

THE DAILY REVIEW.

VOL. XIII.

WILMINGTON, N. C., FRIDAY, OCTOBER 18, 1889.

NO 247.

The drummers of Richmond have determined to work against Mahone.

Labouche is pointed out as the probable successor of Mr. Gladstone in the leadership of the English Liberals.

Recent statistics show that nine million Germans live outside of Fatherland, of whom seven million are to be found in the United States.

The latest Parisian novelty in gloves has a small purse inserted in the palm, wherein women can carry their railway tickets and small coins.

Dr. Howard Crosby says that the American is the cleanest man in the world, physically and morally, and in New York there is less crime, less danger to life and property, and less to offend refinement and morality than in any other city of its size ever known.

On the day of the general election the French, it would seem, ally their excitement by heavy eating. On Sunday, September 23d, they ate 432,800 pounds of oysters and 152,000 pounds of fowls. On the previous Sunday, a very fine day, they consumed 100,000 pounds less weight of oysters and 8,000 pounds less weight of fowls.

At the recent municipal election at Nashville, Tennessee, the Democratic ticket was elected by an average plurality of 1,612 votes. A few years ago Nashville was a Republican city, the colored vote being very heavy, but the inauguration of a large number of manufacturing enterprises has caused the employment of many white men, most of whom vote the Democratic ticket.

Ex-Senator Jones, of Florida, is still in Detroit, where he wanders the streets in the last stages of shabbiness. He is said to be penniless, and how and where he lives are mysteries. On ordinary subjects his mind is sound, and on political and other public matters he talks intelligently and well, but on the subject of his unfortunate love affair his mind is impaired.

Boulangism won 1,037,666 votes at the recent election, as against 2,340,683 for Monarchism and 4,012,353 for Republicanism. The minority still lacks a good deal of being a majority, but it is clear that the Republicans cannot afford to despise it. If Boulangism means hostility to the Republic, it is no small thing that within two or three years so many Republicans have become Boulangists.

The man-of-war Pensacola sailed from New York on Monday with a party of American scientists, under the direction of Prof. David P. Todd, of Amherst College, who go to West Africa to view the eclipse of the sun on December 22. While Prof. Todd is viewing the eclipse the Pensacola will cruise to St. Helena for coal and to allow Prof. Agassiz an opportunity to take deep sea soundings and dredgings.

The St. Louis Globe Democrat accounts for the recent Democratic victory at Indianapolis by stating that President Harrison took too many Republicans away from there to fill Federal offices when their votes were needed at home. The President must have been particularly active in providing berths in Washington for the Republicans of his own ward, where there was a Democratic gain of over three hundred compared with the last Presidential election.

The Massachusetts Republican State Committee has declined a challenge from the Democratic State Committee for a series of joint discussions between Messrs. Brackett and Russell, the opposing gubernatorial nominees. They say joint debates are unknown in Massachusetts, and that they see no occasion for a new departure this year. The Democrats propose to make tariff reform the leading issue, and it seems the Republican leaders do not care to toe the mark on that question before the voters of Massachusetts.

"Time is money." If you have a bad cold, don't mope around and half do your work. Get a bottle of Dr. Ball's Cough Syrup; take a dose at night and get up the next morning cured.

A land company has been chartered, under the laws of Mississippi, to purchase 600 acres of land on White River, in Arkansas, belonging to Ex-President Davis.

M. D. Harter, the millionaire manufacturer of Mansfield, Ohio, challenged Murat Halstead to a debate on the tariff question, but the latter declined on the ground that there is not enough public interest in the matter.

Michigan's new liquor law went into effect on Tuesday, October 1st. It provides for a uniform tax of \$500, and the minimum penalty for keeping open on Sunday or on legal holidays is \$50, and the maximum penalty remains as at present—\$200.

The finest duck shooting in the country is to be found in the wild celery flats on the Susquehanna, below Havre de Grace. The number of ducks killed in a single season upon these flats is said to average as high as thirty thousand. They are always found plump and in the best condition and of the finest flavor, the result of feeding upon wild celery.

Hood's Sarsaparilla cures catarrh by expelling impurity from the blood, which is the cause of the complaint. Give it a trial.

There was but one case before the Mayor this morning, that of a colored woman charged with disorderly conduct. She was fined \$20 or 30 days and committed to the custody of the Sheriff in default of payment.

The Wedding Bells.

Mr. Thomas M. Dobson and Miss E. Lillian, daughter of Mr. D. M. Fennell, were married last night in St. Andrew's Presbyterian Church. There was a very large congregation, the spacious church having been crowded. Rev. Mr. Primrose pronounced the tie that made the twain one. A reception was held after the ceremony at Mr. Fennell's residence. The presents were numerous, handsome and costly.

Book Reception To-Night.

The Ladies Auxiliary Society to the Y. M. C. A. will have their book reception to-night at the Association rooms over the Bank of New Hanover, on Front and Princess streets. A splendid programme of music, recitations, etc., has been arranged, and light refreshments will be served. Each person attending is requested to present a book to the Association Library. The rooms will be open at 7:30 p. m.

Death of Dr. Mallett.

