 ILLUSTRATED.

HARPER'S BAZAR will continue to maintain its reputation as an unequalled family journal. Its art illustrations are of the highest order. Its literature is of the choicest kind, and its Fashion and Household departments of the most practical and economical character. Its pattern-sheet supplements and fashion plates alone will save its readers ten times the cost of the subscription, and its articles on decorative art, social etiquette, house-keeping, cooking, etc., make it indispensable to every household. Its bright short stories and timely essays are among the best published; and not a line is admitted to its columns that could offend the most fastidious taste. Among the articles in the new volume will be serials by Mrs. Frances Hodgson Burnett, Mrs. Alexander, William Black and Thomas Hardy, and a series of papers on nursery management by Mrs. Christine Terhune Herrick.

The Daily Review.
 JOSH. T. JAMES, Editor & Prop'r.
 WILMINGTON, N. C.
 FRIDAY, SEPT. 6, 1889.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

The manager of the Texas Penitentiary claims to have not only made the convicts under his care self-supporting, but to have turned into the State a profit of \$65,000 after paying all costs of food, fuel, shelter and clothing, or \$890 profit for each convict employed. The result was largely obtained under exceptionally favorable conditions in raising sugarcane and refining its juice.

Statistics carefully compiled at Castle Garden show that in eight months, since January 1 last, there has been a falling off of 72,135 in the number of immigrants landed, there as compared with the same months in 1888. In no month of the present year, thus far, has the number of immigrants who passed through the Garden equalled the number who arrived during the corresponding month last year.

The public debt has been increased under Mr. Harrison's Administration within the month of August \$6,076,692. During the same month of last year, under Mr. Cleveland's Administration, the public debt was decreased to the extent of \$7,324,676. Of this extraordinary difference it may be said that \$2,435,460 was paid this year as premiums on bond purchases in excess of the expenditures for similar purposes in 1888. Surplus Burster Tanner spent \$20,243,909 in the month just ended. He promises even greater things for the future.

The inhabitants of Volcano, a little island in the Mediterranean just north of Sicily, have abandoned their homes in disgust and say they will never return. This resolution is the result of the misconduct of their volcano, which is a little more than a hole in the ground, forming a crater a quarter of a mile deep. This volcano has been the only curiosity of the place, and as long as it contented itself with emitting vapors and steam, which it did incessantly, it was quite a tolerable volcano. But for twelve months past it has been scattering lava and ashes all over the island, which is little more than a heap of ruins, and the volcano shows no signs of intention to abate its pernicious activity. The people who have been driven away have had all they want of volcanoes unless warranted to be extinct.

Andrew Price, who was on Tuesday elected to Congress from the 3d Louisiana District, was born in 1854 at Chatsworth plantation, St. Mary's Parish, La. He was educated at school at Lebanon, Tenn., and at the Cumberland University. He afterward studied law at the Washington University, St. Louis, from which institution he graduated in 1877. He practiced law in St. Louis only three years, when he returned to his native State to engage in sugar planting. This he has followed ever since, partly on his own account and partly in conjunction with his father-in-law, the late E. J. Gay, representative in the last Congress from the 3d District. Just before leaving St. Louis Mr. Price married the daughter of Mr. Gay, the richest sugar planter in the South, and a millionaire some ten times over. It was this marriage that brought Mr. Price into politics.

Poor Widow Bedott!
 She tried to write love poetry to the deacon, and could frame only—
 "Affliction sore
 Long time I bore."
 Had the lone creature used Dr. Pierce's Favorite Prescription—the sure remedy for the weaknesses and peculiar ailments of her sex—she might have secured the deacon's favor by the cheerful character of her verses.

Guide your tongue deftly at the table—the teeth need no directing.

A DUTY TO YOURSELF.
 It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick headache and all liver troubles. They are small, sweet, easily taken and do not gripe. Sold by Munds Bros., druggists.

If a man is very busy he can't be very sorrowful, nor very vicious.

Consumption Surely Cured.
 TO THE EDITOR—Please inform your readers that I have a positive remedy for the above named disease. By its timely use thousands of hopeless cases have been permanently cured. I shall be glad to send two bottles of my remedy FREE to any of your readers who have consumption if they will send me their express and post office address. Respectfully, F. A. SLOCUM, M.C., 191 Pearl st., New York.

SEPTEMBER SHORTS.

One out of a thousand—999.
 Once more in our midst—The watermelon.
 Out on a fly—The dove when it left the Ark.
 Marriage may be a failure, but there are lots of Mrs. made in matrimony.
 Some people eat more than they need so that it "won't go to waste." But that's just where it does go—to waist.
 Nora—"An' has your mistress good taste?" Bridget—"Good taste, is it? Faith, her dresses look better on me than do me own."
 There is a good deal of humor written on the subject of marriage, but after all matrimonial matches should not be made light of.

