Mercurial Poison.
Mercury is frequently injudiciously used by quack doctors in cases of malaria and blood poison. Its after effect is worse than the original disease. B. B. B. (Botanic Blood Balm) contains no mercury, but will eliminate mercurial poison from the system. Write to Blood Balm Co., Atlanta, Ga., for book of convincing proof of its curative virtue.
A. P. Britton, Jackson, Tenn., writes: "I caught malaria in Louisiana, and when the fever at last broke my system was saturated with poison; and I had sores in my mouth and sores on my tongue. I got two bottles of B. B. B., which healed my tongue and mouth and made a new man of me."
Wm. Richmond, Atlanta, Ga., writes: "My wife could hardly see. Doctors called it syphilis. Her eyes were in a dreadful condition. Her appetite failed. She had pain in her joints and bones. Her kidneys were deranged also, and no one thought she could be cured. Dr. Gilliam recommended B. B. B., which she used until her health was entirely restored."
F. P. Jones, Atlanta, Ga., writes: "I was troubled with copper colored eruptions, loss of appetite, pain in back, aching joints, debility, emaciation, loss of hair, sore throat, and great nervousness. B. B. B. put my system in fine condition."

Refreshments of all kinds can also always be obtained in abundance.

W. M. CUMMING—Mosquito Nets
EXCURSION—Fifth St. M. E. Church
R. M. MCINTIRE—A Few More Days

W. M. Cumming sells Mosquito Nets (spelt anyway you like). †
W. M. Cumming makes Mattresses to order and renovates old ones. †

Old Mattresses Renovated and made as good as new by W. M. Cumming. †
Northern apples are arriving very freely in market now. They are very fine.

The wind got around to the Southwest this forenoon and we have had some sunshine to-day.

But very few peaches in market now. A small lot retailed this forenoon at 10 cents a dozen.

We hear that there is a large mast this year, both pine and oak. This means fat pork next Winter.

Some very nice beef in market this morning, but the fish and fruit and vegetable markets were poorly supplied.

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

We have a few Fluting Machines which we are closing out at less than factory cost. See them, N. Jacobi Hdw. Co. †

Some scuppernong grapes have appeared on the market but they are hardly as ripe as they might be, or as they ought to be.

Pears appear to be the principal fruit now. You can buy a peck of very nice pears for 75 cents—if you've got the money to pay for them.

Headquarters for Sash, Doors and Builders' Supplies is the N. Jacobi Hdw. Co. They sell the best goods at prices that you pay for those of an inferior quality.

Burglars. Be secure from them by putting our Burglar Proof Locks on your blinds. They are cheap and can be put on by the most inexperienced. N. Jacobi Hdw. Co. †

There is an unsightly place at the intersection of Market and Front streets. It is a bit of the old street car track, paved with cobble stones. It should be relaid with the blocks.

Paint your house with Regal Ready Mixed Paint. It is the best and cheapest. You will find all colors in any desired quantity at the factory's agents, N. Jacobi Hdw. Co. †

My very low prices for Cash have proved a success. Every dollar's worth of goods will be sold 20 per cent. lower than at any other store in the city. I. Shrier, S. E. corner Princess and Front sts. †

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdw. Co. †

The use of slung shots by small boys in the city is getting to be a big nuisance. A gentleman living on the corner of Fourth and Nun streets told us this morning that he has had several fine pigeons killed for him this week and he threatens to make it hot for the sling shooters.

Shirts, we have got them by the million, made by good and skillful hands; come and see us, we can save you over fifty five per cent. We'll not charge you fancy prices, treat you well, don't be afraid, therefore come and patronize; us money saved is money made, at the Wilmington Shirt Factory, 129 Market street. Sign of the blue awning. †

The grade on Market street, between Front and Second, is not satisfactory. It will have to be lowered eventually and it ought to have been done before the stone blocks were laid. With a rain like that of Monday afternoon it is impossible to cross the street anywhere within the limits named without wading. A grade of a foot to the block would not be too much.

