WILMINGTON, N. C.

THURSDAY, SEPT. 5, 1889. Entered at the Postoffice at Wilmington, N.C. as second-class matter.

St. Louis is building up a large wheat trade with South America The wheat is shipped to New Or. cans in barges and then put on vessels employed in that trade. Contracts have been made with one firm for three hundred thousand bushels, which is now on the way to New Orleans.

The Philadelphia North American a few days ago addressed to each Republican member of the 51st Con gress two questions: "Do you favor so, why?" So far fifty five answers have been received, and these show sentiment against calling an extra session. Forty-three express themselves as opposed to it, most of them stating their objections with forcible emphasis, while only twelve want to see an extra session.

Col. J. W. Bigsby, European agent of the Elyton Land Company, has returned to Birmingham, Ala., and reports that a great deal of English capital will be invested about Birmingham shortly. The Chronicle of that city says: "The owners of many small industries in England, which are barely paying expenses, assurred Col. The matter will be placed in the proper hands, and it is believed these reunions of the blue and the grey will result in much fraternal good."

Executive Committee has promulgated an address to the voters of the State urging active work in behalf of the Democracy. The address denounces the Republican party for life a happiness and pleasure. Sold its long abuse of the civil service law and inciting race predjudices. It alleges that the Republican rule in the State was fraught with ruin and desolation. The address de clares that the whites must rule, and uses the following language: An epitome of everything that is attractive and desirable in juvenile literature.—Boston "We must show the world that that A weekly feast of good things to the boys race created to govern, and that has thrown in contact, will in Mississ ippi stand by the common civilizamanipulated by renegades.