Vigor and Vitality
 Are quickly given to every part of the body by Hood's Sarsaparilla. That tired feeling is entirely overcome. The blood is purified, enriched and vitalized, and carries health instead of disease to every organ. The stomach is toned and strengthened, the appetite restored. The kidneys and liver are roused and invigorated. The brain is refreshed, the mind made clear and ready for work. Try it.

It is the fellow with sand who lays siege to the girl with the rocks.

Have You a Cough?
 Attend to it in time—do not neglect it—for it may become serious and lead to Consumption. Young's Cough Balsam will cure all Diseases of the Throat and Lungs. For sale by Munds Brothers.

The secret of life is not to do what one likes, but to try to like what one has to do.

HAPPINESS AND CONTENTMENT
 Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by Munds Bros., druggists.

It cannot be denied that amusement is one of the most powerful influences of life.

Advice to Mothers.
 MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle, July 6 deod & wlv

Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public. Hood's Sarsaparilla cures Scrofula, Salt Rheum and all Humors, Dyspepsia, Sick Headache, Biliousness, overcomes That Fined Feeling, creates an Appetite, strengthens the Nerves, builds up the Whole System.

Hood's Sarsaparilla is sold by all druggists. \$1; six for \$5. Prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass.

Scribner's Magazine
 For 1889.

The publishers of SCRIBNER'S MAGAZINE are to make it the most popular and enterprising of periodicals, while at all times preserving its high literary character. 25,000 new readers have been drawn to it during the past six months by the increased excellence of its contents (notably the Railway articles), and it closes its second year with an impetus and an assured success. The illustrations will show some new effects, and nothing to make SCRIBNER'S MAGAZINE attractive and interesting will be neglected.

THE RAILWAY ARTICLES will be continued by several very striking papers; one especially interesting by R. Postmaster General Thos. H. James—"The Railway Postal Service."
 MR. ROBERT LOUIS STEVENSON'S serial novel "The Master of Ballantrae" will run through the greater part of the year.
 A CORRESPONDENCE and collection of manuscript memoranda relating to J. F. Millet and a famous group of modern French painters will furnish the substance of several articles.
 The brief end papers written last year by Robert Louis Stevenson, will be replaced by equally interesting contributions by different famous authors. Mr. Thomas Bailey Aldrich will write the first of them for the January number.
 Many valuable LITERARY ARTICLES will appear; a paper on Walter Scott's Method of Work, illustrated from original MSS., a second "sketch of Old Books," by Mrs. James T. Fields, and many other articles equally noteworthy.
 Articles on ART SUBJECTS will be a feature. Papers are arranged to appear by Clarence Black, H. H. Henshaw, August Dobson, and many others.
 FISHING ARTICLES describing sport in the best fishing grounds will appear. Salmon, Winnichin, Bass and Parrot are the subjects now arranged. The authors are the well known sportsmen.
 ILLUSTRATED ARTICLES of great variety, touching upon all manner of subjects, travel, biography, description, etc., will appear, but not of the conventional commonplace sort.
 Among the most interesting in the list of scientific papers for the year will be a remarkable article by Prof. John Trowbridge, upon the most recent developments and uses of PHOTOGRAPHY.
 A class of articles which has proved of special interest will be continued by a group of papers upon ELECTRICITY in its most recent applications, by eminent authorities; a remarkable paper on DEEP MINING, and other interesting papers.
 A SPECIAL OFFER to cover last year's numbers, which include all the Railway Articles, as follows:

THE STATE CHRONICLE
 Successor to the Farmer and Mechanic (the Chronicle)

Under New Management
 NEWSY, BRIGHT AND CLEAR UP WITH THE TIMES.

THE "STATE CHRONICLE" will be what its name implies—a State Paper, not the Raleigh "Chronicle," and will be local or sectional. It will aim to keep with the news from Murphy to Martinsville, the politicians put it, from Cherokee to the river.

It will be the organ of no man, no party, no sect, no party. It will be Democratic in politics, but will not hesitate to support Democratic measures and Democratic candidates.

1,500 ACRES OF LAND in the best pine region. For sale on easy terms to suit purchasers. Four hundred and fifty acres, in one tract, for \$100,000. Larger tracts \$5 per acre, in sections of \$10. This land is the best sort of sandhills, and is especially adapted for raising turkeys. A number of New England farmers, who have been successful in raising turkeys in the town of "Southern Pines," are the desire of the owners of this land to sell to farmers, mechanics, and others who desire to farm in the South. The Union offers greater inducements than any other country or state in the world for better farming country or as a change of home. This is the only place in the South where a man can buy 100 acres of land for \$10,000, and have it all paid for in 10 years. For further particulars write to JOHN J. PATTERSON, Raleigh, N.
