HELLAMY, WHOLESALE DRUGGIST, Wilmington, N. C. Inherited Blood Poison. How many people there are whose distress from aches, pains and eruptive tendencies are due to inherited blood poison. It may pass from parent to child, and it is therefore the duty of husband and wife to keep their blood pure. This is easily accomplished by a timely use of B. B. B. (Botanic Blood Balm). Send to Bigod Balm Co., Atlanta, for book of most convincing proof. James Hill, Atlanta, Ga., writes: "My two sons were afflicted with blood poison, which is a hereditary disease. They both broke out in sores and eruptions which B. B. B. promptly controlled and finally cured completely." Mrs. S. M. Williams, Sandy, Texas, writes: "My three poor afflicted children, who inherited blood poison, have improved rapidly after a use of B. B. B. It is a Godsend." John T. 1885, writes: "Bone and blood poison forced me to have my leg amputated, and on the stump there came a large ulcer, which grew worse every day until doctors gave me up to die. I only weighed 120 pounds when I began to take B. B. B., and 12 bottles increased my weight to 180 pounds and made me sound and well. I never knew what good health was before."

NOVEMBER 1ST, 1889.

We begin the month with a magnificent stock of Dry Goods, to which we invite an examination. Our stock covers every department in the Dry Goods line, and every department is complete. We would call especial attention to our stock of Dress Goods. We have the best and cheapest stock of Mourning Goods in the city. Time and space will not permit us to enumerate the great number of special bargains we have to offer. It is sufficient to say that we are willing and anxious to show our Superior Goods at lowest prices. The immensity of our sales and extent of our stock of Gents' Furnishing Goods enable us to offer inducements in that line, and a class of goods not to be found in any other store in the State. We have in reserve for the Holidays the handsomest stock of Embroidered Handkerchiefs ever opened in the South. These goods will be exhibited to persons desirous of seeing them. Respectfully,
J. HEDRICK

Harrison and Mahone! What a splendid ticket for 1892! We'll vote for it—for the nomination.

It was boodle vs. brains in Virginia, and brains will win every time, with a fair showing.

How will Cleveland and Campbell do for '92? Two bold sailor boys, as it were, on the high C's.

Tuesday was a bitter cold day for Harrison and Mahone, Quay and Dudley, et id omne genus.

A London firm has a contract with the French Government, under which they annually supply France with thousands of tons of dried fruits. The French Government requires this large supply of dried fruit to make the wine which they supply to the French army.

A fossil forest has been discovered near Franen in Scotland. Forty or fifty fossil tree trunks have been already laid bare, and the full dimensions of the forest are as yet unknown. One of the trunks is about three feet in diameter, and they are for the most part of freestone.

Iowa's advent into the Democratic fold is doubly welcome, from the fact that she was not expected this year. For some time past the Democrats there have been surely and steadily pulling down the Republicans flags until at last they have them trailing in the dust of defeat.

In Naples there exists a race of cats which live in churches. They are kept and fed by the authorities on purpose, to each mice which infest all old buildings there. The animals may often be seen walking about among the congregation, or sitting gravely before the altar during the time of Mass.

The importation of American game into Austria has proved a big success. On the Danubian meadow forests of Count Brenner one hundred wild turkeys and thirty wapak are marked for destruction in the next big battle. On Prince Huniady's estates the American game has increased 80 per cent.

The Virginians may congratulate themselves on the fact that their grand and glorious victory was home made. The Republicans had campaign orators from thirteen different States to help them out and boodle in profusion from office-holders everywhere, while every speaker on the Democratic side was a Virginian and every dollar came out of their own pockets.

Brooklyn specialists for diseases of the eye, ear and nose are much interested in the result of an unusual operation on a woman, that was performed in the Long Island College Hospital on Monday. Mrs. Eya Hoffman submitted to the experiment of having a portion of the breast bone of a chicken sewed to that part of her face where a nose should have been.

The Democrats almost won in Massachusetts, where the Australian system of voting was tried. William E. Russell, of Boston, the Democratic candidate for Governor, is young and popular and he made a gallant fight. Just what the majority of Brackett (Rep.) is is not yet known to us but the New York Herald says that Russell has pulled it down from 28,169 in 1888 to possibly as little as 3,000. Massachusetts is ours next time.

Herbert P. Harrison is the name of the young man who is alleged to have been shot by Mahone on Tuesday night at Petersburg. It was about 9 o'clock and some of the young men got together a lot of fireworks and let them off in front of Mahone's house. Mahone was seen near his gate with a gun in his hand at the time the shot was fired. With him was his son Butler and an expoliceman. He was arrested and taken to the guard house and at midnight was released on \$2,500 bail. The case will be heard in January. The young man is not seriously hurt and will be all right in a few days. Mahone, of course, denies the shooting.

Col. J. Henry Sellman, Collector of Internal Revenue, Baltimore, Md., believes in it for rheumatism. He writes: I have tried Salvation Oil, and believe it to be a good remedy for rheumatism.

The outlook for '92 could hardly be better than it is now. Under the present apportionment 201 is the majority of the Electoral College. Considerably more than this may be considered as safe. The Solid South, New York, New Jersey, Indiana and Connecticut give 219 with Ohio and Iowa to look confidently to for about 30 more. In all, say 250 votes, enough to much more than counterbalance any addition to the Republican column from the four new States.

