Mercurial Poison. Mercury is frequently injudiciously used by quack doctors in cases of malaria and blood poison. Its after effect is worse than the original disease. B. B. B. (Botanic Blood Balm) contains no mercury, but will eliminate mercurial poison from the system. Write to Blood Balm Co., Atlanta, Ga., for book of convincing proof of its curative virtue. A. F. Britton, Jackson, Tenn., writes: "I caught malaria in Louisiana, and when the fever at last broke my system was saturated with poison, and I had sores in my mouth and on my tongue. I got two bottles of B. B. B., which healed my tongue and mouth and made a new man of me." Wm. Richmond, Atlanta, Ga., writes: "My wife could hardly see. Doctors called it syphilis. Her eyes were in a dreadful condition. Her appetite failed. She had pain in her joints and bones. Her kidneys were damaged also, and no one thought she could be cured. Dr. Gilliam recommended B. B. B., which she used until her health was entirely restored." K. P. B. Jones, Atlanta, Ga., writes: "I was troubled with copper colored eruptions, loss of appetite, pain in back, aching joints, debility, and general loss of hair, sore throat, and general nervousness. B. B. B. put my system in fine condition."

The Carolina Beach being situated upwards of a mile from any channel or inlet calculated to produce dangerous currents, the most improved and safe method of conveying the passengers is by simply observing the plain directions and common sense. Still-water bathing houses, supplied with clean water for ladies and children, are provided with polite female attendants in abundance. A full list of kinds can also be found in the abundance. **JOHN W. HARPER, General Manager.**

THE DAILY REVIEW.

VOL. XIII. WILMINGTON, N. C. MONDAY, AUGUST 26, 1889. NO 201.

There is no doubt Mahone means to give the Democrats of Virginia a hard fight and neither is there any doubt that his intentions will be carried out. If Virginia is like North Carolina, however, a hard fight means a victory for the Democrats. There is a large reserve vote in this State, nearly all of which is Democratic, and the harder the fight the more of the vote is called out and polled. So lay on, Billy Duff! "And damned be he who first cries 'hold! enough!'"

There is some talk about big crops. Such talk is unwise and misleading. It is best to face the music as it is and not to indulge in too sanguine hopes of the future. There will be no "big crops" in North Carolina this year—at least not in the Eastern district. In some localities the result will be far below an average. The lowland corn is all gone, the late corn has had too much rain on it and the cotton has gone largely to weed, and needs more sunshine than it is having now. A late Fall and continued sunshine may, however, work wonders with this crop.

The platform put forth by the Mahoneites in Virginia is an appeal, in many instances, to men's baser passions. There are some points, though, that are simply ludicrous, such, for instance, as the bid for the Confederate vote and the endorsement of that thoroughly Democratic measure, the Bland silver bill. It makes a ridiculous mistake, however, when it calls for the coinage of the full amount, \$4,000,000 per month, allowed under the law. The amount, actually, that can be legally coined is but \$2,000,000 per month, instead of \$4,000,000.

Dr. Grissom publishes a long letter in the *News and Observer* giving his reasons for tendering his resignation as Superintendent of the Insane Asylum. It is a very violent letter but we do not blame him for this plain expression of his feelings. We do not think that he has been justly dealt with of late and we think, as he does, that the Governor has strained his prerogatives. We do not think that Dr. Grissom is any longer the proper man for the position he has so long held, but he was fairly tried and that before a jury of as good men and true as are to be found in the State. Having once been acquitted he should not be tried again on the same charges. Public opinion, it is true, did not agree in the findings of the jury but public opinion often condemns a man who has been acquitted by a jury. Dr. Grissom's real mistake was in not resigning the very moment of his acquittal.

Don't hawk, hawk, and blow, blow, disgusting everybody, but use Dr. Sage's Catarrh Remedy and be cured.

It is estimated that between 1,500 and 2,000 colored people left the city to day.

Mr. and Mrs. N. Jacobi have gone on a visit to Chicago and other cities in the Northwest.

The rainfall to day, up to 3 o'clock this afternoon, amounted to .26 of an inch. Since the beginning it has amounted to 1.35 inches.

A peculiarity of Hood's Sarsaparilla is that while it purifies the blood, it imparts new vigor to every function of the body.

We have a few Fluting Machines which we are closing out at less than factory cost. See them, N. Jacobi Hdw. Co.

