The Daily Review.

FRIDAY, FEB. 14, 1890.

STATE NEWS.

Charlotte News: Mr. Thos. A. Edison, the famous inventor, arrived Drops. in Charlotte on the noon train today and is registered at the Buford Hotel, where he will remain for several days. Mr. Edison is accompanied by his wife and two sons, and also by Mrs. McWilliams, of Orange, N. J.

Raleigh News and Observer: A remarkable case became known here yesterday which probably never had a parallel in human history. News was received here yesterday that James and Dave Crocker, two brothers residing at Garner's Station died yesterday morning at their home at Garner's. Both were be-tween the ages of thirty-five and forty. The two brothers died of pneumonia and the death of one oca. m. Both married sisters and each Cape Fear River mail.... 1.10 P. M. 2.00 P. M. has a wife and six children. In addition to this each one was born on the 12th of the month, each married on the 12th of the month and each died on the 12th of the month.

Charlotte Chronicle: Capt. Henry P. Johnson has recently returned from a trip to Florida, where he went to look after some lands purchased some years ago by his father, the late Col. V. Q. Johnson, and Col. P. B. Key, of Concord. The lands lie in Citra and Hernando counties, in the finest hammock section in Florida. This section contains valuable marl and shell dequantities has recently been discovered. The lands in question are in the phosphate regions and have suddenly become greatly enhanced in value. It was purchased cheap with a view of being cultivated as a truck farm, and will doubtless yield its owner a handsome profit.

Chather Page 1. We arrest the constant of the phosphate regions and have suddenly become greatly enhanced in value. It was purchased cheap with a view of being cultivated as a truck farm, and will doubtless yield its owner a handsome profit. posits, and phosphate in immense

Chatham Record: We are authorized by Mr. Samuel A. Henzey, the President of the Egypt Coal Company, to say that there is no truth in the rumor that the Egypt Coal Mine had been sold to the Greensboro Bessemer Company. While it is true that the work of mining was suspended for two days, it was done inforder to enlarge the plant. The work will now be pushed on a more extensive scale than ever before. Additional machinery, including a new eighty horse power boiler, has been placed at the mine, and coal in great quantities will be shipped to different markets. Mr. Henzey says that the present owners of the property think too highly of it to be willing to sell it, and that the deeper they go into the mine the better are they pleased with it.

Monroe Enquirer: Mr. Jona Lit-tle is a merchant at Locust Level, Stanly county. One day last week Mr. Little was returning home from Concord with a load of goods, and when about nine miles from Concord he noticed a boy in the road walking beside the wagon, carrying a breach loading shot gun. The boy ordered him to halt, but he appeared not to hear and drove on. After the command had been repeated the third time Mr. Little raised the curtain of the wagon and looked out, and saw the boy with the gun cocked and leveled on him. He stopped his wagon suddenly, jumped out and knocked the boy jumped out and knocked the boy down, before he could recover from his surprise. The boy arose and ran for life, leaving the gun in Mr. Little's possession. Mr. Little learned before reaching home that the gun belonged to a man named Coleman, living near Bost's mill, and that the boy who assaulted him was Coleman's son. Coleman went to see Mr. Little to make the affair up, and claimed that the boy was someand claimed that the boy was sometimes attacked with "wild spells." We didn't learn how they settled it.