The chaplain for Congress seems to pray hard enough, but still he does no good; not so with Dr. Buil; his cough syrup has never failed to cure the most stubborn cough or cold.

Iowa is Sure and Safe.

Mr. B. W. Beery, Jr., of this city, is now, and has been for some time past, a resident of Burlington, Iowa. He is doing well as do all Wilmington boys who seek fortune elsewhere. Mr. Beery telegraphs Mr. W. A. Willson, Jr., that Iowa has elected the State Democratic ticket and that the majority will range somewhere from 3,000 to 8,000. The telegram was sent from Burlington last night.

A New Organ.

A fine new organ has been placed in Grace M. E. Church and its sweet tones will blend with the voices of the worshippers there on Sunday next. It is known as a "vocalion" as its tones assimilate those of the human voice and there is said to be not another in the State like it. It is 43 x 79 feet in size, of oak finish, with two manuals, stops &c., and is in every way an elegant instrument.

Looking This Way.

We learn from the Newbern Journal that an election will be held in that city on the 9th day of January next, for the purpose of determining whether the city shall subscribe \$50,000 to the East Carolina Land and Railway Company, which proposes to build a railroad from Newbern to some point on New river, Onslow county, to connect with the road being built from Wilmington to Jacksonville.

Death of Mr. J. W. Knott, Jr.

We regret to learn of the death of Mr. John W. Knott, Jr., which occurred at his residence in this city this morning, after a brief illness. Mr. Knott was a hardworking, worthy young man, honorable and upright in his dealings with all and of christian integrity. He leaves a devoted young wife, but no children, to mourn his untimely death. The funeral services will take place from the house to-morrow morning and the interment will be at Oakdale.

"Falka."

There was a rush at Yates' this morning for seats to the opera of "Falka" to be given to-morrow night by the MacCollin Opera Company, and by 8 o'clock many of the best had been sold. It will be a short season—two nights and a matinee—of genuine interest to all lovers of good music well rendered.

"Falka" is one of those sparkling works in three acts, full of delightful ballads, choruses, etc. The scene is laid on the continent, in the German empire, and the story is one of love. An old governor, the guardian of a pretty niece and an adventurous nephew, seeks to make a match between the latter and a young woman of the nobility. While on his way to the Governor's home the young man is met by brigands. Edwidge, the sister of the brigand chief, falls in love with the handsome young fellow and saves his life when it is in danger. Tancered promises to marry her in return, but escapes and is pursued. He hides in a cellar and disguises himself as a waiter at an inn. In the meantime Falka, the Governor's niece, reaches the inn on an elopement tour with her lover. She is pursued by an old monk, the keeper of the convent. So as not to be discovered, Falka personates Tancered and is to be wedded to the beautiful Alexina. The truth is made known through the fact that Arthur, Falka's lover, on being sent back to the convent as the runaway girl claimed belonging to the other sex. Marriage all around furnishes the climax to the play.

Man wants but little here below." This is particularly true of medicine, and he really needs a very small amount, provided it be of the right kind. Dr. Pierce's Sells fills the bill in respect of size, and are stupendous in point of effectiveness. If you desire immediate relief from headache, "river complaint," indigestion, and constipation, they will not fail you.

A Beautiful Wedding.

This is the way the ladies all speak of it. It took place at St. James' Church last night before a large congregation, the spacious edifice having been crowded to its utmost capacity. It was the wedding of Miss Fanny D. Grainger, daughter of the late Capt. Isaac B. Grainger, to Mr. Theodore Marburg, of Baltimore. The bride is one of the loveliest of the many beautiful young ladies who grace our fair city and the groom is a representative of one of the first families of Baltimore, both in wealth and social distinction. The Rector of the church, Rev. Robert Strange, pronounced the solemn and impressive ties that made the twain man and wife. Miss Hayward supported the bride and Mr. Wm. A. Marburg, brother of the groom, was the groom's best man. The bridesmaids were Miss Emma Marburg, of Baltimore, Miss Lizzie Potter, of Fayetteville, Miss Eliza Potter and Miss Carrie Strange, of Wilmington. The groomsmen were Mr. J. W. Middendorf, Mr. Jos. S. Ames and Mr. George Frederick Gephart, of Baltimore, and Mr. Brooke Ruppie, of Wilmington. The ushers were Mr. D. H. Lippitt, Mr. DuVal French, Mr. F. L. Meares and Mr. I. H. Manning, all of Wilmington. Masters Louis Myers and Swift Boatwright were ribbon boys. The bride was given away by her brother, Mr. Victor Grainger.

A notable event of the occasion was the appearance, in full evening dress, of a large number of ladies and gentlemen who were to attend the reception which was afterwards given the young couple. From the church the bridal party and their invited guests drove to Mr. W. L. Smith's residence, corner Market and Fifth streets, where the reception was held. The parlors were thronged throughout the entire evening. On their arrival Mr. and Mrs. Marburg found scores of congratulatory telegrams awaiting them, some of which came from Europe. The newly-married couple left here last night on the 12:05 train for New York and will embark from that port on Saturday for an extensive European tour. The presents were very numerous, handsome and costly, and many of them were truly magnificent. A large number came from Baltimore, from Mr. Marburg's relatives and friends.
