usually large number at this season.

The Adele Frost Company, who
are to play here week after next,
opened in Charlotte on Monday
night to a crowded house, in Ingo-
war. The papers there speak high-
ly of the troupe.

There was an alarm of fire last
night, about 11 o'clock, but it was
a small affair. A slight fire was kin-
dled in a restaurant near Fourth
Street Market and a few buckets of
water put it out.

Col. Thos. W. Strange left here to-
day for New York, where he is to be
married to a young lady of that city
on Saturday next. It will be several
weeks before he will return with his
bride to Wilmington.

Mr. Henry L. Cumming, grandson
of Mr. E. J. Lilly, who was out of
town yesterday and could not go up
to Fayetteville with his father and
mother, left here to-day on the C.
F. & Y. V. R. R., hoping to get
through on that road.

Capt. J. R. Nolan, General Man-
ager of the Seacoast R. R., offers for
rent for the ensuing season the hotel
at the Hammocks. As the indica-
tions all look to a large influx of
visitors here this Summer we hope
that some one who knows how to
keep a good hotel will secure the
lease.

Gout in most cases first makes
itself known by an acute pain in
the joint of the great toe. This
most excruciating pain may be
likened to that produced by the
driving of a wedge under the nail.
When thus affected rub well with
Salvation Oil, the greatest pain-cure
on earth. Price 25 cents.

The moon enters on its last quar-
ter this afternoon at 1:37.

One good laundry woman and one
dish washer are wanted at the Pur-
cell House. See ad. in this issue.

We are glad to know that Mr. M.
Katz continues to improve and
we hope to see him out again in a
few days.

And now it is said that the grip
is getting into the animals. We
reliably informed that a dog in
this city has the disease.

Mr. E. Kuhblank wants to rent a
comfortable house, with five or six
rooms, in a central location and
good neighborhood. See advertise-
ment.

Geo. W. Price, Jr., President of
the Emigration Bureau, advertises
in this issue for 40 reliable house
servants, carpenters and black-
smiths.

The Cape Fear and Yadkin Valley
people have already expended more
money here than the entire sub-
scription by the city to the capital
stock of the road.

Electric lights have recently been
placed at Third and Castle, Sixth
and Swann and Eighth and Prin-
cess streets. Now let one be placed
at the corner of Third and Red
Cross, for it is surely needed there.

"Have you been in Jones' new
house?" "Not I." "Well you should
see it—fitted up with all the com-
forts and elegancies of life, among
other essentials, a neat little ar-
rangement for holding half a dozen
bottles of Dr. Bull's Cough Syrup."

The machinery for the Industrial
Manufacturing Co. has been ship-
ped and was expected here last
evening but it did not arrive then.
It is surely expected to-morrow,
when it will be at once put into posi-
tion.

Read and Shell Work.

Mr. John Barker, of this city, has
displayed a great deal of taste, skill
and ingenuity in some fine shell and
bead work recently turned out by
him. Some of the specimens shown
a REVIEW reporter to-day will com-
pare favorably with the best of that
made by Northern artisans. He also
makes ornaments from fish scales
and has promised to show us some
of his handiwork in that line in a
few days. He will probably embark
regularly in the business here and
we wish him much success.

The Hop Last Night.

There was a fine time last night, at
Hibernian Hall, at the second regu-
lar hop of the Social Club. There
was a good attendance and it was
in every respect a very successful
affair. Dancing began at 8 o'clock
and was kept up with much spirit
until midnight, when supper was
announced. Later on the dancing
was resumed and was kept up till
morning. The committee are to be
congratulated on the success which
has attended their efforts in this
instance, as well as on the occasion
of the first hop.

Strong Men.

Women love strong men. A weak
man may excite their sympathy and
a woman's careful tenderness soothe
and soften the anguish of a weak
man's soul, but the laughing, joy-
ous, warm, exuberant love of women
dear, belongs to the men that are
strong and noble and kind. Then
why will a man continue weak, and
mean and peevish?

An old gentleman writes: "B. B.
B. gives me new life and strength.
If there is anything that will make
an old man young, it is B. B. B."

