The worst legislative pickle that we know of is that out in Iowa where the legislators can't draw their salaries till a speaker is elected.

Mr. Cleveland has again gone on record as in favor of ballot reform, irrespective of any effect it might have on either party in its results.

Thomas Beelzebub Reed will be a big load for the Republican party to carry next Fall. Verily, "whom the gods would destroy they first make mad."

A poor destitute Irish woman walked the streets of New York all of Tuesday night, with her child in her arms, and on Wednesday morning it was dead. This in a city whose aggregate wealth is thousands of millions of dollars.

A party of young folks out in Colorado went picnicking last Monday. It was a beautiful day and the weather was like June. Suddenly it changed and a snow storm and a blizzard came up and several of the party were badly frozen.

Forger Wood, the late J. B. Foraker's partner in the iniquitous ballot-box scheme, has been on the witness stand again and this time he directly charged Foraker with instructing him as to what names to put on the forged document.

It is in order now for some of Mr. T. Beelzebub Reed's backers in the House to introduce a bill abolishing all elections for Congressmen and authorizing the sulphurous gentleman to name them all. If he can make a quorum of the House he ought also to be able to make individual members thereof.

The Chicago Times says that "H. C. Hunt, of North Carolina, who was the first delegate from that State to support Harrison, now entertains an opinion of the President which is described as "not flattering." Mr. Hunt will not be obliged to look the country over with a lantern to find a large number of other people who occupy the same position. Harrison stock is ruling very dull."

"We had quite an exciting time at our house last night." "Ah, what was the matter?" "Why our fourth floor lodger called out in the middle of the night: 'Wont somebody get me a bottle, quick please?' 'Whiskey, I asked?' No, no—Dr. Bull's Cough Syrup."

Peterson's Magazine.

"Just perfect," is what a lady said of the March number of "Peterson," and we can fully endorse the verdict. The opening engraving is a beautiful picture, and the numerous wood illustrations are all capital. The fashion and household department offer the most varied attractions. "The Mother's Department" and "Things Worth Knowing" should be read by every housekeeper and mother. "Peterson" is a rare combination of useful, artistic and literary excellence. No other two dollar magazine can boast such a list of contributors as Rebecca Harding Davis, M. G. McClelland, Minna Irving, Lucy H. Hooper, Edgar Fawcett, Frank Lee Benedict, Howard Seely, Clarence M. Boutelle and various other prominent writers of prose and verse. So far this year it has even surpassed its former high standard of excellence in many respects. Terms, \$2.00 a year. Address Peterson's Magazine, No. 306 Chestnut street, Philadelphia.

Plenty of Weather.

We have had a plenty of weather to-day and an unpleasing variety of it. We have had wind and rain and sunshine. The Southwest storm signal was run up to the masthead this morning and at 1:30 p. m. it was changed to the Northwest signal. At first there was a big storm central in Arkansas and moving rapidly to the Northeast but, as usual, it did not amount to much here. At 1:30, when the signal was changed, the storm was central from Maryland to Michigan. At this place, during the forenoon, the greatest velocity reached by the wind was 36 miles an hour, from the Southwest. At Southport it was very high, attaining a velocity of 54 miles an hour, from the South, thus verifying the display of the signals. The rainfall here was .24 of an inch, most of which fell in about 10 minutes this forenoon. No disasters have thus far been reported. The rain area has passed this section and the forecasts now are for fair weather this afternoon and to-morrow.

WE CAN AND DO

Forecasts.
For North Carolina, threatening and rain, cooler and fair Saturday. For Wilmington and vicinity, rains to-day and fair to-morrow.

Boys on a Bust.

The cautionary Southwest storm signal was hoisted here to-day at 9:15 a. m. in accordance with instructions from Washington City. There was a storm central last night in Arkansas and moving rapidly to the Northeast. The signal was also ordered at Charleston. The wind has been blowing here at a lively gait throughout the day but it is likely that we have already had the worst of it as the indications are for fair weather to-morrow.

One Hundred and Twenty-One.

In speaking to-day of the publication made in yesterday's issue of the REVIEW of the number of saw mills on the line of the C. F. & Y. V. R. R. Col. Gray informed us that there are now 7 mills in operation between this city and Fayetteville and 16 more are projected and will be in operation in a short time. This will make in all, on the line of this road, 108 steam saw mills and 13 planing mills and kilns, the surplus product of all of which will seek a market through this port.