Headquarters for Sash, Doors and Builders' Supplies is the N. Jacobi Hdw. Co. They sell the best goods at prices that you pay for those of an inferior quality.

I am closing out everything AT COST FOR CASH. No hump in this. Making room for new goods, at I. Shrier's, S. E. corner Princess and Front streets.

Burglars. Be secure from them by putting our Burglar Proof Locks on your blinds. They are cheap and can be put on by the most inexperienced. N. Jacobi Hdw. Co.

Lookout for high Northeast winds and rain to night.

Parties in search of dwelling houses for rent are referred to Mr. M. T. Davis' ad. in this issue.

A pointer dog, white, with liver spots, and wearing badge 581, has been lost. The finder will be suitably rewarded. See ad.

Rev. W. M. Robey, Pastor of St. Paul's M. E. Church in Goldsboro, was sick and unable to hold service in his church yesterday.

The W. O. & E. C. R. R. is graded just seven miles from the city. Some reports carry it higher than this, but those are not correct.

Ger. barque *Erna*, Beyer, cleared to day for Villa Constitution with 11,757 feet lumber, valued at \$5,785, shipped Mr. E. Kidder's Son.

Rev. Miles Walton administered the rite of baptism to one candidate yesterday at Olive Branch Church, Greenville Sound.

Rev. Dr. Carmichael and Rev. Robert Strange exchanged churches yesterday, the former preaching in St. James' and the latter in St. John's.

Rev. S. P. Watters, formerly of this city, but for some time past Rector of the Episcopal Church at Statesville, has accepted a call to St. Stephen's Episcopal Church, at Culpeper, Va.

Nor. barque *Roma*, Tonnessen, cleared to day for Hamburg, with 3,500 barrels rosin and 605 casks spirits, valued at \$15,669.18, shipped by Messrs. Paterson, Downing & Co.

Paint your house with Regal Ready Mixed Paint. It is the best and cheapest. You will find all colors in any desired quantity at the factory's agents, N. Jacobi Hdw. Co.

Mr. Geo. W. Swinson, of Magnolia, Duplin county, is in the city. He reports the general crop outlook as discouraging; that a good many of the farmers around Magnolia will make but half a corn crop.

The sacred concert at the Hammocks yesterday afternoon, by Prof. Miller's band, was largely attended, notwithstanding the inclement weather. The selections were all in good taste and beautifully rendered.

It is in contemplation to have another big blowout at Switchback on the Ocean View R. R. Two kinds of fireworks, and of such features as were never seen here before, are spoken of for both afternoon and evening.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish you and our Stoves please you. N. Jacobi Hdw. Co.

Shirts, we have got them by the million, made by good and skillful hand; come and see us, we can save you over fifty five per cent. We'll not charge you fancy prices, treat you well, don't be afraid, therefore come and patronize; us money saved is money made, at the Wilmington Shirt Factory, 122 Market street. Sign of the blue awning. if

Returned to Wilmington. Mr. Henry W. Angel, of Richmond, has removed to this city, where he has secured a position with the grocery house of Holmes & Watters. The young gentleman is a native of this city. He is the son of Mr. Lee A. Angel, for so many years manager of the Western Union Telegraph office in this city, and the grandson of the late Gen. H. Watters.

One Thousand Excursionists. The Good Samaritans gave an excursion to day to Halifax and 14 coaches and a baggage car pulled out from Front Street Depot. They were all filled, every seat being occupied. There were probably at least 1,000 people on the train. Some who wanted to go were left behind for want of accommodations. It is said to have been the largest excursion train, with one exception, that ever left Wilmington.

Refreshing and Invigorating Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

Forecasts. For North Carolina, local showers and stationary temperature. For Wilmington and vicinity, light showers.

The Ladies Delighted. The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Not Here Yet. The promised tycoon or typhoon or cyclone—or words to that effect—which was expected to break in fury on poor Cape Hatteras has not reached us yet. We have an inkling of its presence somewhere, however, by the rain which has fallen almost continuously for the past twenty four hours. The New York Herald says that the storm is now moving to the North, on the out side of the Gulf Stream.

