Brunswick and Pender courts are both in session this week.

Charlotte's public schools opened yesterday, four weeks earlier than ours. There were enrolled then 500 white and 300 colored pupils.

John Robinson's circus is billed for Charlotte on the 8th of October. It seems that Old John is to give us the go-by this time.

A peculiarity of Hood's Sarsaparilla is that while it purifies the blood, it imparts new vigor to every function of the body.

We have a few Fluting Machines which we are closing out at less than factory cost. See them. N. Jacobi Hdw. Co.

For Rent.—Desirable Store corner Front and Mulberry Sts. Possession given at once. Enquire of I. Shrier, cor. Front and Princess. If

The colored old folks had a good time on the excursion yesterday and on the return adopted resolutions thanking Capt. Harper for his kindness and courtesy.

Headquarters for Sash, Doors and Builders' Supplies is the N. Jacobi Hdw. Co. They sell the best goods at prices that you pay for those of an inferior quality.

Burglars. Be secure from them by putting our Burglar Proof Locks on your blinds. They are cheap and can be put on by the most inexperienced. N. Jacobi Hdw. Co. If

Paint your house with Regal Ready Mixed Paint. It is the best and cheapest. You will find all colors in any desired quantity at the factory's agents, N. Jacobi Hdw. Co.

Ladies will find a very handsome and complete line of Ladies Muslin Underwear at astonishing low prices at the Wilmington Shirt Factory, 122 Market street. Sign of the blue awning.

Mr. N. Jacobi is now in New York, replenishing the stock of hardware for his house in this city. Mrs. Jacobi, who accompanied him on a tour of the Northwestern States, has returned to the city.

The plank crossing on Chestnut and Second streets, just North of the Postoffice, is a delusion and a snare. The splinters should be taken up even if a new crossing couldn't be put down there.

No further news was received here up to 4 o'clock this afternoon relative to Dr. Robey's condition, but this morning's *Goldsboro Argus* says that he was thought to be in *extremis* at the hour of going to press.

The latest covering for cotton was seen on a bale in Charleston a day or two ago. It consists of an inner jacket of pleated marsh grass, protected by a 12-inch wire netting. The inventor claimed that it was fire proof and that the wire prevents damage by cotton hooks.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdw. Co.

For the next ten days the Carolina Beach and Southport route will be run by the *Sylvan Grove*, as the *Passport* will be laid off for a short time to fit her up for the winter. As soon as the *Passport* has been overhauled she will be placed on the route and the *Sylvan Grove* will be laid up for the winter.

Mr. James Sprunt, of the firm of Alexander Sprunt & Son, returned Saturday from an extended business trip through England, France, Spain, Switzerland, Germany, Austria, Hungary, Holland and Belgium, visiting the important cotton centres, and having traveled some 17,000 miles.

Refreshing and Invigorating
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

A private german is to be given to-morrow night in the pavilion of the Island Beach Hotel, complimentary to the visiting young ladies at the hotel. Mr. E. P. Boatwright will lead.

Messrs. E. P. Boatwright, Walker Taylor, D. T. Cronly and Duval French have been appointed assistant marshals for the State Fair which meets in Raleigh in October next.

The annual meeting of stockholders of the Carolina Central Railroad Company will be held at the office of the Old Dominion Steamship Co., in New York city, on Thursday, the 10th of October next.

The Wilmington Seacoast and Ocean View Railroads have issued 500 tickets for the old and sick colored people of the city. The day has not yet been appointed for them to go down but it will be made known in a few days.

The cautionary Northwest signal flats to day. It was ordered up at 10:30 o'clock this morning, and it was also ordered up at Morehead. Violent Northeast gales are off the coast. (But why should the Northwest storm signal be ordered up for a Northeast gale?—Ed.)

The Newbern *Journal* learns that work on the Wilmington, Onslow and East Carolina Railroad is being pushed vigorously and that the track is laid about 15 miles from Wilmington. This is an error. No track has yet been laid on the road. The grading, we hear, is completed nearly to Scott's Hill, which is 12 miles from the city. We are afraid that we will not get many New River oysters over this road next winter.