Inspected the Road.

The party of officials of the Cape Fear & Yadkin Valley R. R., spoken of by us yesterday as on the way to this city, arrived here last evening, about 5 o'clock. It consisted of Col. Gray, the President, Capt. J. W. Fry, General Superintendent, and Mr. J. C. Murchison, Master of Trains. They made a careful inspection of the work as they proceeded and have expressed themselves as much gratified with the manner in which it has been done. The road will be regularly opened for business on Monday next, with a daily passenger train, each way, tri-weekly local freight and a tri-weekly through freight.

Bank of New Hanover.

The annual meeting of stockholders of the Bank of New Hanover was held at the banking house in this city yesterday.

Capt. John F. Divine was called to the chair and Mr. Wm. L. Smith was requested to act as secretary.

Messrs. Henry C. McQueen and Fred Rheinstein were appointed a committee to ascertain the number of shares of stock represented, and they reported 6,988 shares, in person and by attorney.

The chairman thereupon declared the meeting duly organized.

The President submitted his annual report which was approved.

On motion an election for directors for the next twelve months was held, and the following gentlemen were chosen:

Messrs. John Wilder Atkinson, Isaac Bates, E. B. Borden, W. I. Gore, Jas. A. Leak, Donald MacRae, Fred Rheinstein, Chas. M. Stedman, H. Vollers, Geo. W. Williams. The meeting then adjourned.

The Dedication Next Sunday.

The dedication of St. Mary's Roman Catholic Church at Goldsboro on Sunday next will be a notable event and will attract to that beautiful little town faithful members of the church from every direction. The edifice is said to be one of the handsomest little brick churches in the State. The magnificent Catholic ritual will be carried out. Rt. Rev. Leo Haid will conduct the services and preach the dedication sermon. A special choir has been gotten together for the occasion. Farmer's celebrated mass will be sung; Professor Greenwald, of this city, will preside at the organ. The composition of the choir is as follows: Miss Maria Manly and Miss Sadie Manly, of Newbern; Mrs. Joseph H. Waters, of Wilmington; Capt. Matt. Manly, Messrs. Clement Manly, J. K. Willis and D. S. Willis, of Newbern, and Richard Grant, of Wilmington. Mrs. George Royal, of Goldsboro, will sing Millard's famous Ave Maria, and Miss Minnie Royal, also of Goldsboro, will sing an O' Salutaris. The Young Catholic Friends' Society, of this city, will attend in a body and act as a guard of honor without the building whilst the exterior walls are being blessed.

There is danger in impure blood. There is safety in taking Hood's Sassaaparilla, the great blood purifier. 100 doses one dollar.

Wedding Bells in Raleigh.

Miss Gertrude Winder, daughter of Maj. John C. Winder, a young lady who has many friends and admirers in this city, was married at Christ Church, Raleigh, on Wednesday night, to Mr. William R. Tucker, son of Maj. R. S. Tucker, of that city. It was an unusually brilliant wedding and the *News and Observer* devotes over a column of type to a description of the event.

Strong Men.

Women love strong men. A weak man may excite their sympathy and a woman's careful tenderness soothe and soften the anguish of a weak man's soul, but the laughing, joyous, warm, exuberant love of women dear, belongs to the men that are strong and noble and kind. Then why will a man continue weak, and mean and peevish?

An old gentleman writes: "B. B. B. gives me new life and strength. If there is anything that will make an old man young, it is B. B. B."

Some men say, and women too, they never feel weak and mean except in the spring. Why then feel weak and mean and nervous and prostrated in the spring time when life and spirit awakens with thrilling buoyancy even the vegetable world? Must you allow sluggish blood, inactive organic functions, rusty joints and general weakness to make your life miserable simply because the long winter has restrained your natural activity? It need not be. If only you will use that pleasant and incomparable tonic blood purifier known as B. B. B. or Botanic Blood Balm your health in spring time will be all that you can wish. Try it this spring. Try it now.

P. A. Shepherd, Norfolk, Va., August 10, 1888, writes: "I depend on B. B. B. for the preservation of my health. I have had it in my family now nearly two years, and in all that time have not had to have a doctor."