Some men say, and women too,
they never feel weak and mean ex-
cept in the spring. Why then feel
weak and mean and nervous and
prostrated in the spring time when
life and spirit awakens with thrill-
ing buoyancy even the vegetable
world? Must you allow sluggish
blood, inactive organic functions,
rusty joints and general weakness
to make your life miserable simply
because the long winter has restrain-
ed your natural activity? It need
not be. If only you will use that
pleasant and incomparable tonic
blood purifier known as B. B. B. or
Botanic Blood Balm your health in
spring time will be all that you can
wish. Try it this spring. Try it now.

P. A. Shepherd, Norfolk, Va., Aug-
ust 10, 1888, writes: "I depend on
B. B. B. for the preservation of my
health. I have had it in my family
now nearly two years, and in all
that time have not had to have a
doctor."

Refreshing and invigorating
Delicious Soda Water as drawn from
Mund's Brothers' magnificent new
soda fountain at a temperature of
34°. Purest Fruit Syrup, Milk Shakes
and Natural Mineral Water.

Forecasts.
For North Carolina, colder weath-
er and rain. For Wilmington and
vicinity, fair weather.

Its Excellent Qualities
Commend to public approval the
California liquid fruit remedy Syrup
of Figs. It is pleasing to the eye,
and to the taste and by gently act-
ing on the kidneys, liver and bow-
els, it cleanses the system effectual-
ly, thereby promoting the health
and comfort of all who use it.

St. Valentine's Day.

The good saint, whose day falls
due next Friday, is in no sense re-
sponsible for the custom of valentine
giving that adds such interest to the
modern celebration of this festive
day. Furthermore, the custom of
valentine selecting in its original
form had nothing in common with
the 19th century operation of visit-
ing a stationer's store, or a fancy
store, for the purpose of buying
some pretty card or hand painted
ornament as a love token. The lads
and lassies of Maine, and Lorraine,
in France, as well as the people gen-
erally unwedded of Scotland and
England, had a certain custom, dat-
ing back to the seventh century, of
holding "lotteries of selection" of
love mates for each year. Names of
young people of both sexes were
written out and put into proper re-
ceptacles, and drawings took place,
in which each sex could secure a
partner from the other, and it was
customary by the sentimental bound
set up by the selection so made to
inure for one year and no longer,
unless, as a sarcastic bachelor ob-
serves, "terminated by the marriage
or death of the parties." During the
year each stood to the other in the
relation of Cavalier and Lady of
Beauty, the knight being bound to
the honor and defense of his fair
one, for which she repaid him in
smiles. Both sexes were privileged
to draw for sweethearts in these lot-
teries, so that a gentleman might be
chosen by a lady he sought not, and
a lady draw a gentleman whom she
did not desire.

Round House and Engines Burned.

The round house of the Carolina
Central Railroad at Charlotte, a
frame structure, was burned early
yesterday morning. It held three
engines at the time, one of which
was drawn out and two others were
burned—at least the wood works
were burned but the machinery is
not thought to have been severely
injured. The engines and the house
were all under insurance but this
does not compensate for the loss of
their services, which are greatly
needed at this time. We learn from
the Charlotte News that the fire
was first discovered by a colored
fireman who opened the door of the
round house to get out an engine
for the 5 o'clock a. m. train for this
city. No 415, a fine Grant locomot-
ive used for passenger service, was
standing over a pit in the centre of
the house, and as the fireman open-
ed the door he saw that the tender
and cab of 415 were ablaze and the
roof over the engine was also burn-
ing. He instantly gave the alarm,
and at the same time set about to
save the engines. There was no fire
in any of them, but one engine had
50 pounds of steam on, and the fire-
man pulled the throttle and got
that engine out. The other two,
415 and the Baldwin shifting engine,
had to be abandoned to the flames.
Capt. Baskerville, the depot agent,
was quickly on the scene, and get-
ting out the depot hose had a stream
playing on the burning building
when the firemen arrived. Three
streams were soon at work, but the
fire had gained such headway that
the building could not be saved.
Two streams were played on the
engines, and after the fire each
engine was found to contain two
full gauges of water. The machinery
was but slightly damaged, though
the cabs and the wood work were
burned out. The engines have been
sent to the shops at Laurinburg to
be overhauled.

The origin of the fire is not known
There was no fire in the engines, and
at 3 o'clock the night watchman
could see no signs of fire in or about
the round house. The old round
house of the Carolina Central at
Charlotte was burned in a similar
manner eight years ago, and No.
415, then a brand new engine, was
rescued from that fire. The round
house will at once be rebuilt.
