

THE DAILY REVIEW

VOL. XIII. WILMINGTON, N. C. THURSDAY, SEPTEMBER 12, 1889. NO 216.

PLEASE NOTICE.
We will be glad to receive communications from our friends on any and all subjects of general interest, but
The name of the writer must always be furnished to the Editor.
Communications must be written on but one side of the paper.
Personalities must be avoided.
And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

The obsequies of S. S. Cox will take place in New York to-morrow morning.

The fight will soon wax warm in Ohio, and no man can tell the outcome thereof.

The New York Sun thinks Foraker will be elected. The Sun is not posing as a Democratic paper this year don'tcherknow.

New York's Custom House and Appraiser's Store is to be erected on Bowling Green. Congress appropriated \$2,000,000 for the purchase of the site.

There is no doubt of Leon Abbott's election as Governor of New Jersey. It will be almost a walkover for him. Some of his friends are boasting him for the Presidential nomination in '92.

Steve Brodie swears that he did go over Niagara Falls in his rubber suit and tries to prove it by the Sun, World and Journal reporters, which is the toughest job that Steve has yet tackled.

The Associated Press saw fit to send out in its dispatches the full text of the platform adopted by the Ohio and Virginia Republicans. Why does it not give to the world the excellent platform adopted by the Democrats of New Jersey on Tuesday.

In August the national debt was increased \$6,000,000. "With a few more Tanners," says the Buffalo Times, "there will be nothing left at the close of the administration." Clearly a mistake. There will be something left—a pile of debt about the size of that left at the close of the war and aggregating nearly \$3,000,000,000.

The legislative committee in West Virginia have completed the canvass assigned them and they find that Judge Fleming, Democrat, has a majority of 212. They will so report and there is no doubt that Fleming will be seated. N. Goff, Jr., Republican, had 110 majority in the returns as originally rendered. It is the same Goff who was in command here at Wilmington in the Fall of '65.

Frank Stack, white, and David Boone, colored, were lynched at Morganton about 2 o'clock yesterday morning by about 200 masked men. They were swung off from a railroad bridge near the town. Both men were charged with murder. It is reported that Boone confessed his guilt, but that Stack asserted his innocence to the last. The jailer identified three of the party, and warrants have been issued for their arrest.

Mahone's path is not lined with roses. The New York Herald has published interviews with prominent white Republicans in various parts of the State, which in the aggregate make a decidedly gloomy outlook for the little brigadier. Riddleberger, Cameron, Lewis, the Yosts and other prominent and influential Republicans swear that they will have none of him. Riddleberger, it is said, will take the stump against him. Some of Mahone's friends now feel that his nomination was unwise.

CLYDE S. CO.—Change of Schedule

We ought to have some rain as a consequence of the storm ranging so near us.

The Champion Compress fired up to day and began pressing cotton for the first time this season.

The big time at Kenansville is to be on the 24th inst., instead of on the 14th, as was first announced.

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

The Sylvan Grove has gone into winter quarters and the Passport has taken charge of the river schedule.

Refreshing and Invigorating
Delicious Soda Water as drawn from Mundy Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

The dust is simply dreadful. Those who have hose should sprinkle the streets and try and keep some of it down.

The guests at the Island Beach Hotel sat down last night to a delightful and skillfully prepared feast of marsh hens.

For Rent.—Desirable Store corner Front and Mulberry Sts. Possession given at once. Enquire of I. Shrier, cor. Front and Princess. tf

Col. F. W. Foster killed 201 marsh hens on five tides, which is the best report from the front. He kindly remembered us in distributing the game.

The german at the Island Beach Hotel last night, given complimentary to the visiting young ladies, was well attended and was a thoroughly delightful affair.

Headquarters for Sash, Doors and Builders' Supplies is the N. Jacobi Hdw. Co. They sell the best goods at prices that you pay for those of an inferior quality.

Burglars. Be secure from them by putting our Burglar Proof Locks on your blinds. They are cheap and can be put on by the most inexperienced. N. Jacobi Hdw. Co. +

There were five cases before the Mayor this morning—four of these were continued. One defendant was found guilty of disorderly conduct, but judgment was suspended.

Paint your house with Regal Ready Mixed Paint. It is the best and cheapest. You will find all colors in any desired quantity at the factory's agents, N. Jacobi Hdw. Co.

Ladies will find a very handsome and complete line of ladies' Muslin Underwear at astonishing low prices at the Wilmington Shirt Factory 122 Market street. Sign of the blue awning. tf

Mullet are beginning to run at last. Mr. James A. Hewlett's seine made a haul of 600 bunches yesterday on Masonboro Beach and Mr. Bernard Humphrey's got 500 bunches. It is the second best day had by the fishermen this fall.

Stoves. We have a very large line, made by the best factories, of the latest and most improved styles, which we guarantee to bake and cook well and to give general satisfaction. Our low prices will astonish and our Stoves please you. N. Jacobi Hdw. Co.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

Pender Court.

Pender county Superior Court, Judge Bynum presiding, has been in session this week at Burgaw, and will probably continue until Saturday. There have been a number of minor cases disposed of already, and a capital case was set for to day. Judge Bynum uses much dispatch in going over the docket, and the people of Pender county are much pleased with his method of doing business.

A Dainty Burglar.

The residence of Mr. Chas. F. Browne, on Mulberry street, near Front, was burglarized last night. In this instance, however, the burglar seems to have been hungry, but with a dainty appetite. He rifled the larder and then taking the things out on the piazza, assorted them to suit his fancy, taking off the best of everything and leaving the balance behind. Nothing was known of the matter until this morning.