Sunday School Convention.

The New Hanover County Sunday School Convention met in St. Paul's Lutheran Church last night.

The devotional exercises were conducted by Rev. W. McC. Miller, after which the president, Mr. George Chadbourn, introduced the Rev. F. W. E. Peschau, who gave the Convention an address of cordial welcome.

His beautiful address was responded to by one equally handsome and felicitous from the Rev. F. D. Swindell, after which Mr. Chadbourn and Mr. J. S. Mitchell, the president and secretary and treasurer of the past year, submitted their reports.

Mr. Chadbourn stated that after careful inquiry it had been ascertained that in the county and in the city there were ample Sunday school privileges provided for every child in the country, and expressed the wish that this Convention would try to push the work in counties contiguous, in which the same happy state of things did not exist.

The statistical report of Mr. Mitchell related, in part, to the work of 1888, and as full reports are expected to be presented by every school tonight for 1889, we will wait for them before presenting the general conditional of the work in the county.

Mr. George Chadbourn was re-elected President for the next year; Col. Roger Moore, Vice President; Mr. W. C. Peterson, Secretary and Treasurer, and the Executive Committee consists substantially of the same gentlemen as acted the last year.

Dr. Pritchard, according to programme, spoke on the importance of the Sunday School work and united effort, and in concluding his remarks entered a motion that a general teachers' class be formed, to be taught by each pastor for one month in turn, at the rooms of the Young Men's Christian Association, every Saturday at 4 p. m.

After some discussion it was resolved that this meeting should be on Friday at 4 p. m., instead of Saturday, and Dr. P. H. Hoge was appointed teacher for the first month—the class to meet next week for the first time.

Following is the programme for this evening, viz:

Twenty minutes devotional exercises, conducted by Rev. B. H. Anderson.

Reports of Sunday School Superintendents, giving statistics, and difficulties and encouragements in the work, after which the meeting will be open for discussion, to be led by Rev. P. H. Hoge, D. D., and Rev. W. S. Creasy.

Election of delegates to State Convention.
Miscellaneous.

Catholic Regulations for Lent.

Lent begins this year on February 19th, and Bishop Northrop has issued the following regulations to be observed by Roman Catholics: Ash Wednesday, the first day of Lent, falls on the 19th day of February.

1. All the faithful who have completed their 21st year, unless exempt by dispensation or some other legitimate cause, are bound to observe the fast of Lent.

2. They are to make one meal only a day, except on Sundays.

3. The meal permitted on fast days not to be taken till about noon.

4. A small refreshment, commonly called collation, is permitted in the evening.

5. The following persons are exempt from the obligation of fasting: Persons under 21 years of age, the sick, nursing women, those who, through weakness, cannot fast without great prejudice to their health.

6. The faithful are reminded that, besides the obligation of fasting imposed by the Church, this holy season of Lent should be, in an especial manner, a time of earnest prayer, of sorrow for sin, of seclusion from the world and amusements, and of generous almsgiving.

By virtue of an Indult to the United States, dated August 3, 1887, the following special dispensations are granted:

1. The use of flesh meat is permitted at all meals on Mondays, and once a day on Mondays, Tuesdays, Thursdays, and Saturdays, with the exception of the second and last Saturdays of Lent. But flesh meat and fish are not to be used at the same meal during Lent, even on Sundays.

2. The use of butter, cheese, milk and eggs is also permitted every day in Lent.

3. It is allowed to take in the morning some warm liquid, as tea, coffee, or thin chocolate, made with water, and with this liquid a mouthful of bread.

4. Those for whom the hour of noon may be an inconvenient time for dinner may invert the order and take their collation in the morning and their dinner in the evening.

5. The use of hogs' lard, or dripping, instead of butter, is authorized in preparing permitted food.

6. Persons exempt from the obligation of fasting are free to take meat more than once on those days when its use is granted by dispensation.

The Paschal time extends from the first Sunday of Lent till Trinity Sunday, during which time all Roman Catholics who have attained the proper age are bound to receive worthily the Holy Communion. The holy season of Lent is a very proper time also for children to make their first confession, which they ought to do generally at about the age of 7 years. Parents should see to this.