Refreshing and Invigorating
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Pursat Fruit Syrup, Milk Shakes and Natural Mineral Water.

Mr. J. T. Vann, formerly of this city, but for many years past a resident of Baltimore, is here on a brief visit.

There are no new developments as to the breaks on the C. O. R. R. They will be closed in a few days and in the meantime trains are running regularly via Cheraw.

The Mayor had a large levee to day. Fines to the amount of \$45 were realized. The seven disorderly Spanish sailors were each fined \$10 but the fine was remitted.

The ladies of the Parsonage Aid Society will give an excursion to the Hammocks and Ocean View to morrow; train leaves at 9.30 a. m. and 2.30 p. m. Refreshments will be served at city prices.

The big excursion from Weldon, Wilson, Goldsboro and intermediate points on the W. & W. Railroad is expected to arrive to morrow at 11 o'clock and will go straight through to the Hammocks.

The new bale of cotton received by Messrs. Alex. Sprunt & Son was sold at auction at the Produce Exchange at noon to day and was bought by Messrs. B. G. Empie & Co for 11 1/2 cents. It was graded good middling.

Mr. John C. Davis, a delegate from this State to the World's Sunday School Convention at London, returned here last night. He represents his visit to have been enjoyable in the extreme and we are glad to see him looking so well.

The Oxford League of Fifth Street M. E. Church will give an excursion to Carolina Beach on Friday. The *Grove* will leave her wharf at 9.30 a. m. and the usual prices will prevail. Refreshments will be served in abundance.

Rev. F. D. Swindell will conduct the prayer meeting services for the Fifth Street M. E. Church, at the Union School House, this (Wednesday) evening, at 8.15 o'clock, in the absence of the pastor, Rev. R. C. Beaman.

Maj. R. S. Tucker, of Raleigh, has ordered from Messrs. Smith & Gilchrist, general agents for the American Pine Fibre Company, bagging sufficient to bale his entire crop, which will probably reach one hundred bales.

Adventist Meetings.
The Adventists will hold a protracted meeting at Antioch Church, near Duplin Roads, beginning on the Friday before the first Sunday in September, (August 30th) and continue until Sunday night. Services to be conducted by the Rev. Mr. King, of Wilmington. All are invited to attend. Seats free.

Fine Tract Lands.
There are some very fine truck lands on the line of the Wilmington and Weldon Railroad, in Pender and Duplin counties. Around Burgaw they are as good as at any other point. A few days ago a friend of ours paid a visit to that town and visited the trucking farm of Mr. J. T. Collins, the merchant and planter. Everything indicated good judgment, thrift and enterprise. Mr. Collins has realized handsomely this year from garden truck and fruit. There are plenty of fine lands in that section awaiting cultivation.

In the Southwest.
The colored commission who were appointed by the proposing colored emigrants in North Carolina to go and spy out the land, have been down in Little Rock, Ark., and in Memphis, Tenn., and they have got their names and their purposes in the papers in those cities. The commission is composed of four persons, Geo. W. Price, of this city, who is the president of the Association, L. R. Ferree, Richard Ashe and I. G. Hayes. They seem to be well pleased with the lands they have seen and will advise a portion of their people at least as to the advantages of a removal to Arkansas. The tale the commission told the newspapers is the oft-repeated one as to the strength of the organization, the poor pay of laborers here and the injustice of legislative enactment.

Don't hawk, hawk, and blow, blow, disgusting everybody, but use Dr. Sage's Catarrh Remedy and be cured.

Forecasts.
For North Carolina, showers and stationary temperature. For Wilmington and vicinity, light showers.

The Ladies Delighted.
The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Bitten by a White Rat.
The four months old child of Alonza Gurley, colored, an employe of this office, who lives on the corner of Tenth and Orange streets, was badly bitten yesterday on the nose, mouth and tongue by a white rat, a pet in the family. The injuries are severe but we are glad to know that the child is better to day and may recover.

