**Advice to Mothers.**

MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty five cents a bottle. July 6 dead & wly

JOSEPH T. JAMES, Editor & Prop'r.

WILMINGTON, N. C.

FRIDAY, OCTOBER 18, 1889.

Entered at the Postoffice at Wilmington, N.C., as second-class matter.

Statistics recently collected show that the divorces granted in France in 1884 numbered 1,657, while in 1887 the number had increased to 5,797, although the number of marriages in 1887 was no greater than in 1884. Two causes have been assigned for the rapid increase of divorces, first, that the attitude of the Government toward the Church fosters atheism, and consequently lessens reverence for the family relation; and secondly, that divorce is simply a malady of civilization due to the nerves, and bearing a perfect resemblance to suicide.

France has taken an important step in the direction of international education. The recent Congress of School and University Professors at Paris resolved that it was desirable that students should spend a part of their time at a foreign university, and that all certificates and diplomas which admitted a student to matriculation at the universities of one country should be accepted in all other countries. There is already a fair sprinkling of English students in the German universities, and of Germans at Oxford and Cambridge, but between France and England this is the first sign of reciprocity.

A very sober and weighty monument is rising in Paris on the Place de Fontenoy, which will bear the inscription: "By national subscription this monument was erected to the memory of the French officers, subalterns and soldiers of the armies by land and sea fallen on the field of honor in defence of la patrie." The armies mentioned are those of the Loire, the East, the Rhine, and the Farther East. A colossal base built of gray stone from Vire will support a pyramid formed of two enormous blocks of granite, each weighing more than five thousand kilograms. A cornice, a few moldings, and a garland running around the pyramid, carved from the stone, are the only decorations.

The New York Sun says: "The South African Republic presents a queer spectacle. Here are 60,000 Boers, about a quarter of whom are adult males qualified to vote. They elect the President and the members of the Volksraad or Parliament. Within a few years 100,000 white men, mostly English, have moved into the Republic and have opened mines and built two towns, in comparison with which the capital, Pretoria, looks mean and seedy. These new-comers have not been admitted to citizenship, and so 15,000 Boers are making all the laws that govern 100,000 adult immigrants. These new-comers thought awhile ago they would like to build a railroad from Pretoria to Johannesburg, but the Solons in the Volksraad voted the project down to cost \$500,000, but the forty-five law-makers at Pretoria won't let them have a railroad. Of course this state of things cannot last forever, particularly as there promises to be 250,000 immigrants in the Transvaal within the next ten years. There will be an explosion some day unless the army of new-comers find some peaceable way of making their voice heard."

**Is Consumption Incurable?**

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by the doctors. Am now in the best of health. Try it. Sample bottles free at Robert R. Bellamy's wholesale and retail drug store."

**She Agreed With Him.**

"Don't you think," said a youth after working his vocal cords with intense vigor beside a hotel piano, "that I ought to go on the stage?" "Yes," replied Miss Pepperton, who doesn't like him very well, anyhow. "I certainly do. There is one that leaves for the station just an hour and a half from now."

**A Gentle Hint.**

Wife—Are you going out gunning, John?  
Husband—Yes, dear.  
W.—What do you expect to shoot?  
H.—Partridges.  
W.—If I could handle a gun I know what I would shoot.  
H.—What?  
W.—I'd shoot this summer hat of mine and get a new one for this fall.

**MAKE NO MISTAKE.**—If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. **100 Doses One Dollar**

**The Chief Reason** for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and the fact that Hood's Sarsaparilla actually accomplishes what is claimed for it, is what has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public. Hood's Sarsaparilla cures Scrofula, Salt Rheum and all Humors, Dyspepsia, Sick Headache, Biliousness, overcomes that Tired Feeling, creates an Appetite, strengthens the Nerves, builds up the Whole System.