A Sharp Trick.
Yesterday afternoon Mr. A. V. Horrell, who has a store on the corner of Fourth and Hanover streets, sent a little boy he has in his employ out to get a \$30 bill changed and an unknown colored man met him at the railroad bridge and taking the money told him to come with him and he would change it. The little boy went as far as Seventh and Campbell streets, where the man told him to wait and he would go in the house and get the change. The boy waited a long time but he has not yet seen the man or the money.

The Grand Conclave.
The Triennial Conclave of the Grand Encampment of Knights Templar in Washington, D. C. next month, is attracting attention all over the United States, and North Carolina will probably send a big delegation. This Conclave will be the most important and at the same time most interesting ever held on this Continent. It is the highest legislative body of the Order. The questions to be considered will bring out the ablest talent, as the Order contains in its ranks some of the most distinguished statesmen in the country. The attendance will be very large, and it is expected that there will be at least from 40,000 to 50,000 Knights formed in line on Pennsylvania avenue on that grand occasion.

The rate has been placed at one fare for the round trip; this to include the ladies who will accompany the members of the order as well as the Knights.

There are some nine or ten commanderies in this State, located at Wilmington, Wilson, Raleigh, Durham, Greensboro, Winston, Charlotte and Asheville, and perhaps at one or two other points. The Charlotte Knights, as we learn from the *News*, are preparing to go in a body and a meeting of the members of Wilmington Commandery will be held to-morrow night to discuss the matter. It is probable that there will be a strong delegation from this city also and it is likely that every commandery in the State will be represented.

Forecasts.
For North Carolina, fair weather and stationary temperature. For Wilmington and vicinity, fair weather.

Time-tried, Truly Tested.
Tried for years; severely tested and still growing in popular favor and use, is the record enjoyed by Dr. Pierce's Pleasant Purgative Pellets—the little sugar coated laxative granules, sold by druggists, anti-bilious and cathartic.

The Ladies Delighted.
The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Our Wilmington Songstress
Miss Annie DeRosset, of this city, sang last Sunday morning in Goldsboro in the Episcopal Church and in the Baptist Church at night.

This morning's *Argus* says:
The vocal solos rendered by Miss Annie DeRosset, of Wilmington, at the morning service in St. Stephen's Episcopal Church, in this city, Sunday, and at the evening service in the Baptist Church—"Rock of Ages" and "Lead, Kindly Light"—were really a revelation in musical art to the church-goers of our city whose good fortune, it was to hear her Organ music, with a thousand beautiful, thrilling suggestions, and the pulse of religion beating through it, is at all times in church conducive to that contriteness of heart and child-like dependence that lead us to put our clinging trust in Him who is indeed the "Rock of Ages"; and so when the beautiful words of this song, rendered by a voice with power and magnetism enough to thrill a host and sway a multitude as the wind sways the trees of a forest, filled the church the effect was felt, but can no more be embodied in words than we can give the melody of the skylark. In the last verse especially, Miss DeRosset, by the power of her voice and a happy inspiration—an inspiration of religion as well as of genius—brings the prayer and the answer both to the heart of the religiously inclined—"The Rock is risen, and far in the recesses of God's love the soul of the suppliant finds peace and rest."

Wilmington Light Infantry.
The regular monthly meeting of the Wilmington Light Infantry was held at the Armory last night. There was a full attendance of members. After routine work, an election for Captain was ordered, to fill the vacancy caused by the resignation of Capt. Jno. H. Daniel.

Sergt. Duval French nominated Capt. W. R. Kenan for the position, and there being no other nomination, on motion, the secretary, Mr. Walker Taylor, was instructed to cast the vote of the company for W. R. Kenan. Capt. Kenan was present and being called upon, announced his readiness to accept the honor in a brief but fitting speech. Privates J. D. Nutt and H. Cronenberg were placed on the reserve corps, each having served five years as an active member.

A reserve corps badge was presented to Sergt. H. H. McIlheny. Col John L. Cantwell, in behalf of Capt. Edgar Williams, of the tug *Marie*, presented the company with a small cannon. It was accepted, and the secretary was instructed to express in writing the thanks of the company for the gift.

The following resolutions were on motion adopted, viz:
Resolved, That we, the Wilmington Light Infantry, in meeting assembled, hereby desire to express our readiness to accept the State regulation uniform, whenever the State authorities are ready to issue the same to us.
Resolved, That, whereas, it is desirable to increase our membership as much as possible before the issue of the State regulation uniform, any member elected previous to said issue shall be relieved from initiation fee.