Kate Lee Ferguson, of Greenville, Miss., author of the sprightly and charming racing and love romance, "Clitquot," to be published in a few days by Messrs. T. B. Peterson & Brothers, Philadelphia, Pa., has had a very romantic and exciting career. She was married in the saddle and rode all through the late war at the head of Ferguson's Brigade. She once commanded a masked battery which opened with grape from a cannon, scattering the enemy at dawn.

Forecasts.
For North Carolina, fair weather and stationary temperature. For Wilmington and vicinity, fair weather.

The Signal Still Up.
The storm signal is still on top, although it is kept up merely as a caution to mariners not to sail North. There is no danger at present for those bound South. The signal was ordered continued at 10:30 o'clock this morning. At that time the storm was central off the Virginia coast. This was the storm centre also yesterday and it does not appear to have moved.

Merchant and Planter.
The venerable Mr. G. Boney has a piece of upland corn near Duplin Roads that a REVIEW reporter says will beyond doubt average eight barrels to the acre. Mr. Boney is one of the oldest and most highly esteemed citizens of Duplin county. He has done business at Duplin Roads for more than fifty years. In former days his purchases have been as high as \$50,000 in a year.

Brunswick Superior Court.
Brunswick Court was short and sweet. It opened on Monday and closed yesterday, Judge Shipp presiding. The most important case on the docket was that of Bryan R. Carroll, the young white man who was some months ago charged with poisoning his wife. Messrs. Iredell Meares and Sol. C. Weill were assigned by the court as counsel for the prisoner and they succeeded in having the case removed to this county for trial. It will therefore come up before Judge Meares next week.

The New York Steamers.
Mr. D. L. Gore, President of the Produce Exchange, at the request of a number of merchants of the city, has called a special meeting at the rooms of the Exchange Saturday next at noon, "to express their indignation at the ungenerous, inconsiderate and unbusiness like manner in which our community is treated by the New York and Wilmington Steamship Company in repeatedly advertising steamers to sail from New York on certain days and giving no notice of the change until the day appointed for sailing. Such conduct on their part operating seriously to the detriment of the trade of our city."

The steamship Benefactor, which was advertised to sail from New York yesterday, will not sail until Saturday. The delay is vexatious, of course, but if the reports of the storm be true it is no wonder that she was not allowed to leave port yesterday.

The Mollies Abroad.

The Mulligan Guards were out deck at Carolina Beach last night. They paid a rounds of visits to the residents, making a sort of farewell to the season so soon to close. Mr. Hans A. Kure, who has just moved in with his family into his pretty new cottage, was the recipient of some of the honors, but he says that he was tired and slept soundly and heard no tin horns, nor the tooting of any locomotive whistles—nothing beyond the loud and angry boom of the surf. The "Mollies" paid a visit to every cottage on the Beach and this morning when the residents awoke and looked forth it was to wonder whether the sea had really risen during the night and left all of that flood of sand on their piazzas and in front of their premises. Among others the President of the New Hanover Transit Company was noticed leaning in a pensive mood over his front gate and gazing intently at the pile of sand there. For ten minutes he remained in this ruminative mood and position and it is said that he was as much puzzled in thinking how he was going to get rid of that sand and get out of the gate as to account for its presence there.

Mr. J. Dickson Kelley, who has recently been so sick, has been advised to try the mountains for a few weeks. He left yesterday for Henderson county, accompanied by his sister, Miss Inez.

Time-tried, Truly Tested.

Tried for years; severely tested, and still growing in popular favor and use, is the record enjoyed by Dr. Pierce's Pleasant Purgative Pellets—the little sugar coated laxative granules, sold by druggists, anti-bilious and cathartic.

Some Kenansville Kinks.

A correspondent at the pleasant and pretty little town of Kenansville sends us some nice little items.

The cemetery at that place which has been so long neglected is now being put in good order, and is being enclosed with a handsome, durable railing, nicely painted. This is due to the efforts of a Baltimore lady who has friends and relatives buried there, seconded and aided by one of Kenansville's most charming daughters.

Capt. N. H. Sprunt, who is one of the most popular gentlemen in the town and one of its most accomplished business men, will, in a few days, open there a first class grocery store. Ex Sheriff Bland Wallace has a field of corn planted on the 11th day of July which is in full silk now, and from which he expects to realize hard corn. Sheriff Wallace is a good farmer as well as a successful merchant.

An alligator, five and a half feet long, which was caught somewhere down in New River, in Onslow county, was recently exhibited in Kenansville, and created considerable excitement among those who had never before seen a saurian.

State Veterans' Association.

Mr. Julian S. Carr, president of the State Confederate Veterans' Association, has issued a card to the effect that at a meeting of the State Executive Committee of the State Confederate Veterans' Association, held in Raleigh on Thursday, August 29th, the following resolutions were passed:
Resolved, 1st. That the first annual meeting of the Confederate Veterans' Association be held in Raleigh on September 25th, and that the president be, and is hereby authorized and requested to call the same, and that the representative at said meeting will consist of the president of each County Association or his authorized proxy, and any representatives who may be present from any counties where no organizations have been effected. Each county will be entitled to one representative.

Resolved, 2d. That the transportation lines in the State be, and are hereby requested to grant free transportation to one delegate from each county to and from this county.

Resolved, 3d. That a copy of these proceedings be transmitted to the press of the State with a request to publish and notice editorially.

In obedience to the above resolutions, I hereby notify the County Confederate Veterans' Association in counties where organizations have not been had, that the first annual meeting of the County Confederate Veterans' Association of North Carolina will assemble in Raleigh, September 25, 1889, at 10 o'clock a. m. This meeting will take into consideration every matter pertaining to the county and State associations, providing for a more thorough organization and plans for assisting the indigent soldiers of the State who require our aid and support.