The death of Dr. W. P. Mallett, of Chapel Hill, is announced. He died on Wednesday morning, of heart disease. He was stricken just as he was about to leave his carriage and found himself unable to alight. Restoratives were applied and he was able to walk into the house but he died the next morning. He was 75 years old and one of the most accomplished gentlemen and skillful physicians in the State. He had a number of near relatives in this city.

In Recognition of His Gallantry.

There is now on exhibition at Mr. George Honnet's jewelry store an elegant solid silver pitcher and cup which is to be presented to Mr. Richard F. Warren by Wilmington Steam Fire Engine Company No. 1, of which he is a member, in recognition of his gallant act in saving life last Summer at Wrightsville Beach.

Mr. Warren is also a member of Clarendon Lodge No. 2, Knights of Pythias, and we understand that the members of that order in this city will present him with a handsome gold watch. His gallant action is also, it is said, to receive recognition at the hands of the general government in the shape of a silver medal under the act of Congress authorizing the issue of medals to those who save the lives of others at the risk of their own.

Mr. Warren was last night presented with the handsome gold badge subscribed for by his friends and admirers in this city, a full description of which has already been published by us. The presentation was made by letter.

Forecasts.
For North Carolina, fair until Saturday and cooler except stationary temperature on the coast. For Wilmington and vicinity, fair weather.

Syrup of Figs.

Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently, on the kidneys, liver and bowels effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

Religious Services on Sunday.

We are requested by Rev. Mr. Kennedy to state that there will be divine service on board the English steamer *Osmani* on Sunday evening, at 4 o'clock, held by Rev. Dr. Carmichael, of this city. The steamer is at the wharf of the Champion Compress Company. Seamen and the public generally are invited to attend. No service at the Seaman's Bethel on Sunday evening on account of the above appointment.

To Pay a Life Policy.

Mr. W. H. Gibson, Special Agent of the National Life-Maturity Insurance Co., of Washington City, is here for the purpose of paying the amount due on the life of the late E. W. Heyer. The check, which is for \$2,000, will be turned over to the heirs to-morrow. This money would have been paid over some time ago, as soon as proofs of death were furnished, but for the fact that Mrs. Heyer has been absent from the city and the payment was deferred, at her request, until her return here.

Cotton Short in Three Counties.

The fact is being developed that the cotton crop in Anson, Union and Mecklenburg counties will run very short this year. The frosts last week are assigned as the cause. In Anson the estimate by some is one-half and by others not more than one-third of a crop; in Union it is one-half and perhaps not more than one-fourth and in Mecklenburg one-half to one-third. The frost, which was earlier this year than usual, found the cotton fields full of young bolls and blooms and these were killed, while the large bolls were not injured.

Long Foretold.

The construction of the Cape Fear and Yadkin Valley Railroad, says the Raleigh *News and Observer*, has so satisfactorily progressed that President Gray proposes to celebrate the new year by running his cars from Mt. Airy into Wilmington. Thirty years ago, we remember standing before the map in the hospitable residence of our friend R. K. Bryan, at Scott's Hill, and he then developed to us the projected lines in the State. At the conclusion he traced substantially what he termed the great line from Wilmington up the Cape Fear to Greensboro and west. It was the path of the present C. F. & Y. V. That road, he said, will have to be built. And now after three decades, we are to witness the realization of his prophecy, based on the natural wants of our people. It is a great State work; and we hope it will accomplish its purposes not merely in promoting the prosperity of the people living in the counties through which it passes, but also in drawing into the folds of a closer union the eastern and western sections of our State. We hope to see our commonwealth so united in the bonds of trade and unified by intercourse that our people shall have but a single aspiration, a single policy, a common prosperity.

Up to 4 o'clock this afternoon not a word had been heard relative to the condition of the stranded steamship *Pioneer*. The wires are down.

Do Not Think for a Moment

that catarrh will in time wear out. The theory is false. Men try to believe it because it would be pleasant if true, but it is not, as all know. Do not let an acute attack of cold in the head remain unsubdued. It is liable to develop into catarrh. You can rid yourself of the cold and avoid all chance of catarrh by using Dr. Sage's Catarrh Remedy. If already afflicted rid yourself of this troublesome disease speedily by the same means. At all druggists.

Inherited Blood Poison.
How many people there are whose distress
from sores, aches, pains and eruptive ten-
dencies are due to inherited blood poison.
Blood passes from parent to child, and it is
therefore the duty of husband and wife to
keep their blood pure. This is easily accom-
plished by a timely use of B. B. B. (Botanic
Blood Balm). Send to Blood Balm Co., At-
lanta, for book of most convincing proof.
James Hill, Atlanta, Ga. writes: "My two
sons were afflicted with blood poison, which
doctors said was hereditary. They both broke
out in sores and eruptions which B. B. B.
promptly controlled and finally cured com-
pletely."
Mrs. S. M. Williams, Sandy, Texas, writes:
"My three poor afflicted children, who inher-
ited blood poison, have improved rapidly after
a use of B. B. B. It is a Godsend."
J. R. Wilson, Alton, Ala. writes: "I was
in 1885, writes: "Bone and blood poison
brought me to have my leg amputated, and on
the stump there came a large ulcer, which
grew worse every day until doctors gave me
up to die. I only weighed 120 pounds when I
began to take B. B. B., and 12 bottles increased
my weight to 180 pounds and made me sound
and well. I never knew what good health
was before."
