#### Eev. Mr. Stitt's Address.

Rev. W. C. Stitt, Corresponding Secretary of the American Seaman's Friend Society, of New York, addressed a large congregation last night in the First Presbyterian Church. The meeting was opened with devotional exercises, led by Mr. John McLaurin. Mr. Stitt's address was of very great interest and displayed facts and statistics unknown to most of his hearers. He stated At a meeting of the Board of Di- that the American Seamen's Friend rectors of the Wilmington Savings of New York had been in existence in the interest of the seamen. They have now 14 foreign stations and 14 that this heavenly body is the idenhome stations, where services are had and missionary work done among the sailors. He spoke of the life of the sailor on board ship; his hard duties; his exposure to the wind and the weather and the waves: his liability to be called on deck at any hour during the twenty four to battle with the elements; the dan-The announcement is made that gers and distresses and diseases of the life; his sufferings and privations and, worse than all, the land sharks who lay in wait for their prey at every port. The estimate was that 5,000 sailors had visited this port during the year 1889 and that 1.400 of these came under the influence of low resorts. Mr. Stitt gave the average sea life of a man at 12 years and that of a fireman on All claims not consistent with the board of a large steamship at three

### "Don't Give Up the Ship!"

Don't surrender, although the fight be long and bitter, and results thus far but dismal failures. Old Bad Blood may yet be conquered and disease driven from the citadel machine is 60,000 per day. In addiof life. You have not used the proper remedy, or long ago you would have felt a change. You have tried this and that, a hundred bot. bean boxes and many other useful tles of this specific and fifty bottles things will also be turned out here, of that sarsaparilla, and feel you as also chair seats and backs and might as well have used so much with the engine which was built rain water for all the good effect they had. Why have you not tried B. B. (Botanic Blood Balm) made the whole machinery is in thorough in Atlanta, Ga.? Because it isn't advertised so conspicuously as other the Onslow road, near the Mineral remedies? Well, that's a poor reason. The greatest humbugs can afford the largest advertisements. As for B. B. B. try it, and if six bottles of this road has been completed to don't do you more good than all the Jacksonville and that the hands who other blood medicine you have ever taken, call it a humbug, a name that and by next Monday it will be in has never yet been applied to it by any one.

> Walter Bridges, Athens, Tenn., writes: "For six years I had been and his able corps of directors have afflicted with running sores and an exhibited the greatest amount of enlargement of the bone in my leg. I tried everything I heard of without any permanent henefit until Botanic Blood Baim was recommended warded. The following are the Di-

A Wilmingtonian.

The Monroe Enquirer has this to say of a gentleman who some years ago removed from this city, of which he is a native, to Monroe: "The many friends of Mr. C.H.Polley will ago he sold his residence here to Mr. A. J. Hargett and went to Ashebeing pleased with the prospect he has returned to Monroe, determined to wait for the boom. Mr. Polley is a good citizen, and we would have re

of Bethlehem is cropping up again. An exchange says: "Astronomical calculations show that we shall witness a most interesting phenomenon in the course of 1890. A sixth star will be added to the five fixed stars froming the constellation of Cassiopeia. This is commonly known as the Star of Bethlehem, and it will have been seen seven times since the beginning of the Christian era. It was discovered the last time it appeared by Tycho Brahe, in 1572, who described it as "a star of extraordinary brightness, which out shone the stars of first magnitude. and could be seen in the light of the day." But after three weeks the brightness faded, and after having been visible for seventeen month's it disappeared as suddenly as it had come. The star is on record in the annals of 1264 A. D., and of 945, A. D., during the Emperor Otto's reign. It has been supposed tical Star of Bethlehem, and it seems to appear once in about 315

The Industrial Manufacturing Company It is with great pleasure that we announce the completion of the work at the above establishment on yesterday evening and the machinery put to work for the first time. Everything worked beautifully and satisfied all present that Mr. E. F. Johnson, as manager, and Mr. E. M. Titus, the inventor of the Titus butter dish machine, are perfectly at home and know what they are doing. The two veneering machines work splendidly, and so far as we know the first piece of veneering ever turned out in Wilmington was made at these works yesterday. The first butter dish was given Mr. W. H. Bernard and the second to Mr. O. M. Fillyaw, and Mr. F. sold the first pound of butter in the new

ly-made dish to-day. The capacity of the butter dish tion to these, berry baskets, fruit plates, diamond market baskets, railroad car seats and backs.

Mr. Titus will remain only until running order. He is evidently a master workman and fully posted as to all that is required.

Wilmington can now boast of an other new enterprise inaugurated and conducted by Wilmingtonians, readiness to begin in earnest. The President, Mr. John D. Bellamy, Jr. zeal in the completion of this great work. May their labors be fully re-Struthers, J. W. Nobles, H. P. West,
