

# THE DAILY REVIEW

VOL. XIII.

WILMINGTON, N. C., FRIDAY, AUGUST 30, 1889.

NO 205.

**PLEASE NOTICE**  
We will be glad to receive communications from our friends on any and all subjects of general interest, but the name of the writer must always be furnished to the Editor.  
Communications must be written on but one side of the paper.  
Personalities must be avoided.  
And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

What well directed training schools can accomplish is illustrated in the case of the dairy schools of Denmark. The Government has for years spent over \$50,000 yearly for the maintenance of dairy schools. The result has been an immense improvement in dairy products, and a lively demand for Danish butter. Within twenty years Denmark's exports of butter have increased from \$2,100,000 to \$13,000,000 per annum.

A Boston newspaper congratulates the Hub on the fact that the whole expense to the city of President Harrison's visit was less than the amount of the printing bills on the occasion of the "famous Kapiolani junket" two years ago, and less than half the amount of the flower bill on that occasion. It says that the cost of the reception was about the same as the printing bill for the reception of President Cleveland, and rejoices that "not a cent of the city's money was expended for wines during President Harrison's visit."

The pious Col. Elliott F. Shepard, of the New York Mail and Express, thinks that the Almighty is a Republican and that he had a great deal to do with the success of the party at the last election. As to the fact we say, undoubtedly; a sparrow cannot fall without His knowledge. At the same time we think that the Devil had a very active finger in that same pie (with the pious Col. Shepard as a sort of puppet-in-chief) and that he was allowed to work his way for some wise purpose to be revealed hereafter, probably in 'ninety two.

That old polecat, W. T. Sherman, and we beg the polecat's pardon—who made his famous "march to the sea" in Georgia and through a country denuded of able bodied men, with no one but old men and women and children to oppose his progress, seeks to "allay the animosities of the war" by sneering at the valor of the Southern soldiers. In endeavoring to explain why he aimed for Savannah, instead of Augusta, he says:

If the people of Augusta think I slighted them in the winter of 1864-5 by reason of personal friendship formed in 1844, they are mistaken; or if they think I made a mistake in strategy, let them say so, and with the President's consent I think I can send a detachment of one hundred thousand or so of "Sherman's bummers" and their descendants, who will finish up the job without charging Uncle Sam a cent. The truth is, these incidents come back to me in a humbling vein.

A reply may be made in the same "humorous" vein. "With the President's consent"—or without it—the bumper chief and his one hundred thousand followers would probably meet with a much warmer reception than they did on the first occasion. There are some men in Georgia now.

My very low prices for Cash have proved a success. Every dollar's worth of goods will be sold 20 per cent. lower than at any other store in the city. I. Shrier, S. E. corner Princess and Front sts. tf

The alarm of fire this noon was caused by the ignition, on the roof, of a two story frame dwelling house, corner of Sixth and Nixon streets. The flames were suppressed by neighbors and the engines did not reach the scene.

The last masquerade ball of the season will be given at Carolina Beach on next Tuesday night. That given last week was a great success and so will be the next, and last, one. The Grove will leave here at 5 p. m. and the Passport at 7 o'clock.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdq. Co.

Joe Turner, the well known colored barber, now located at Capt. Manning's place on Wrightsville, wanted to go over to the Hammocks this morning. He was a little late, however, in taking the train, and slipped at the end of the platform and turned a complete somersault, landing in the Sound. Fortunately the tide was high and the only damage was a ducking.

**Refreshing and Invigorating**  
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

Capt. Jno. W. Harper has been presented by the ladies of Grace M. E. Church with a handsome Bible, with his name in beautiful gold letters on the cover. It was presented in acknowledgment of the many courtesies extended by him on his boat.

**Last of the Season.**  
A blackfish excursion, probably the last of the season, will be given on the steamer Passport on Thursday next, Sept. 5th. The boat will stop at the Rocks, going and returning. This will in all probability be the last of the season. Tickets for sale at Capt. Harris' news store.

The Ladies Delighted.  
The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

**It Has Come to Stay.**  
The figure "9" in our date is with us and has come to stay. No man or woman now living will ever date a document without using a 9. It stands on the extreme right now—1889. Next year it will be second place—1890, where it will remain for ten years. It will then move up to the third place—1900, and there it will rest one hundred years.

**He Got the Money.**  
The ticket office of the Ocean View R. R. at the Hammocks, was broken open last night while the agent was at supper and all of the money in the drawer, \$10.40, was stolen. The thief broke the door in with a coupling. Suspicion fell upon several parties who had been seen loafing in the locality and one, a colored boy, was arrested, but was released as no money was found on him.

**The Riotous Excursionists.**  
We learn from the Weldon News the result of the trial before Mayor Clark, at Halifax, of the four colored excursionists from this city who were arrested in that town on Monday last. Chas. Onslow and Alex. Lord, who attempted to rescue prisoners while in the hands of the officers, were sent to jail to await trial at the November term of the Superior Court in default of \$50 justified bond each. Joe McNeil and Sam Reese were each fined two dollars and costs for disorderly conduct. The fine and costs in each case amount to \$5.75, and has not yet been paid, McNeil and Reese both being in custody.

**About the Breaks.**  
Mr. T. M. Andrews, a well known Charlotte drummer, gives the News of that city some interesting points about the breaks on the C. C. R. R., and other roads. He reports that the rains about Hamlet have been falling since last Sunday and up to Wednesday and were the heaviest ever known in that section. There is a big washout on the Cape Fear & Yadkin Valley road, and at Cameron, on the Raleigh & Augusta road, the track was Tuesday under water. He reached Charlotte via the Carolina Central road, going from Hamlet by way of Cheraw and Wadesboro. Through traffic on the Carolina Central has been resumed by this route. The superintendent of the Palmetto road rides on every engine between Hamlet and Cheraw. The breaks on the Carolina Central main line between Wadesboro and Hamlet are rapidly being repaired. Capt. T. W. Whisnant, the superintendent of the road, has personal charge of the work, and that is a guarantee that the break will not only be rapidly repaired, but that the work will be well done.

There were altogether nine breaks on the Carolina Central. The smallest was 12 feet and the largest 400 feet. Two of the largest breaks have already been repaired and work is progressing on all the others.

Don't hawk, hawk, and blow, blow, disgusting everybody, but use Dr. Sage's Catarrh Remedy and be cured.
