels, notwithstanding the obstacles created by speculative operations in the Chicago wheat pit. In the present favorable conditions the corn crop of this year promises to be enormous. Last year's yield of Indian corn was estimated to be nearly 2,000,000,000 bushels, and it is probable that it will be exceeded considerably by the crop of this year. Last year's exports of Indian corn and corn meal amounted to but little more than 35,000,000 bushels. But in consequence of the short crops of wheat and other cereals in Russia and Austria the exports of Indian corn promise to be greatly stimulated in order to supply the poor of Europe with cheap bread.

The Jacksonville Times Union says recent reports from the tobacco growers of Gadsden County, Fla., are of a most encouraging nature. The summer has been favorable to the growth of the plant, and the crop, which is now being cut, promises to be the finest ever seen in that old tobacco county. It is estimated that two thousand acres have been planted this year, four times as much as last year, and the quality is superior. The Alsatians who located around Quincy last winter have planted about 135 acres of tobacco, besides corn and other crops. The Times Union says for their readiness to adapt themselves to the new situation and their aptitude for farming, it is evident that these industrious foreigners are a valuable addition to the population. Another company of Alsatians, numbering 111, have recently arrived in New York under charge of the tobacco syndicate. A considerable area has also been planted in tobacco in Columbia and Madison counties. It is said that the farmers around Greenville are preparing to plant two hundred acres in tobacco next year.

There is pretty general agreement that Boulanger is extinguished. The sentence of the Court, following upon the bad result of the cantonal elections, seems to have created a serious depression among his friends. So, at least, say the English, who have for some reason always been bitterly opposed to the General. But it will be safer to express positive views as to the state of the public mind in France after the elections of members of the Chamber of Deputies, which occur on September 22d. Then it will be seen whether the discontent of the people with their unsatisfactory Parliamentary Government has suddenly disappeared. This discontent is the important thing, not Boulanger, or any other who may undertake to be its exponent. If it continues there must be trouble in the future. Boulanger tried the constitutional method of agitation, only to be banished by his political opponents. The next exponent of the idea of revision may learn a lesson from Boulanger's fate and try a more violent method. All depends upon the view the people take of their present Constitution.

"Wine, Women and Song," but the greatest of these is, "women." "Wine is a mocker," and song is good to "soothe the savage," but women respond to every active power and sentiment of the human mind when in good health. But when afflicted with disease you will find them tantalizing, coquetish, erdss, and hard to please. For all "female complaints," sick headache, irregularities, nervousness, prolapsus and other displacements popularly known as "female weakness" and other diseases, peculiar to the sex, Dr. Pierce's Favorite Prescription is the great world-famed remedy.

"It Works Like a Charm."

Rulon's Magnetic Liniment is a safe and speedy cure for Rheumatism, Neuralgia, Gout, Headache, Sprains, Bruises, Swellings, Diphtheria, Inflammation of the Kidneys and all painful affections. For sale by Munds Brothers.

## Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alterative and Tonic. If you are troubled with any disease of Kidneys, Liver or Stomach of long or short standing you will surely find relief by the use of Electric Bitters. Sold at 50c. and \$1 per bottle at Robt. R. Bellamy's wholesale and retail drug store.

When the rich man worketh not, the poor man saith he ought to be ashamed of himself for that he crowdeth while he produceth not. Verily, the lot of the rich man, though it be worth \$1,000 a foot front, is hard.—Binghanton Republican.

## Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. # Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public. Hood's Sarsaparilla cures Scrofula, Salt Rheum and all Humors, Dyspepsia, Sick Headache, Billousness, overcomes that Tired Feeling, creates an Appetite, strengthens the Nerves, builds up the Whole System. ## 1,500 ACRES OF LAND IN THE BEST

leaf pine region. For sale on easy terms in lots to suit purchasers. Four acres for \$25. Larger tracts \$5 per acre, in monthly payments of \$10. Write for particulars to "Southern Pine", a recently established health resort (or sanitarium), and is especially adapted for Fruit Culture, as well as all the ordinary uses of a "Southern Pine", and it is the desire of the owners of this land to induce small farmers, mechanics and others from the New England and Middle States, as well as elsewhere, to locate here. No State in the Union offers greater inducements to settlers than North Carolina. Nowhere can better farming country or a more favorable climate be found. This is the portion of Northern men who have settled in North Carolina. This is a rare offer, and is limited.
