The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

The Davis Monument Conference.
The conference between the committee of ladies from the Memorial Association and the gentlemen who were requested to meet with them, relative to the proposed monument to Mr. Davis, was held this afternoon, at the Mayor's office, at 4 o'clock, but the ladies especially desire that no report of the conference shall be published until after it shall have been submitted to the Memorial Association.

Cash vs. Credit.
My unparalleled success since I have inaugurated my cash system and my increase in patronage proves beyond doubt that the public appreciate low cash prices and that a party who sells for cash can under sell his competitors who credit. I shall offer extra inducements from now until after the holidays to all purchasers of Clothing, Furnishing Goods, Hats and Caps.

The Fire This Morning.
There was an alarm of fire this morning, about 5 o'clock, turned in from box 53. It came from the Carolina Oil and Creosote Works, in the lower part of the city, and it was caused by an explosion of oil in one of the retorts. The flames burned fiercely for a while and the entire works were threatened at one time, but the fire department, which was early on the ground, fought manfully and succeeded in controlling the fire. The retort and building in which the fire originated were consumed and also a part of the office but the other buildings escaped. The loss foots up about \$1,200 and there was insurance with Messrs. Smith & Boatwright, for \$2,000—in the Providence, R. I., \$1,000 and \$1,000 in the American, of Philadelphia.

Prof. VanLaer's Salesrooms.
We paid a visit yesterday to Prof. VanLaer's salesrooms for pianos and organs, on Red Cross street, near Fourth, and were surprised to see the large and handsome stock he has on hand. He has a number of instruments from the hands of the best makers and, in fact, he will handle none but the best. The Sohmer piano is by many considered as the best and these can be had only of Prof. VanLaer. Our fancy was especially taken by a magnificent grand piano in light mahogany that would grace any parlor or music room in the land. Among other things there is a unique instrument, an organ, called the "Pneumatic Symphony," which can be played either automatically or by the keys. Prof. VanLaer will take much pleasure in showing his instruments to all who may desire to see them.

For all derangements of the stomach, liver and bowels take Dr. Pierce's Pellets, or Anti-bilious Grapes.

City Court.
Mayor Fowler disposed of the following cases to-day:
William Phinney, charged with disorderly conduct, was found not guilty and discharged.
Maria Hall, was charged with allowing her hogs to run at large in the street. In this case judgment was suspended on payment of costs.
Charles Walker was charged with the same offense but in his case judgment was also suspended on payment of costs.
Jacob Johnson, drunk and down, was found guilty and fined \$5 and costs.
One case was continued.

A Distressing and Fatal Accident.
A very distressing accident happened on North Fourth street this afternoon. A colored funeral procession was passing near the corner of Fourth and Brunswick, when a street car came along at the same time. As the car passed a little boy about two-years of age, the son of Mr. W. A. Walker, who has a store at the corner of Fourth and Brunswick, ran in front of the car and fell and was run over by the animals and almost instantly killed. The accident occurred about 4 o'clock hence we cannot give further particulars. Mr. Robert Rowan was the driver of the car and he is deeply distressed. It is said that he is completely prostrated.

An Innovation in Popular Prices.
Ely's New York Comedy Company will hold the boards at the Opera House for four nights and Christmas matinee, commencing Monday evening, December 23rd, opening with the very funny musical farce comedy, "Tom Sawyer" a dramatization of Mark Twain's novel. They will present a different play each evening from their extensive repertoire which embraces some of the most popular plays of the day. All of those produced by this company are with elegant special scenery, novel mechanical effects, beautiful costumes and elaborate stage settings. At popular prices 10, 20 and 30 cents, and seats can be reserved at Yates' without extra charge.

A Puritan Evening.
The ladies of the First Presbyterian Church will give a very unique and pleasing entertainment at the City Hall to-morrow night. It is entitled "A Puritan Evening" and one of its features will be the style and costumes of the Pilgrim Fathers (and mothers, too, we presume.) There will be a bazaar in connection with the entertainment where fancy articles and things suitable for Christmas will be sold. There will be refreshments and tea will be served by Puritan maidens, every purchaser of a cup of the beverage that cheers, but does not inebriate, to be presented with a cup and saucer as a souvenir of the occasion. A fine musical programme will be one of the features.

To Establish a Reading Room.
The directory of the Wilmington Library Association have it in view to enlarge the scope and usefulness of the institution and with this end in view Capt. W. H. Bixby, a member of the board and acting manager, has issued the following circular:

The Wilmington Library Association is thinking of extending its present facilities by establishing a reading room for current periodical literature. If support enough is received in this movement, the library will probably subscribe to from 20 to 30, perhaps more, of the most prominent periodicals, treating of literature, fashions, arts and sciences, and it will probably place these periodicals at the disposition of readers in the reading room from 10 a. m. to 10 p. m. at the moderate charge of \$3.00 per year, payable in advance.

If you are willing to aid such a movement, please say so, and state in what way you will aid.

If you think you will probably subscribe under such circumstances, please say so.

In any case you will assist this movement by mentioning the publisher's address and the names of the ten magazines or periodicals which you yourself would most like to see and consult if you should become a subscriber.

The object of this letter is to get from every one an expression of opinion of his ideas as to such a reading room and their choice of periodicals, or their opinion as to which periodicals are most popular.

Inherited Blood Poison.
How many people there are whose distress from sores, aches, pains and eruptive tendencies are due to inherited blood poison. Each blood passes from parent to child, and it is therefore the duty of husband and wife to keep their blood pure. This is easily accomplished by a timely use of B. B. B. (Botanic Blood Balm). Send to Blood Balm Co., Atlanta, for book of most convincing proof. James Hill, Atlanta, Ga., writes: "My two sons were afflicted with blood poison, which doctors said was hereditary. They both broke out in sores and eruptions which B. B. B. promptly controlled and finally cured completely." Mrs. S. M. Williams, Sandy, Texas, writes: "My three poor afflicted children, who inherited blood poison, have improved rapidly after a use of B. B. B. It is a Godsend." J. R. Wilson, Glen Alpine Station, N. C., Feb. 13, 1885, writes: "Bone and blood poison forced me to have my leg amputated, and on the stump there came a large ulcer, which grew worse every day until doctors gave me up to die. I only weighed 120 pounds when I began to take B. B. B., and 15 bottles increased my weight to 180 pounds and made me sound and well. I never knew what good health was before."