Marriage. Under this head the *Lincolnton Courier* says: "The Presbyterian Church was beautifully festooned this week for the marriage of one of the summer visitors, Col. and Mrs. Alex. Q. Holliday of the Florida State College are keeping house here and receiving and entertaining their children and friends; and on Wednesday, 21st, 11 a. m., their daughter, Miss Julia Holliday, was married to Dr. James Marion Piekell, of the Florida College, the ceremony being conducted in the Presbyterian Church by the brother in law of the bride, Rev. P. H. Hoge, D. D., of Wilmington, N. C."

Weather Crop Bulletin. The reports of correspondents of the Weekly Crop Bulletin, published by the North Carolina Experiment Station and State Weather Service, show that there has been a very marked deficiency of rainfall, about an average temperature and an excess of sunshine for the week ending Friday, August 23. Although the deficiency of rainfall has been favorable to the growth and maturing of crops, yet a little rain would doubtless be quite beneficial to some localities. The temperature has been about normal with a very favorable effect upon all crops. There appears to have been an abundance of sunshine with a very favorable effect upon the crops generally. The week has been especially favorable to the curing of tobacco. The condition of cotton has improved and all crops show some improvement. The outlook is brighter and farmers are more sanguine than they were a few weeks ago. The general indications are that there will be an average crop of all kinds made, should the conditions continue favorable. A decidedly cool wave crossed the State the first part of the week without any injurious effect.

Death of Mr. A. R. Black. We regret very much to have to chronicle the death of Mr. A. R. Black, of Point Caswell, which occurred at the residence of Mr. Jno. M. Henderson, on North Fourth street, in this city, at 9:30 o'clock on Saturday night. Mr. Black had just returned from a visit to his plantation on Middle Sound and was on the street during the day in apparently good health. His death was sudden and is thought to have been due to heart disease.

Mr. Black was an old and highly esteemed citizen of old New Hanover and afterwards of Pender county, when that new county was founded. He was an educator and teaching was his principal and lifelong avocation. He was at one time sheriff of the county, to fill an expired term, and was also at one time tax collector. Still later he ran as an independent candidate for sheriff and was defeated by the regular Republican candidate. He was a man of gentle, loving character, of unflinching rectitude and of unblemished integrity. We have known him well for many years and not a whisper yet have we ever heard against him, as a man or as an official. Mr. Black was about 65 years of age and leaves a wife and several children to mourn their loss. The remains were taken to Point Caswell yesterday on Gen. Manly's yacht for interment.

The Cape Fear Steam Fire Engine Co. excorted to the Hammocks to day.

Away Back Yonder. It is thought by some archaeologists that the sand hills on which Wilmington is built once stood upon the borders of a lake. The said lake covered what is now Eagle's Island and the two Cape Fear rivers emptied into it from the North, while the main river was its outlet on the South. This must have been at a time when the drum tree was of very tender years and the channel of the river was West of Big Island, with a big cypress swamp on the East. For that matter, though, there are parties now living who can remember when the large volume of water flowed West of Big Island and all of the traffic on the river took that route. But they cannot recollect anything of the cypress swamp to the East. This was probably there, however, when Charleston (Old Town) was settled. There was a big gale on the coast in September, 1761, when New Inlet was opened and it is probable that much of the said cypress swamp was blown over and destroyed then.

Fire Protection. We gather from a skillfully tabulated report of the fire department, equipment, water mains, and hydrants of the various States, that North Carolina is far behind as yet in this branch of municipal protection. The established population of cities and towns in the State with or without fire departments is but 125,808, while the apparatus of the State consists of 18 steamers, 18 other engines, 16 hook and ladder trucks, 51 hose carriages and wagons, 1,468 active members of fire companies, 30 horses, 39,700 feet of serviceable hose, 24 other than electric alarms, 3 electric alarm systems, 50 alarm boxes, estimated value of apparatus and buildings for fire purposes in the State \$294,000. The water supply is represented by 713 hydrants, 81 miles of pipe. This is based upon reports from 31 places in the State, while 5 places reported no fire protection whatever. Massachusetts takes the lead in everything mentioned in the report except in population, active members of companies, horses, value of apparatus, electric alarms and water supply, and New York alone exceeds her in these.

A washout is reported on the C. C. R. R. near Rockingham and one on the Palmetto R. R. as results of recent heavy rains. Particulars are meagre as yet and trains have not been able to pass to day. It is hoped that the road will be open to-morrow.