Fastest on Record.
A special to the REVIEW says that the steamer *City of Paris*, which left Queenstown, at 2.09 p. m. on the 22d inst, arrived to day at Sandy Hook at 2.27 a. m. making the passage in 5 days 10 hours and 18 minutes, the fastest trip on record. We have an abiding faith that the trip will yet be made across at no very distant day, inside of five days.

Duplin Teachers' Institute.
A friend at Kenansville sends us, rather late, a short article in reference to the Teachers' Institute held recently at that place. It was under the management of Prof. Nobles, of this city, and there were in all about 75 teachers present, including teachers of private as well as public schools. The institute was a success in every way. Many of the teachers stood an examination for a State certificate.

The Butchers in Council.
At a meeting of the butchers of Front Street Market, held this day, Mr. T. A. Watson was called to the chair and Mr. R. L. Fox was made Secretary.

The chairman stated the object of the meeting to be to arrange a conference with the committee on markets from the Board of Aldermen relative to better regulations for the market.

Messrs. T. A. Watson, Jno. F. Garrel and I. B. Rhodes were appointed to arrange for this conference, and to report at a subsequent meeting.

Southport and Her Railroads.
Southport is stirred up now, from centre to circumference, on the railroad question. There are two Richmonds in the field, one the South Atlantic & Northwestern R. R. Co. and the other, the Cape Fear & Cincinnati R. R. Co. The former was first in the field, having had surveys made three years ago but as yet not having accomplished anything, and the latter is a new concern, having been but recently organized. The S. A. & N. W. is composed principally of Eastern men, of Baltimore and New York, and the C. F. & C. of Chicago capitalists. Col. George B. Morton, of Baltimore, who has been in Southport for some days past, and who was in the city yesterday, seems to be, however, allied with the Western men. He is as close as a clam, however, and will tell nothing as yet. He says, we understand, that he will disclose the entire scheme to the citizens of Southport in a few days. It is said, in connection with this scheme, that twenty solid business men from Chicago, representing a combined capital of \$40,000,000, will be in Southport early in September to look over the ground. In the meantime the projector of this new scheme for a road from Southport to Cincinnati seems to have worked some activity into the slow-moving people of the S. A. & N. W. R. R. and a correspondence has been active of late between parties in Southport interested in this road and capitalists in New York.

As a consequence of these things the town is alive now with railroad talk and the citizens are beginning to feel assured that something tangible will arise from one or the other projection. This feeling is strengthened by the fact that a corps of railroad surveyors have lately been at work in various parts of the town, but just exactly what they have surveyed, and what for, seems difficult to understand.

The Prizes to be Awarded.
The prizes won in the Ladies' Regatta last week are to be presented to the successful boats at the Carolina Yacht Club House, on Wrightsville Beach, to morrow night. It is expected that a great many from the city will go down and in the event of the club house proving too small to accommodate the crowd they will adjourn to the pavilion at the Hammocks, which Capt. Nolan will tender for the purpose.

At the Beach Last Night.
There was a fine time among the "natives" at Carolina Beach last night. Nearly everybody danced and everybody enjoyed it. The fun took place in the dining room of the hotel. The music was furnished by Prof. Dallas Fennell, Prof. Dave Southerland and Prof. Hugh McLaurin (on the triangle). The affair was under the management of Prof. Smith. The exercises were opened by Host Perry with an excerpt from Fisher's hornpipe which was gracefully rendered.

The ladies turned out in force and it was an exceedingly enjoyable dance. A "candy pulling" closed the "exercises." In this Prof. Harris Yopp made a distinguished debut. He got "stuck" on a piece that was too hard to pull and too soft to "chaw" and it took the united strength of Prof. Southerland and Prof. somebody else to get his jaws apart in time for breakfast. This was the only "drawback" to what was otherwise a delightful evening.
